OLUB COMMENT by JOHN MORTIMORE

This afternoon we welcome in this Third Round F.A. Cup-tie at Fratton Park our Second Division rivals from Wiltshire, Swindon Town.

The thrills of the F.A. Cup are here once again. This is a tournament that every club, big or small, from Newcastle to Torquay and Workington to Brighton dreams of success on the road to Wembley, and we, at Portsmouth are no exception. Today, in the Third Round of the competition, the giants and the giant-killers line up in the greatest of all levellers in the world of competitive football. It is almost certain by late afternoon that some of the big names will be tumbled in the dust and some of the little clubs celebrating in glory. This is the F.A. Cup and that is why the competition holds the great attraction to us all on the road to the Final year after year.

A few weeks ago saw the use of the Pools Panel for the first time this season. At this time of the year the 'Panel' stands by to give the results should a large percentage of the matches be postponed because of unfavourable weather and playing conditions. Disregarding the present national crisis of the shortage of fuel and power, the question at this time of the year is always posed from every source, 'Should football have a midseason break?' Only last week I read in a National newspaper answers from a number of experienced managers and secretaries to this very question. Their answers were very much divided and I'm sure among your own friends the result would be much the same.

friends the result would be much the same. Personally, I believe a break in the season would be a good move for football, providing it was a long break, somewhere in the region of two months. A whole analysis would have to be taken over the last 10 to 15 years of football to determine what would be the best time of the year to call the break. I said in my programme notes against Bristol City that too many matches are played under poor conditions unsuitable for football. This game is all about skill and if players are unable to perform their skills because of icy and bad conditions then we must find an answer.

It would be impractical to stop for a period of less than two months because players would require a break before training and preparing for the second half of the season. A break of less would mean the players would have to keep in full training without playing matches. This, in itself, would be detrimental to the players' match fitness. There is nothing worse for a player to be training and practising without playing matches.

Everybody in football is looking to make the game more appealing and attractive to the spectators but I'm convinced watching football being played under icy and sub-standard conditions is no attraction at all. I watch matches all over the country sometimes from the stand or the touchline and often, at this time of the year, it is far from pleasant; in fact it can be very cold and miserable. In view of this I can fully understand the fans and spectators who wish to stay at home in the warmth and comfort of their houses especially if it looks

as though the game will be played on a frozen and icy pitch.

I have been an advocate for a number of years for football matches to be played in the evenings during the months of May and June. Conditions are ideal at this time of the year for players and spectators to produce and witness football at its best. It would not interfere with cricket which is often the criticism of football in those months.

I think that so much is weighted in favour of the break in the season and provided all the necessary 'homework' is done I cannot see why we would not acquire a marked improvement in crowd attendances and in the standard of football.

Let us give it a try—it is always better to make a decision than not to make a decision and never know. Why have we to be guided and ruled by tradition and things we did yesteryear? There has been advancement and progress in all walks of life so let us be sure that football is allowed to make the same progress and not be left behind.

Q. Do the supporters ever put you off?

A. No. A goalkeeper cannot afford to worry about the crowd, he must concentrate on the game at all times whether he is involved in the play all the time or not.

Q. Would you like to be a manager?

A. No. It is a very difficult job and you must have the right temperament and character to make a success of it. A manager is not always a popular person.

Q.Which is the most difficult ball, a high ball from a corner, or a rebound off a goal post?

A. The unsighted ball is the most difficult wherever it happens to come from.

Q. How many people are there in a wall, and do you direct it?

A. The average wall is between three and five people and another player organises the wall. At Pompey it is Bobby Kellard, he positions himself between the ball and the post, helped by me and then arranges the other players.

Q. How old were you when you first played for Pompey?

A. Sixteen.

Q. Did you ever play for England?

A. I played for England Youth.

Q. How do you train?

A. Goalkeepers train the same as other players but do additional training for such things as ballwork diving and sharpening of reflexes.

Q. When you have let two or three goals in do you give up?

A. I often feel like it but one shouldn't do. You can always pull goals back again.

Q. What do you eat before a match?

A. We go to an hotel for a meal of steak, toast, tea and tinned peaches.

Q. Who has the hardest and best-aimed shot in the Pompey team?

A. They all have good shots but amongst the strongest are R. Reynolds, K. Foggo and B. Lewis and B. Wilson.

Q. How do you spend Saturday mornings?

A. I stay in bed until 10.15 am, get to the hotel for a meal at about 11.45 am. If we are playing away we go for a walk before we eat.

Q. How did you feel playing against George

A. I take one player as being as good as another so personalities do not enter into it.

Q. Have you any ambitions in football?

A. To play in Division I again.

Q. What year did you become Pompey's goalkeeper?

A. 1959/60.

Q. Do you prefer a hard or a soft pitch?

A. I like a firm pitch.

Q. What was the highest score against you?

A. We lost to Wolves 8-2.

Q. What qualities do you need to be a goalkeeper?

A. You need an ambition to be a goalkeeper and not a field player plus agility and the ability to concentrate.

Q. Would you like your son to be a professional footballer?

A. If he was good enough to make the top grade, yes; but otherwise, no. Football is a very tough career, full of heartaches, injuries and problems of all kinds. It does have compensations like travelling around the world, fame etc. but I think I would rather my son settled in a good steady job.

Q. Would you welcome a change in the offside rule?

A. No. A change in the offside rule would enable players to stand too close to me and block my line of vision.

Q. At what age should a first class goalkeeper retire?

A. Around 35/36.

Q. What decided you to become a goalkeeper?

A. My grandfather was a goalkeeper and I played the same position from the age of seven, so you could say it was decided for me

Q. What do you feel like before you have a penalty taken?

A. Like getting a hammer and nails to board the goal up! I try to remember how that particular player takes a penalty and decide where it is likely to go, it is no use waiting until he has kicked it.

Q. What does your working day consist of?

A. During the week we train from 10 am to 1230 pm.

Q. Who is your favourite player?

A. Jimmy Greaves.

Q. Have you ever saved a penalty?

A. Yes

Q. Do you prefer to play in daylight or under floodlights?

A. I prefer to play in daylight but the new floodlights that we have are almost as good as daylight.

Q. What is your favourite team?

A. West Ham, Spurs.

Q. What are your hobbies?

A. My business; and my family, a girl and a boy ages five and three and golf.

Q. What is the attitude of your team when you save a penalty?

A. Very pleased.

Q. Do you think that goalkeepers are sufficiently protected today?

A. Yes. Sometimes over-protected.

Q. Have you ever taken a drop-kick and scored?

A. No.

With the F.A. Cup upon us once again, Second Division clubs must be looking forward to it with just a little more hope than, perhaps, they have previously. It is always widely acclaimed that the Cup will go to a First Division side and, of course, this has been proved right, at least until last season.

Many people thought Sunderland's win was a fluke last year, and if the match was played again five times over, Leeds would win all five encounters. This, however, is just speculation, the fact of the matter is that Sunderland won when it mattered and made a breakthrough for the smaller clubs and, indeed, did football a power of good.

The possibilities of Sunderland doing it again must be very remote, not because they are not good enough, but they had tremendous motivation last season most of which was attributable to a new manager, Bob Stokoe.

Luton, of course, went very close reaching the Sixth Round but they have a tough start away to Port Vale. Middlesbrough can't be too happy going to Grantham but I think the North-Easterners will survive.

Orient, at home to Bournemouth, Millwall who always seem to pull something out for the Cup as the League Cup exploits this season prove, must be happy with a home tie with Scunthorpe United, and Notts. Forest manager Allan Brown knows what it's like to be at Wembley. These clubs, perhaps, could be the most successful from Division Two.

Ten Second Division clubs play one another which means that five will definitely go through the next Round. So let us stick our necks out and list the teams from our Division who should go through to the next round.

Orient, Carlisle, Bristol City, Aston Villa, Luton, Portsmouth, W.B.A., Fulham, Millwall, Notts. Forest, Crystal Palace and Middlesbrough.

That looks a formidable group, but knowing the F.A. Cup it will probably look nothing like that. But we all think we can win the Pools don't we?

Montgomery's miracle save that helped Sunderland carry away the Cup.

SWINDON TOW

Les Allen

Les Allen has a fight on his hands. He has a fight to prove his reputation as a manager and he has a fight to keep Swindon Town in the Second Division.

Les Allen joined Q.P.R. in 1965 from Spurs for a then record club fee of £21,000. He contributed to Q.P.R.'s rise through the Divisions and played in the League Cup winning team of 1967.

Then in the middle of their fateful season in the First Division in 1968-69, Les Allen took over the managership after Tommy Docherty's 28-day reign. He bought Terry Venables for £80,000 and Vic Mobley for £50,000, but Q.P.R. went down. Seasons 1969-70 and 1970-71 saw Q.P.R. in the middle of Division II. This wasn't good enough for Chairman Jim Gregory and in early 1971 Allen was dismissed and replaced by Gordon Jago.

Les Allen then spent a while in the Southern League with Woodford Town before becoming Chief Scout for Swindon under his former colleague Dave Mackay.

Not long afterwards Mackay moved to Notts. Forest and as at Q.P.R. a few years earlier the internal appointment of Les Allen was made.

And what of the prospects for Les Allen and Swindon Town? When Les Allen took over the reins on November 10, 1972, Swindon were in 16th position in the Second Division. In that position they finished the season.

Since coming back into the Second Division, Swindon have finished 5th (1969-70), 12th (1970-71) and 11th (1971-72). So on the face of it respectability in the Second Division should be maintained.

However, the end of last season saw a mass exodus of many experienced players: goal-keeper Peter Downsborough is in dispute with the club; Don Rogers went to Crystal Palace; Roger Smart and David Dangerfield to Charlton; Peter Noble to Burnley; Steve

Peplow to Forest; and Ron Howell to Brighton. Moreover, most of these players are mid-field and forwards. Thus Swindon still retain their very experienced back line of defenders, but are now relying on youngsters in mid-field and up front and the fortunes of Swindon Town largely depend on the quality and speed of maturity of these youngsters.

The season started well: 2 wins and a draw and 2nd place in the League. However, since then points and goals have been hard to come by and before last Saturday's game Swindon Town had plummeted from one from top in the Second Division after 3 games to one from bottom after 11 games. A mere 2 points and 2 goals from 8 games. However, manager Les Allen must hope that last week's 1-0 win against Oxford will mark the end of this bad run and start a speedy climb for Swindon Town out of the relegation zone of the Second Division.

GOALKEEPERS

JIMMY ALLAN. Born Inverness and signed as an 18-year-old by Fred Ford 2 years ago, having been turned down by other clubs including Aston Villa. Prior to this season was deputy to Swindon's established 'keeper Peter Downsborough and only had 20 appearances to his credit. Downsborough is currently in dispute with the club, and this season Allan has held the No. 1 goalkeeping spot.

THEIR MANAGER AND HIS TEAM

ALAN SPRATLEY. Born Maidenhead. Close season signing from Queens Park Rangers, where he was required to compete against Phil Parkes for a first team place. Parkes' brilliance restricted Spratley's League appearances to 29.

DEFENDERS

JOHN TROLLOPE. Born Wroughton, near Swindon. Joined the club from school and has become its longest serving professional, signing in August 1960. Since his League debut at the age of 16 he has made over 600 appearances for Swindon. Has won the same club honours with Swindon as Rod Thomas.

JOE BUTLER. Born Newcastle. Since joining Swindon from Newcastle in August 1965 has made over 300 appearances. He is also one of the senior players who contributed to Swindon's successes in the late 60s. A tenacious player whose speed and ability amply make up for his lack of inches.

FRANK BURROWS. Born Larkhall, Scotland, Frank Burrows is another very experienced Swindon defender who won club honours with Swindon in the late 60s. First with Raith Rovers and then with Scunthorpe United for 3 seasons, he has since made over 200 appearances for Swindon.

RON POTTER. Born Wolverhampton. He started his career with West Bromwich Albion as a centre-half, where his opportunities were limited. Transferred to Swindon November 1970 and made 40 League appearances last season.

KEN STROUD. Born London. Signed as an apprentice in 1967 and as a professional in 1970. Still only 20, he is rapidly becoming a contender for a regular first team place in the back four. Towards the end of last season made 5 first team appearances and this season has already played 6 times for the first team.

MIDFIELD AND FORWARDS

RAY BUNKELL. Born Tottenham. Joined the club June 1971 from Tottenham, where he was a regular Football Combination player. He also played for the England youth team. Has made 51 League appearances for Swindon, 22 of them last season, but has yet to clinch for himself a regular first team place.

MICK McGOVERN. Born Hayes. A former amateur player, he was manager Les Allen's first signing from his old club, Q.P.R., in February 1973. Made 8 appearances for Swindon last season. This season has so far not managed to establish himself as a first team regular.

TOM JENKINS. Born East London, Tom Jenkins was signed on October 30th last year from Southampton as a replacement for Don Rogers. Played for Orient, Reading and Southern League Margate before joining the Saints for a substantial fee in December 1969. Made 96 League appearances for Southampton. Had a patchy season with Swindon last year, playing only 14 League games and scoring no goals. This season he is playing more in mid-field and also broke his scoring duck for Swindon with a goal two weeks ago against Luton.

DAVID SYRETT. Born Salisbury. A 17-year-old youth team player who made his debut earlier this season at Nottingham against the Forest (Swindon losing 2-0). Has been sub. 6 times this season.

MICK COLLINS. Born Johannesburg. A free close-season signing from Wolves. Has made 2 first team appearances so far for Swindon: v. Nottingham Forest at home in the League and v. Chesterfield in the League Cup.

TRANSFER RECORD

SERIES No. 13 1950 to 1952

After winning the League Championship in each of the previous two seasons, Pompey remained one of the country's top teams. Basically, the Championship teams remained intact except that Phil Rookes, Bill Hindmarsh, Reg Flewin and Ike Clarke had either departed or were no longer regular members of the first team.

Among the newcomers drafted in by manager Bob Jackson were Gordon Dale, Jackie Henderson, Jimmy Stephen and Marcel Gaillard.

RECORD FEE FOR DALE

In June 1951 we paid our then highest fee of £20,000 to Chesterfield for their stylish outside-left Gordon Dale who, during the previous two seasons had attracted scouts from practically every First Division club.

Dale didn't immediately gain a place in our first team, though, partly due to a string of crippling injuries. In fact, it was about three years before he properly settled down to First Division football. Then he became a big favourite of Fratton Park fans. He left us in 1957, after playing 115 League games, to continue his career with Exeter City.

THREE INTERNATIONALS

For the third season in succession, three Portsmouth players won International caps—a club record. In 1949/50 Jimmy Dickinson, Jack Froggatt and Peter Harris had all played for England, though not in the same game.

The following season we had Dickinson and Froggatt in the England team, while Jimmy Scoular won his first Scottish caps.

In 1951/52 Dickinson was joined in the England team by Len Phillips, while Scoular held his place in the Scotland team.

ANOTHER INTERNATIONAL

Another International in the Pompey team was full-back Jimmy Stephen, a classy defender signed from Bradford P.A. in 1950. Jimmy had captained Scotland during the war, making his debut against the great Stanley Matthews at Wembley in 1944. After the war he won two full caps.

BOB JACKSON LEAVES

It was in 1952 that manager Bob Jackson left the club after five years in charge. During his reign Pompey had twice won the Championship and had produced some outstanding footballers as a result of his coaching.

AFTER THE MATCH COME OVER TO OUR TEAM

We're Alfred Marks. And we're looking for men who want local work—either temporary (one day to one year) or permanent, skilled or unskilled. We've got the pick of the jobs and the money is great.

Call Graham Tett, 146 Commercial Road, Portsmouth PO1 1EX, Portsmouth 23215;

Lloyd Gill or Lee Manser, 178 West Street, Fareham, Fareham 82921

or ring your local branch.

What are your promotion prospects this season? Could be better?
They'll be a lot better at Ultra, so why

not call or give us a ring? We need labourers, storemen, assemblers, inspectors and trainee fault finders. The money's good, and so are the conditions and fringe benefits.

Call Margaret Kirk in our Personnel Department, for further details.

AROUND THE PARK

The match at Sunderland which was postponed on Tuesday, October 23, has now been rearranged for Tuesday, February 5. Kick-Off 2.00 p.m.
There is still no date fixed for the match against Nottingham Forest.
Other matches which still need to be arranged are three in the Mid-Week League, Brighton and Orient at home and Orient away from home. It is hoped that firm dates for these outstanding matches will be known in the near future.

The Club's Christmas Party was held this year in the Chairman's house at Southampton. All the players' children, staff children and Directors' children attended, and to throw his house open to kids as he did was more than a little stoical to say the least. If nothing else the Portsmouth Football Club must be top of the League in the fertility rites because no less than 65 children came along. In view of those numbers the patience of Mr and Mrs Deacon was quite remarkable, especially when one looks at their beautiful house.

Once again the children were given marvellous presents. The gifts were chosen by the Directors' wives who also did all the wrapping up and labelling, and we are very appreciative.

Just a warning for 12 months hence. The people of Bedhampton village had better be warned. The party next year could well be held at the home of Vice-Chairman Mr David Sparshatt

(although he and his wife have not been told yet!!!).

With the current problems over the power and everyone going to bed early who knows what the numbers will be next year.

YOUR HELP IS NEEDED

We are still looking for agents who are prepared to help with Fundraising which is starting to increase. The Floodlight Jackpot is still very popular with Two Five-pound prizes every night and a £25 and £50 prize every Saturday (and still only 5p).
