Chairman's Notes

Still we cling to our precarious hold on Third Division football. Remote though the prospect may be, survival still remains a possibility even after the loss of the home point against Walsall last Tuesday night and though it is difficult to put from one's mind the earlier events of a thoroughly disappointing season. I think it is right to pay tribute to the character and the spirit shown by the side under John Newman's constant urging, at a time when the cause seemed completely lost.

What we are left with, of course, is a situation in which we have to wait for results other than our own to decide our immediate destiny. Also, the team's commendable end of season effort is bound to bring to mind a number of occasions when points have been needlessly lost — indeed in sufficient number to have made our current struggle so unnecessary.

But also, if our supporters needed any reminder of the sort of ill-luck which has contributed to the situation, then surely Tuesday's match provided just that. It is true that poor finishing has cost us dearly this season and Walsall, too, enjoyed the benefit of some waywardness by the Mariners in front of goal. But there were a number of occasions when only an unfavourable bounce robbed the Town — as it has on many occasions in this frustrating season.

All of this is not to excuse the many below par performances which have contributed to our parlous situation. However, the current form of the team is such as to make a mockery of the fact that we may be on our way into Division Four and, in those circumstances there will be many people thinking back over the campaign and saying: "If only"

What was evident against Walsall was the new confidence within the team. From it stemmed some of the best football we have seen throughout the whole Blundell Park programme, and if Town can reproduce that sort of performance again today, then at least they will sign off the season at home with some degree of credit.

There follows the last match of the season, away at Reading, and if the relegation issue is indeed extended to the last moment what a tremendous climax that game could prove to be. We have to wait and to see beyond this afternoon's meeting with Swindon, what remains of our survival prospects. We can but hope.

SUPPORTERS ASSOCIATION NOTES

I suppose that anyone connected with Grimsby Town is used to the ups and downs of football and after losing a point against Walsall it would now appear that our last faint hope of avoiding the drop has gone. Certainly it is not a mathematical certainty so we must hope that the Town will strive for maximum points from our last two games in order that any lifeline may still be grasped.

I do not think that anyone, however critical, could complain of the effort displayed against Walsall coupled with some good football which was nothing like that usually given by a relegation bound team. The support from the crowd was excellent and I hope that equal efforts by all concerned today will bring two points which will still be vital. Let us all go to it. If the worst does happen then it is of the utmost importance that no-one at Blundell Park thinks of the Mariners as a 4th Division outfit.

Since Mr. Newman took over at Christmas he appears to have restored morale and got the Town playing again. There appears to be a great team spirit and in my opinion this man must be given the backing of everyone, and by that I include Directors, Players, Staff and Supporters. I believe the Town are at present a better team than that taken over by Laurie McMenemy, and we all remember what he achieved. John Newman could do even better, because in this area there is a desperate wish for Grimsby Town to do well. We have nearly half a million people within 50 miles of Blundell Park and even in these inflated times we can draw on enough support for a team in the top class. That must be our aim for the future and as far as the Supporters Association is concerned we will keep working to provide cash for Grimsby Town. Our lottery runs throughout the year and all profit we make gets to Town F.C. eventually. Your support is important. Help us to help the Town.

The 'Player of the Year' award votes have now been counted and we hope to announce the winner shortly. Subject to permission being granted and one or two other factors being resolved it is hoped that the presentation will be made either before or at half time when the Juniors play Middlesbrough in the 2nd leg of the Northern Intermediate League Cup Final on May 19th. Incidentally no less than 13 players who have appeared for Town this season have received votes, which shows how opinions vary.

Finally on a happy note, I do hope there will be a big attendance when the Juniors play that Cup Final. They deserve a big hand for their achievements this season. So turn up to shout them on. Remember they are the future of the Club.

So let's see you all there and turn up next season. Who knows we may well have a "Full House" saluting the champions. It could happen. Do your part to make it happen. Have a good summer. P. DIXON
