## NEWS & VIEWS

Today we begin the last four matches of this season. Vital games they are indeed, all played within the space of eleven days — two home (counting today) and two away. Next weekend we visit London on successive days — Fulham on Good Friday and Orient on the Saturday. Then on the following Tuesday (24th April) comes the final game of the season, Hull City at the County Ground. One hopes by then our league position will be secure, otherwise a few unfortunate people will be 'sweating it out' while clubs below us in the league table complete their fixtures.

Certainly the results of the last two games have put a much brighter future on our position. Clubs below us in the table have, in most cases, games in hand, and some could possibly overtake us; but points count and we already have those. Matches in hand do not necessarily mean points. The point gained at Cardiff was doubly welcome, as it still keeps us four points ahead, although having played three more games.

Today's game, as well as being most important for us, will no doubt be a hard one. Millwall, always a strong side, have shown great improvement since Christmas as instanced by their great Cup win at Everton in January.

Last season when they visited Swindon they were strong candidates for promotion, being second in the league, with the following record: played 16; won 8; drew 7; lost 1; goals for 28, against 20; points 23.

Millwall certainly proved their position to be a true one by winning by two goals to nil. It was a hard match, but Swindon enjoyed a fair share of the game in the first half, Millwall taking control in the second and scored through Possee and Bridges (both of those players have since left the club). They did not gain promotion, being beaten at the very end by Birmingham. This season, strange to relate,

they started very badly (Swindon drew one each at the Den in December).

They have now recovered the form of last season, and occupy eleventh position in the table with 37 points.

Congratulations to Bryan King, who played in the England XI at Malta on Monday. A splendid goalkeeper, missed by Swindon.

One often hears the comment 'Football is a funny game.' Surely the win by Sunderland in the F.A. Cup Semi-Final proves that. Remember when Sunderland visited the County Ground on 20th January. They were nineteenth in the league table with twenty points. Swindon were in sixteenth place, with twenty-two points.

It was an extremely wet day, and Bob Stokoe really wanted the game abandoned.

Swindon led at the interval by the only goal scored. Then Frank Burrows was injured and had to leave the field. Sunderland equalised, and were happy to go away with a point. That injury proved disastrous for Swindon, as we lost five games in a row, and even now have not regained our form.

Sunderland, on the other hand, have gone from strength to strength. Apart from reaching the Cup Final, they have improved their league position to thirteenth with 34 points from 32 games. They will need to add a few more points to their total, but no doubt their thoughts will be on Wembley.

It is good to see a Division II team contesting the Cup Final.

Sunderland last won the Cup in 1937, when a Swindon lad (John Mapson) played in goal for them.

It's going to be after the Easter games before any positions are resolved at the bottom of Division Two. With only seven points still separating the bottom eight teams, so many end results are possible. Every team in this bottom section must be looking at each other's results to see if it has helped them at all. Some teams have the advantage of games in hand, other teams like ourselves have a few more points but have also played more games. Which is the best position to be in? I'm sure that only at the end of the season these answers will be forthcoming.

If any team in the lower region win all their remaining fixtures, then they are sure to stay up, with possibly the exception of Brighton, who are just a few more points further adrift. So our aim is to take as many points as possible from our remaining four games, which are Millwall today, away to Fulham and Orient, and then finally home to Hull City.

Last Saturday we came away from Cardiff with a very valuable point and well-deserved by our team. Although we had a poor first half our lads responded well to pull a goal back,

scored by Ray Treacy. This was laid on by a good pass by our substitute Richard Legg, who came on for Ken Stroud. On the return journey from Cardiff it was nice to see our coachloads of supporters on the motorway as we travelled back. Believe me, your presence is always noticed by our players.

Our youth team are second in the Midland Youth League after a hard fought 3-3 draw on Tuesday, 3rd April. We are now two points behind West Bromwich Albion with two games in hand, so if our lads can keep up the good form they have shown for most of the season, they must have an excellent chance of winning the title.

## PUBLIC RELATIONS

With only four Division II matches remaining, every point is still very vital. Millwall are always a hard team to beat and I hope you faithful supporters will give the lads your vocal support from the first whistle. This means so much to the team when the pressure is on, and I am sure you will oblige. Two points today will be welcome, and why not make a special effort to support us at Fulham on Good Friday and Orient on Easter Saturday? Rimes Coaches will be running the usual excursions, departing on Friday at 12 noon, fare 90p and Saturday at 12 noon, fare 90p.

Let us make a united effort and make sure of Division II football next year and at the same time make it a happy Easter.

Our youth team continues to do well and showed great character in fighting back against Coventry last week to score three goals in the last 10 minutes to win 3-2 after being two goals down. The last League table I saw showed the Youth Team second in the League and we hope they will continue the good work and eventually emerge champions. It is so important to any club to have promising youth on their books and we can only hope that with hard work and dedication and careful handling these lads will soon be challenging for higher honours.

The dreaded V.A.T. is now with us and although I am sure you will all appreciate that this 10% levy must be passed on to you, the directors have decided that as far as season tickets are concerned there will be no further increase. Season tickets remain at this season's price for next year plus only 10% V.A.T. So help the club by purchasing your tickets early.

Will all Rendezvous Club members please note that there will be a meeting of all members on Wednesday, 25th April, 1973 at 7.30 p.m. This is an important meeting — please make a special effort to attend.

F. L. COLLINGS,  
Public Relations Officer.

### SWINDON'S MINI-RESERVATIONS CENTRE

The box office of Swindon Town Football Club is a mini-reservations centre for Keith Prowse. The box office is installed with a computer terminal which is linked directly with a central Keith Prowse computer in Shaftesbury Avenue.

All the Keith Prowse allocations of seats in theatres, cinemas, sports arenas etc. have now been programmed on to the computer. Keith Prowse control over 40% of all London Theatre sales and have been in the business for nearly 150 years. They have, in effect, the best and widest allocations of seats of any ticket agency.

This means that the box office manager at Swindon Town has direct access to any of these seats without having to use the telephone.

All he needs to do when he receives an enquiry from a customer or an agent about the availability of a certain event is to press the relevant buttons. In a few seconds the answer is relayed via the teletype machine. If the seats requested are not available, the best alternatives are suggested. When the customer has made his decision, a sell button is pushed and within seconds the ticket printer prints out a ticket with all the information on it, as if purchased direct from the box office. The computer also automatically takes those seats out of circulation, so there is no risk of duplication.

Agents around Swindon can now make use of this new facility. It means that instead of those time-wasting costly telephone calls to London, Agents can now telephone Swindon Town and immediately find out the availability of seats. If the tickets are available, the Agent makes out his own ticket.

You would? — then make sure you buy your **Golden Goal** tickets at every first team home match. For a minimum outlay of only five new pence **you** could win at least £60 with the possibility of two further prizes of £10.

Last season nearly £2,000 was won by lucky **Golden Goal** ticket supporters. You could be one of this season's lucky winners.

The prizes **must** be won every time.

Tickets bearing the time in minutes and seconds will be on sale before the game — price five pence. The ticket with the exact

time when the **first goal** is scored will win **£60**. If exact time not claimed prize will be paid to the nearest claim received.

The ticket bearing the time when the **last goal** is scored will win **£10**. Again if exact time is not claimed the prize will be paid to the nearest claim received.

The Official Announcer will be the time-keeper and he will announce the official time of both goals.

Should only one goal be scored the winning ticket holder will receive £70.

In the event of no goals tickets bearing no score will win £10.

A further prize of £10 will also be given for the ticket bearing the number corresponding to the official attendance at the match.
