## SALTERGATE CHATTER—continued.

It is indeed a big disappointment to find ourselves in such a hopeless state with 17 matches still outstanding.

The irritating thing about it all is that on many occasions we have played much better than our opponents until it came to scoring goals.

The answer to most of our problems can be found in the goals chart. Five matches have now gone by without our Seniors finding the target.

No team can hope to do well unless some reasonable return in the shape of goals is forthcoming.

Our Reserves offer little encouragement of improving the position, for they, too, are shy when it comes to scoring.

Good players with goalscoring ability are hard to come by at the price we could afford to pay ; in fact our financial position is such that before any player is signed we must assure ourselves that he would meet the need.

It is no use signing players who are no better than the ones we already have on our books.

Over at Meadow Lane last week-end our Seniors gave Notts. County a hard fight, and it must be readily agreed that they came near to ending County's home record.

Whilst a certain amount of criticism can be levelled at our attack, it can be said without offering any excuses that they are really and truly out of luck.

Take the case of Keith Havenhand against the County. One of his shots had the home goalkeeper beaten to the wide, but the ball stopped spinning on the line and was cleared. A goal at that period would have made all the difference.

Our Manager, Mr. Dugald Livingstone, did not see the match. He was watching a player in a game in the North-East, but came away disappointed.

Whilst this was going on our Central League side was taking an 8-1 hammering against West Bromwich Albion Reserves at The Hawthorns. Young Kenyon, who appears to be a promising left-winger, scored our solitary goal.

Today we receive our friends from Swindon, who beat us 2-0 on their ground earlier in the season.

Although Swndon are not pulling up many trees this season, they are quite a workmanlike side, and are sure to give us a hard game.

Swindon have never reached any real heights in the Football League.

Admitted when the Third Division was formed in 1920-21, they did exceptionally well to finish with 52 points.

For years' however, they had a hard struggle to keep going, and three times they had to seek re-election.

The final season of the old set-up in 1957-58 proved to be the best in their history, for they finished fourth in the Southern Section of Division Three with 57 points—only three points behind Brighton and Hove Albion, who were promoted.

Since then, Swindon Town, like ourselves, have had a tough time of it, and only managed to escape relegation by the skin of their teeth.

Nicknamed “the Robins,” they have quite a reputation as Cup fighters. Twice they have managed to reach the Semi-Finals.
