Mick's Point of View

Needless to say I was thoroughly disappointed with the result of last Saturday's game at Reading. Not just disappointed with the result, but also the way we performed. Recently we have been playing really well, both at home and away, and it didn't need me to give much of a reminder to the players of the importance of last Saturday's game. Obviously we were looking to be top of the 3rd Division last Saturday night. Before the game you try to prepare in what you consider to be the best possible way, all leading up to, of course, 3-00 p.m. on Saturday afternoon, when you expect the players to be nearly bursting out of their shirts to get out on the field. This was the build up we wanted for last Saturday, but by five past three it was very obvious the way things were going, and we needed a shake-up at half time to change things. The shake up happened, but unfortunately it did not change much.

From time to time every team, no matter who, seem to have what can only be described as an "off day." I don't think it should happen, but it does. For the remaining thirteen games we must make sure that we do not put on a similar performance. **WE WANT TO BE A GOOD TEAM EVERY WEEK.**

I was bitterly disappointed at the end of the game, not only for our performance, but also for all the fans who travelled such a long way to support the team. When they don't get anything to shout about, or very little, it hurts me, because we have a good lot who very rarely cause any problems, usually only wanting us to play well, and obviously succeed. Thanks very much for your support — there are thirteen games to go!

Congratulations must go to our Reserve team and Youth team, who last week played Liverpool Reserves and Middlesbrough Juniors, two of the "giants" in their respective leagues. Both teams drew their matches, achieving very creditable results. When we left last Friday we had to take just about all our fit senior players with us, which in turn weakens the Central League team, and that in turn weakens the Junior team. It does, of course, give the younger players a chance to sample life in a higher sphere of football, which can probably do them good providing the result is right.

Welcome this afternoon to Swindon Town Football Club, they seem to be getting back on the rails a little after their somewhat surprisingly poor start to the season. I hope today's game is very entertaining for all of you to watch. Thanks again for your support.

TOWN WELCOME

A 5-2 win over Sheffield United last week lifted the gloom around Swindon's County Ground as they moved out of the bottom three, a position to which they had returned after losing their previous three games.

Despite their lowly League position Swindon are still a useful outfit as they showed when beating us at the County Ground in September and throughout their history they have made a habit of creating surprises of both kinds.

Whilst still in the Southern League they twice reached the semi-final of the F.A. Cup before the First World War. They were members of Division Three (South) throughout its existence from 1920 to 1958. Then after being allocated to the new Division Three they twice won promotion, their 1969 success being allied to a remarkable League Cup Final win over Arsenal at Wembley.

A year later they came within striking distance of Division One when finishing fifth in Division Two and also won the Anglo-Italian Cup for good measure.

They slipped back into Division Three in 1974 and after narrowly missing promotion a year later they came close to slipping into Division

Four a year after that. Two seasons ago they made another promotion bid that ended three points short and last season they were in third place at the halfway stage after beating Bury 8-0. Then came an unlucky fourth round F.A. Cup defeat by Wolves and an even unluckier semi-final League Cup defeat by Wolves and from that point on their season fell away. Despite a spectacular 6-2 win over Rotherham in April they ended up in tenth place.

THIS SEASON

This season they reached the third round of the League Cup before crashing 5-0 at Liverpool, but until a fine 4-3 win at Exeter at the end of October they had picked up only two away points. A managerial change saw **John Trollope** after a record 770 League games for one club hanging up his boots to take over from Bobby Smith, but results have continued to be a little inconsistent. They went out of the F.A. Cup 2-0 at Wimbledon and then after winning three games in a row without conceding a goal they lost the next three without scoring.

Then came last week's biggest win of the season with **Andy Rowland**, last season's leading scorer, getting a hat-trick. Andy, who was

SETTING A TARGET

There was an item in the local press which caught my eye earlier this season. It featured Town secretary George Binns along with a visiting soccer enthusiast who was apparently very near to the completion of a self imposed task of personal visits to each of the 92 Football League Clubs. Town was 90th on his list.

This certainly appeared to be a matter calling for full investigation at more local level and a prolonged search through the record books reveals the intriguing fact that indeed it is very possible for a Town enthusiast by no means well advanced in years to have watched his side in action on the ground of each of the remaining 91 League clubs either in League matches or the F.A. and Football League Cup competitions.

And surprisingly enough, it is only necessary to have been actively engaged in following the side on its travels for the past 10 seasons to have had the opportunity of visiting no fewer than 88 out of the 91 grounds possible either in League or Cup matches. In fairness however it must be said that in some instances the opportunities have been extremely limited — for example Shrewsbury Town (1973-74), and Mansfield Town (1976-77) have been visited just once during this period, the latter in a first round Cup-tie.

For the sake of convenience the figures which follow have been broken down to cover the situation when the present season is completed. It should therefore be kept in mind that at the time of writing there are a number of clubs still to be visited this year who have not faced Town on their own ground for quite a number of years, Burnley and Hull City for example have not previously been met in an away game since season 1972-73.

Clubs currently members of Div

Last Away Meeting —	1	2	3	4	Total
Seasons 76-77 to 80-81 —	8	23	23	54	
Seasons 70-71 to 71-72	21	12	—	1	34
Earlier	1	2	—	—	3

The obvious query springing at once to mind must be as to the possibilities that some Town enthusiast has in fact achieved the 91 maximum, and if not then who is nearest to the target figure. As indicated 10 seasons of support could be sufficient to reach a personal total of 88 out of 91, the three clubs then still outstanding being Bolton W., Norwich City, each of whom were visited in 1969-70, and Notts County who easily head the list for it is now 23 years since Town were last at Meadow Lane, back in season 1957-58. As some kind of a guideline let me give my own total at present standing at 74. No claims therefore below this target figure!

As a footnote it is perhaps worth mentioning that since Town's entry into League football five

additional clubs now no longer in membership have been met in League or Cup matches viz, Bradford P.A., Gainsborough Trinity, Glossop, Leeds City, and South Shields. And surprisingly enough that recent visit to Northwich Victoria was only the second time since 1910 that Town had travelled to a non-League club ground for a Cup-tie. The other instance in January, 1948, still produces personal feelings of distress and embarrassment for it was the occasion of that notorious 1-0 defeat at the hands of Colchester United then humble members of the Southern League!

Odd Happening

THE WIZARD OF FOOTBALL

Much of Stanley Matthews' career was remarkable. He started at an earlier age than most, retired later than almost any other player in the history of the game and enjoyed virtually three separate careers. The first of these was as a young player with Stoke in the 30's. After over ten seasons with the 'Potters' he was transferred to Blackpool for whom he had been guesting during the latter part of the War. In the course of the next 15 years he was a key figure in one of the country's top teams of the time, this second 'career' reaching its climax when at the age of 38 he starred in a remarkable F.A. Cup final recovery that turned a 3-1 deficit to a 4-3 win over Bolton in 1953.

From that time on there were forecasts that each season would be his last. Yet he not only stayed with Blackpool in Division One until he was in the mid-forties, but then in 1961 moved back to Stoke and played for them for four more seasons. By this time he was being used skilfully in short bursts during a game — and what bursts they were. He was 48 years old when he lined up for a Second Division game against Luton in May, 1963. A win would give Stoke promotion back to Division One. A scrambled goal in the first half put them ahead.

Midway through the second half Stan began one of his electrifying bursts. He usually made for the corner flag and crossed accurately. This time, however, he moved inside. Players of both sides tried to anticipate the ball that would, it seemed, inevitably be played into the goalmouth. Though he had once got a hat-trick in an international Stan rarely tried a shot at goal. This time, however, he raced on like the great goal-scoring wingers did in those days. Suddenly he was clear of the defence. Goalkeeper Ron Baynham, an England man himself, raced out to meet him. But Stan drove the ball wide of him as he did so. The ball was in the net, Stoke were two up and Stan had clinched promotion for them.

This was not the end of the story. He went on to play for them in Division One, his last game being after his fiftieth birthday and on his retirement in 1965 he was immediately knighted — the first footballer to achieve this honour. Stan still plays in Malta.

By CHRIS DRAKE

The three teams carrying the Third Division banner in the last sixteen of the F.A. Cup last Saturday had all suffered defeat in their previous League games, not the best of preparation for either club for their fifth round away encounters.

Exeter City were still smarting from a crushing 5-0 defeat away at **Portsmouth** in mid-week, in which Tait notched a hat-trick, but they fared much better at **Newcastle United**. A late goal from Lee Roberts, which cancelled out a second-half opening goal from Shoulder, kept City in the quarter-final draw. **Tottenham** now entertain the winners of the replay at White Hart Lane, the result of which is not to hand at the time of going to print. One certain fact, however, is that the victors of the replay will be the only representative outside the First Division left in the competition.

Mike Bailey of **Charlton Athletic** was named Third Division manager for January, but someone forgot to tell the team how to celebrate. In their next game they visited **Chester**, without a win for five games and with only one goal scored. Chester's team boss Alan Oakes was delighted if somewhat non-plussed as he saw his rejuvenated side take the League leaders apart 4-0. Again Charlton's performance was better in the Cup away at First Division pacemakers **Ipswich Town** as they held out for almost an hour before John Wark opened the scoring, with Paul Mariner making the score more respectable in the dying minutes of the game.

With **Barnsley's** 20 match unbeaten League run having been ended here at Leeds Road in our last home match, Norman Hunter's men had no distractions left as they concentrated all their efforts against **Middlesbrough** at Ayresome Park. Having struggled against non-League **Enfield** in the previous round, they assumed the role of the underdog and almost did a giant-killing act themselves with a marvellous second half display. The First Division outfit looked to be cruising with goals from Procter and Jankovic in the first 24 minutes but Lester reduced the arrears with a shot from just outside the box. Goalkeeper Platt was mainly responsible for keeping galling **Barnsley** at bay and keep the scoreline 2-1 in his own side's favour.

Sixteen teams now have a striker who has netted double figures in the League and they are as follows:-

Kemp (Plymouth) 19, Birch (Chesterfield) 18, Kellow (Exeter) 17, Hales (Charlton) 15, Moore (Rotherham) 15, Hatton (Sheffield) 14, Taylor (Burnley) 13, Kindon (Huddersfield) 13, Davies (Fulham) 13, Morris (Blackpool) 12, Edwards (Hull) 11, Staniforth (Carlisle) 11, Aylott (Barnsley) 11, Glavin (Barnsley) 10, Gregory (Portsmouth) 10, Rowland (Swindon) 10, Buckley (Walsall) 10.

Helping Football

Since 1975 a quiet revolution has been taking place at football grounds up and down the country. New segregation fences have been built, crush barriers strengthened, new toilets installed, police control facilities provided, flood-lighting increased and — at some clubs — terraces and stands completely rebuilt.

The name of the game is safety. First and Second Division clubs have been ordered to do this work by law — the Safety of Sports Grounds Act of 1975 to be precise — if they hadn't the local council could even have closed their grounds. And many clubs in the Third and Fourth Divisions have also chosen to carry out safety and other work of their own accord, as have Town.

Building work these days is not cheap, but none of the M.P.s. who helped pass the new law in 1975 can have guessed that the cost of safety work at football grounds would have amounted to more than £10 million over five years — a staggering sum when you consider the rocky finances of most clubs.

Fortunately for football, the clubs have not had to raise all the money themselves. Grants of up to 60 per cent of the cost have been available from the beginning. These are paid out by the Football Grounds Improvement Trust —

an independent body set up by Britain's three big pools companies, Littlewoods, Vernons and Zetters, and financed wholly out of their Spotting-the-Ball competition. The Chairman of the Trust is Lord Westwood, the President of the Football League, and one of the Trustees is the World famous former Preston and England winger, Tom Finney. Here at Huddersfield Town we have received a total of £2,874 from the Trust, out of the £6.8 million which the Trust has paid out to League clubs as grants for safety work. Should we be promoted to the Second Division much more will be forthcoming at that stage.

The money given to the F.G.I.T. is only a part of the millions the Pools put into football each year. This year, for the use of fixture lists, the pools will pay some £3.95 millions (plus V.A.T.) and, of course, nearly all this money will be shared out amongst the League clubs. In addition to this large sum over £4.1 million will go to The Football Trust and be shared out — about £2.4 million to the F.G.I.T. for safety work and improvements at League grounds, the rest to be used by The Football Trust for the wider benefit of football, and especially for tackling problems of crowd behaviour.

In all that means over £8 million yearly provided by the Pool Promoters for football, and the figure is going up every year with the increases in turnover.

Obviously football is a big pools winner. The pools' substantial contributions to football are evidence of their will to play their part in helping British football.

Two NEW TOWN SOUVENIR items are shown here — Pillowcases at £1; New double thickness knitted Scarf "Come on you Blues" at £2.50 — available from the Shop now, also from the Terrier Pool Office in Town

The event is to begin at 8-00 o'clock with the doors open at 7-30 p.m. This kind of evening is proving very popular with supporters where they can enjoy 'Town Talk' with fellow supporters in the most convivial of surroundings. President's Club 'Video Membership' for the day is only 50p and tickets for this particular evening will be on sale from the Ticket Office following this afternoon's match.

Last Saturday the second special children's video morning took place and again was very successful. The President's Lounge was literally packed to the seams. The youngsters, cheered every attack reliving the game all over again. The next such morning will be held on Saturday, the 7th March, commencing at 10 a.m., admission 25p. Adults may of course accompany their children. The young people have already seen the Barnsley game and will probably be watching today's game and the away match against Sheffield United.

Video tickets are only on sale from the Terrier Pools Office, Upperhead Row, normal working hours, Monday to Saturday.

ONE OF THE TOP FEW

There has recently been conducted by the 'Programme Monthly' magazine a survey of English League Club programmes. The marking system for the survey was designed with the collector in mind rather than the club supporter. There were 12 categories for marking, including: The cover, general design, positioning of the teams and of course the match details, the number of pages (excluding inserts), opposition coverage, the right balance of adverts and editorial copy, action pictures, club statistics, other features and, of course, the most important — Overall Value for Money.

You will see from the final positional table of the results for Division Three that Town's programme was well placed. The experts obviously feel that the programme you are now reading is EXCELLENT VALUE. I hope that you agree.

THE TOP PROGRAMMES IN DIVISION 3 WERE

1 Reading, 2 Millwall, 3 Newport County, 4 Fulham, 5 Hull City, 6 Huddersfield Town, 7 Burnley, Charlton Athletic, 9 Brentford, Carlisle United, Gillingham, Portsmouth, 13 Barnsley, Blackpool, Plymouth Argyle, Rotherham United, 17 Chester, Colchester United, 19 Swindon Town, 20 Sheffield United, 21 Walsall, 22 Exeter City, 23 Oxford United, 24 Chesterfield.
