It is with great pleasure that we welcome Wolverhampton Wanderers to the County Ground tonight.

They are one of the 12 founder members of the League and have produced many top players and two of the best managers in the game. Major Frank Buckley (of Monkey Gland fame)

and Stan Cullis.

The last time we met Wolves was in season 1907/08 in the Third Round of the F.A. Cup at Molineux and were beaten 2-0. One consolation however was the fact that Wolves went on to win the Cup beating Newcastle United 3 - 1 at Crystal Palace. Among eight local lads in the Wolves team was a young Oxford student son of a vicar, who played at right half, and later that year was himself ordained and as the Rev.K.G.R. Hunt made several appearances for England at amateur and full international levels. Swindon were then a Southern League team and fielded the familiar names to older supporters as: Ling, Gill, Walker, Tout, Banister, Chambers, Johnston, Fleming, Rushton, Lyon, Heppinstall. A Swindon player Tom Phillipson who joined the club from Newcastle United in 1921, made 87 appearances scoring 25 goals was later transferred to Wolves and helped them win the Third Division at the first attempt in 1923/24. He was later to become Mayor of Wolverhampton. Two other former Swindon players who are more well-known to present day supporters and who joined Wolves in 1965 were Bobby Woodruffe (now playing for Newport County) and Ernie Hunt (now playing for Atherstone Town). Both helped Wolves regain First Division status in 1966/67.

Among Swindon players signed from Wolves include:-

Billy Lucas, signed by manager Ted Vizard (later manager of Wolves) in 1937 and transferred to Swansea Town in 1948. Bill is now General Manager of Newport County.

Ted Maguire (outside-left) signed by Louis Page in 1947 and played in Town's successful cup Ted played for Wolves in 1939 Cup Final, which was surprisingly beaten by Portsmouth 4 - 1.

Ted Batchelor (centre-half), signed by Louis Page and made occasional appearances at Lefthalf, kept out of the first-team by "Big George" Hudson. Now runs a business in Swindon. Peter Eastoe (centre-forward) signed by Danny Williams after having considerable success on loan in 1973/74

My first memories of Wolves were those marvellous floodlit games at Molineux against Spartak (Moscow) in November 1959 and Honved (Hungary) in December 1954. Football at that time was at a low ebb after 6 - 3 and 7 - 1 wins by Hungary over England, but the Wolves sent British prestige soaring, and those games were a fore-runner to major European competitions. Wolves were than managed by Stan Cullis a former centre-half who retired at 31, a strong vigorous, authoritarian and devoted to the long pass and the direct route, He guided the club to three league championship wins and two FA Cup victories, but in 1964 was surprisingly dismissed.

Bill McGarry is now Wolves manager, wellknown as a strong, forthright character. He has played for Port Vale and Huddersfield and has managed Bournemouth, Watford and Ipswich. His trainer-coach is Sammy Chuny, Abingdon a well-known player with Reading, Norwich and Watford.

May tonight's game be as exciting and hard fought as those floodlit games in the "fifties".

Now for a very sad note indeed a former Director and Vice-Chairman of Swindon Town F.C. Mr. R. J. Parker died last week. A wonderful solicitor, with an outstanding brain, "Ronnie" Parker, was a very live wire, when a member of the Board. Everyone connected with the Club, extends their Deepest Sympathy to his widow and children. Recently the subject of "Barracking" has been in the news. It is something which everyone in the public eye has to face, be they Entertainers, members of Public Bodies, Councillors, and even Football Directors. I can well remember, when certain Directors were given the "bird" unmercifully, yet they were men who worked almost night and day for the club, without any thought of reward. Such players as Billy Lucas, Bob Edwards and Roy Onslow came in for the treatment. Even Test Cricketers meet it.

Talk of the Town

By the Chairman

Tonight we welcome one of the foremost clubs in the country. The Wolves have done more than any club to promote International relationships. Like all clubs they have had their disappointments, but their records over the years are something to be proud of. To have supplied two of the most prominent centre halves in the history of our International teams in Stan Cullis & Billy Wright is unique.

We have a tie with Wolves, in as much as Bill McGarry their manager lent us the services of Peter Eastoe and finally agreed to transfer him to us. I am sure Peter is looking forward to this game.

Our win at Millwall was really justified and this plum round to follow, shows how important one game can become, both for success of the team and also very important, from the the financial side of things.

If we are to survive as a formidable league team, then we must get reasonable support from our followers. I agree that our results at home have been disappointing, although everyone that attended those games must agree, that we should have taken those points. Our away performances at Walsall and Millwall have been excellent, we can only surmise that it is possibly holidays etc, that has left our home support so low.

Our youngsters have played away this time being narrowly defeated by two goals by Norwich. Maurice Owen was very pleased with the performance of his young side.

Our Midland Youth side opened their programme with an away game at Birmingham and lost by a penalty, 1 goal to nil.

Our first game at home in this competition is against Derby County on Wednesday 10th September which is in fact tomorrow. When you read these notes.

This game we are playing on the County Ground and I am sure that our senior citizen followers and others not at work on this afternoon will find this an attractive fixture.

This is the first season that Derby County have participated in this league. They have taken the place of Notts. Forest.

The next game we have at home after this for the youth team will be against Aston Villa, but the date 23rd September has to be confirmed yet. We will try and keep you informed of these home fixtures, because I know that a lot of followers are interested.

Graham Drew our Commercial Manager is making a drive to increase our Moonraker & Bingo members. We need agents and in this day and age when so many people are looking for ways and means to increase their incomes, this is certainly a lucrative proposition and at the same time as they are helping themselves they are helping Swindon Town Football Club.

The prize money to be won each week is very attractive so both to buy and sell will help our club.

Hope this will be an enjoyable game and thanks for coming.

DEREK PARKIN (Defender) Though spending most of his career as a left-back, Derek has switched sides this season to facilitate the inclusion of newcomer Bob McNab. A heart complaint kept Derek out for almost a season three years ago but he has made a full recovery. He learned his game with Huddersfield and Wolves had to pay £80,000 to sign him in 1968. Derek won five England under-23 caps. League Record: Huddersfield 60 (1) aps., 1 goal: Wolves 272 aps, 6 goals.

JOHN McALLE (Defender) John has been a fixture in the Wolves' defence for over five years. His first chance came back in 1967/68 but it was after teaming up with Frank Munro in 1970/71 that he began to develop into the so-sound defender he is today. League Record: Wolves 217 (13) aps.

WILLIE CARR (Midfield) A £100,000 bid secured Willie's transfer from Coventry on the eve of last season's deadline. Willie was capped by Scotland on six occasions after making his Coventry bow in 1967/68. League Record: Coventry 245 (7) aps., 32 goals, Wolves 15 aps., 3 goals.

ALAN SUNDERLAND (Midfield) Alan had the misfortune to break a leg last season just as he was hitting peak form. Now he has made a full recovery and hopes to resume where he left off. He is an England under-23 international. League Record: Wolves 62 (17 aps. 12 goals.

JOHN RICHARDS (Striker) John won an England cap at the end of his best season 1972/73 when he scored 33 goals. Injuries have since troubled him from time to time but he has begun this season well with goals against Stoke and Q.P.R. League Record: Wolves 148 (12) aps., 65 goals.

BOB McNAB (Defender) Bob still has nightmares about the last time he faced Swindon in the League Cup! He was Arsenal's left-back at Wembley in 1969 when the floored the Gunners 3-1. Arsenal surprisingly allowed him to leave on a free transfer this summer but he is continuing his First Division career at Molineux. He began with Huddersfield, transferred to Arsenal for £50,000 in 1966 and later won four England caps. League Record: Huddersfield 68 aps. Arsenal 278 (1) aps, 4 goals, Wolves 4 aps.

Many of his early appearances for Wolves were as substitute but he seemed to be working his way back last season and now he has won himself a permanent place. League Record: Huddersfield 23 aps., Wolves 35 aps.

GERRY TAYLOR (Defender) A Wolves' discovery, Gerry came into the side in 1966/67. He has the advantages of being able to play anywhere in the back four and he recently deputised at centre-back for the injured Frank Munro.

FRANK MUNRO (Defender) Frank began his career with Dundee United and then had a couple of seasons with Aberdeen prior to transferring to Wolves in 1968. League Cup Scene by Tony Pullein

Wolverhampton Wanderers are one of the more successful clubs in the League Cup competition. They won the trophy at Wembley two years ago, beating Manchester City 2-1, and reached the semi-finals in 1973. But last season, when they had hoped to enjoy another good run, they were beaten at home 1-3 by Fulham at the first stage.

This season's competition has thrown up one or two unpalatable truths. The competition's lowest attendance figure, which had remained unchallenged for 14 years until being smashed last season, has already been broken four times in this season's first round.

The previous low was 1,570 set up last season for a second replay between Gillingham and Bournemouth on Brentford's ground. Smaller crowds this season were reported from Halifax (1476 v Hartlepool), Southport (1,501 v Stockport), Workington (1,462 v Oldham) and Scunthorpe who set the new all-time low when only 1,412 turned up for their second leg against Mansfield.

Part of the season for the decline could have been the fact that, in the case of the last three, they were second leg matches which had all been virtually decided by big scores in the first game.

Yet, if that could be used as an argument against continuing the experiment of home-and-away ties, the majority of the second games produced larger crowds. Blackburn, beaten 0-2 at Preston before 11,503 spectators, drew the round's top gate of 14,077 for the return. And Brighton, two trailed 1-2 to Brentford, had 11,000 for their second meeting.

Lincoln's John Ward claimed the highest personal total of the round when he scored all four goals in the Imps' 4-2 win over Chesterfield.

George Jones (Oldham) and Fren O'Callaghan (Doncaster) both claimed hat-tricks.

Tranmere's Ronnie Moore scored three over two games to join the competitions' leading scorers.

Cambridge suffered a samiliar fate when they lost 1-4 on aggregate to Charlton — they have yet to win a game in the League Cup! And Aldershot, who have never lived beyond the second round, will have to wait at least one more year to do so — they were knocked out by Portsmouth.

Best win of the round was Mansfield's 6-0 aggregate over Scunthorpe. Next best was Oldham's 6-1 success over Workington.

HISTORY OF WOLVES

Wolverhampton Wanderers Football Club is one of the oldest in the country and is naturally proud of its long tradition in the game, especially as it can claim to be one of the original twelve clubs to form the Football League in 1888. The club actually started to play football in the year 1877 on a playing field at Goldthorn Hill, within easy reach of the centre of the town. The first skipper was John Baynton with George Worrall as secretary. Making its debut the club was known as Blakenhall St. Luke's but it quickly joined forces with the Wanderers Cricket Club to amalgamate under its present title. It is interesting to note that two of the young men who helped to form the club, John Baynton and John Brodie, were members of the side that competed in the Final of the F.A. Cup at Kennington Oval in 1889.

Before joining the Football League, the Wanderers took part in many of the big games in the Midlands. One of the most important matches was against the premier team in Wolverhampton, Stafford Road, whom they beat to the tune of five goals to one.

From that victory the Wanderers became the accepted champion team of Wolverhampton, and the star of Stafford Road just as steadily declined.

In 1884 Wanderers found a new home at Dudley Road, and the first trophy to come their way was the Wrekin Cup.

Wolves first entry in the F.A. Cup was in 1883-84, when they defeated Long Eaton Rangers 4-1 in the first round but lost 4-2 in round two to Wednesbury Old Athletic.

Wolves have appeared in no fewer than ten F.A. Cup Semi-Finals and eight Finals. They triumphed on four occasions in 1892-93, 1907-08, 1948-49 and 1956-60, and were runners-up 1888-89, 1895-96, 1920-21 and 1938-39.

And now to the League, Wolves played in the First Division until 1905-06 and were relegated to the Second Division, where they remained until 1922-23 when they again suffered relegation, this time to the Northern Section of the Third Division. One season only was spent in the Third Division, the championship being gained with 63 points. Eight seasons later Wolves were back with the seniors until relegation came along at the end of 1964-65.

When Wolves came back into the First Division it proved an eventful season. It was not until the last day that they knew they would remain in the premier league, to do so they defeated Everton at Molineux in a thrilling struggle after being in arrears at half-time.

Record attendance for the ground is 61,315 at the F.A. Cup-tie v. Liverpool, February 11th 1939. Molineux is one of the most modern grounds in the country with covered accommodation As records show, the last few seasons before World War II, and since, have seen the Club at its best in the League and Cup. Crowds got bigger and bigger and are in complete contrast to those experienced when Wolves first moved to Molineux in 1889.

With the outbreak of war in 1939. Wolves lost practically all their players who joined the various Services all over the world, While participating in wartime football, Wolves fielded a team of young players strengthened by regular members who were on leave from the Services. In 1941-42 Wolves won the Football League War Cup, and another war-time success was the winning of the Midland Section of the Regional League.

It was during the war that Major Buckley who joined the club in 1926, left to become Manager of Notts. County in 1944.

His successor was Ted Vizard of Wales and Bolton Wanderers renown until 1948 when Stanley Cullis, the former International and England captain, was appointed Manager, a position he held until September 1964. Andy Beattie, of Preston North End and Scotland fame, was team Manager for twelve months from October, 1964.

Mr. J.T.(Jack) Howley, General Manager and Secretary, retired in May 1969. He had been associated with the Club since 1923 and on retirement was made a Life Member of the Club. In June 1969, Mr. Phil Shaw, who joined the Club in 1952 was appointed Secretary. Ronnie Allen, English International, and former player of West Bromwich Albion and Crystal Palace, joined Wolves from Crystal Palace as coach, in March 1965 and was appointed Team Manager in July 1966.

Bill McGarry, English International and former player of Port Vale, Huddersfield Town and Bournemouth (Player Manager), also Manager of Watford and Ipswich before joining Wolves as Manager in November 1968.

Yeoman service was given to the club by Mr. Jack Addenbrooke who was Secretary for 37 years prior to his death in September 1922. Billy Wright joined Wolves straight from school in 1938 and played for the club until his retirement as a player in August 1959. During this period he was Club Captain from 1947 and from 1948 was Captain of England, making 105 International appearances for his Country between 1946-1959.

John Richards

Bill McGarry (Wolves Manager)

Bill McGarry has guided Wolves to the brink of success on many occasions but, as luck would have it, he has only won one trophy so far — the League Cup in 1974.

If any manager deserved to win that top award it was him. His first managerial appointment was with Bournemouth in March 1961 and, after saving them dramatically from relegation, he twice took them to the brink of Division Two. He then spent one season with Watford – they missed promotion by two points – and made his first big break-through when leading Ipswich back to the First Division in 1968. It was only a few months later that he took over his present position at Molineux.

Mr. McGarry's playing career spanned 586 Football League games for Port Vale, Huddersfield and Bournemouth and four games for England.

He made his League debut for Port Vale during

the first post-war season and moved to Huddersfield in 1951. During 1952/53 when Huddersfield won promotion to Division 1 he was one of a six-man defence to remain ever-present throughout the season; this is believed to be the only case of its kind on record.

McGarry was a member of the England side which reached the quarter-final of the World Cup in 1954. Altogether he won four caps at wing half

When he initially joined Bournemouth it was as player-manager. He wanted to fill a similar role with Watford later but Bournemouth demanded a transfer fee if he was to play for the Hornets and the two clubs never reached agreement. So his playing career died an unnatural death.

McGarry was offered the Wolves job a couple of years before he arrived but, on that occasion, Ipswich refused to release him from his contract.
