TALKING WITH TURNER

LIVE TV - OUR CHANCE TO SHINE!

TODAY WE PLAY ONE OF the best footballing sides in the country at home in front of the live TV cameras.

There should be no more incentive than that to show the armchair fans just what we can do.

It's the perfect opportunity for our players to give the watching TV audience a glimpse of their talents - against a side many have tipped for the top this season.

But it's no good being frightened of teams like Swindon, if we are, then we shouldn't be out there. It's as simple as that.

Yet having said that, we also face a player who, in my opinion, is one of the greatest England has produced, certainly in my time.

Glenn Hoddle won 53 England caps, that was just 400 short of how many he really should have won.

With the greatest respect to current England idol Paul Gascoigne, I personally think Hoddle was a better player at his peak.

He was, and still is, one of the greatest passers of the ball the game has seen. Perhaps the one

thing he was criticised for at international level was that he didn't score as many goals as he should have done, and that's where I think Gascoigne is slightly ahead of him.

However, we must get on with the job of earning another three valuable points today. We slipped up at home to Bristol Rovers last weekend when Ian Bennett unfortunately made a mistake which allowed them to equalise in the last minute.

But you have to remember that he saved us three or four times in that game and everyone makes mistakes.

The man who has never made a mistake, has never made a decision in his life. Overall, I have to say I enjoyed last Saturday's game, despite the result and the conditions. We played well and I thought Rovers did their bit to contribute to the game.

But I must not let these notes pass without saying how much I admired our supporters last week.

They stood out in what was near-torrential rain for almost four hours and gave us all the support

they could. It couldn't have been comfortable for many of them and I am full of praise for them.

Today, with the live TV cameras here, I'm sure our real supporters will once again turn out in their numbers.

It promises to be a great game and with the live TV cameras now part and parcel of our game, let's hope we can rise to the occasion like we did at Leicester.

Thankyou for your attention.

MASCOTS

WE'VE got a mascot glut for you today - no doubt brought about by the attraction of being on TV. Posh plays host to FIVE mascots for today's game against Swindon Town – our highest figure for the season.

So, without further ado, let's get on with introducing them.

First we have **Jon McKennon** of Bretton in Peterborough. Jon is ten years old and attends Eyrescroft School. His favourite player is Worrell Sterling and he also likes snooker, and playing computer games.

Second mascot today is **Ian Davison** of Peterborough. He is aged 12 and his favourite player was Ken Charlery. He attends Eastholm Secondary School and also includes swimming among his other hobbies.

Our third mascot is **Liam Douglas**. He's just two-and-a-half and likes Gary Cooper - but then someone has to. Only joking 'Coops'.

Our fourth mascot is nine year old **Daniel Fitzsimmons** from Peterborough. He attends the Werrington County Junior school, loves playing football and swimming, and when not playing football enjoys seeing his favourite Posh player, Worrell Sterling.

Our fifth and final mascot is **Andrew Reinis** from Orton Malborne in Peterborough. He's nine years old and attends the Leighton School where he enjoys swimming and computers. His main hobby is playing football, he is also a member of Junior Posh and his favourite player is our new goalscoring machine, Tony Philliskirk.

CAPTAIN'S CORNER

WITH SKIPPER STEVE WELSH...

READY FOR A SWAP ANYDAY

IN OUR LAST LIVE TV game against Leicester at Filbert Street, I was lucky enough to be awarded the 'Man of the Match' prize of a bottle of bubbly.

That bottle of champagne is still chilling inside my fridge and will remain so until Christmas.

Today, I would rather swap the chance of another bottle of the fizzy stuff for three points.

That's because all the lads felt last Saturday's draw with Bristol Rovers was a real sickener.

To give the points away as we did in the last minute, with virtually the last kick of the game, left us all so deflated.

It wasn't just the fact that we gifted them the goal, it was also the fact that we'd battled hard to get the lead.

Our inexperience showed at times last week. Instead of putting the ball into corners, or trying to hang on to it, we went for another goal to kill them off and got caught.

I can tell you there were some heavy heads in

the dressing room after the game - and rightly so!

But we lost Micky Halsall with a calf strain in the second half and while that gave Dominic Iorfa the chance to unsettle the Rovers defence with his pace and create the chance for 'Addy', we missed Micky's experience during those last ten minutes.

SHAPE

Most of us are relative newcomers to the game and Micky's experience would have been vital for us during the last ten minutes when we lost our discipline and shape at the most crucial moments.

Hopefully, we can make amends for that today against a Swindon side which are right at up there at the top.

As I mentioned earlier it will be our second game in front of the Central TV cameras and hopefully, as before, we'll come away with the right result.

It won't be easy

I'd swap a bottle of bubbly for three points anytime!

though against a side who boast some fine players including the great Glenn Hoddle.

But we've earned the right to play against them today and we must continue to battle and make sure that we are not overawed by them or the cameras.

People often ask me whether the players are affected by the presence of the TV cameras, but I have to say we are not.

Once the game gets underway you forget all

about the watching millions and just concentrate on the job in hand.

It's nice to be on TV and it's nice to win 'Man of the Match' awards, but I'd rather be presented with three points today!

Yours, Steve!

RIGHTWELL, BRETTON, PETERBOROUGH

ONE ON ONE!

WELCOME TO LIVE TV!

SINCE the deal to show Premier League games was handed to Sky Sports, the various regional TV companies have snapped-up the opportunity to show live action on Sunday's from the new First Division.

Today is our first time on live TV this season at home. We've appeared once before, of course, against Leicester at Filbert Street. But today we welcome the cameras from Central TV to London Road for the first time.

We got off to a fine start against Leicester with a 2-0 win - goals from Tony Philliskirk and Worrell Sterling doing the damage in front of the cameras.

It was a big gamble by the regional companies to try and televise live soccer outside the Premier League, but so far the decision seems to have paid off. But do you know just how many armchair fans have sat down after their Sunday lunch to watch a great game of football on regional TV?

No? Well if we told you that a viewing audience of 807,090 people watched us beat Leicester earlier this season, that will give you some indication of how successful regional live soccer has become.

It wasn't the biggest live TV audience for Central up to the end of October though. No, that

honour belonged to the Wolves v West Ham clash on October 4th.

Even that may have been beaten by now, but unfortunately the latest viewing figures were not to hand when we went to press this week.

However, while Central almost hit the magic one million mark up to the end of October, some regional TV firms had already surpassed that barrier.

Not surprisingly, London Weekend and Tyne Tees TV regions have both claimed audiences over one million.

The biggest game shown by LWT up to the end of October, was the West Ham v Sunderland clash which attracted no less than 1,299,000 viewers.

It was a cracker too, with the Londoners winning 6-0!

Not surprisingly, that game was also Tyne Tees' biggest audience up to the end of last month.

The poorest audiences for live TV in regions is from Yorkshire where as few as 324,000 watched the Huddersfield v Bradford clash on September, 6th.

But on the whole, live TV football from the regions has been a huge success, especially when you compare their performances against those of BBC and Channel Four plus Sky Sports.

For instance, Sky could

only muster 900,000 viewers for their Premier League live action between Southampton and Manchester United on August 24th.

Their top audience up until the end of October, when these figures were published by MATCH magazine, was 1,700,000 for the England v Norway World Cup qualifying game on October 14th.

Channel Four's coverage of Italian soccer has been an equally

successful move with their top audience being 2,900,000 for the Sampdoria v Lazio game on September 6th - and Gazza wasn't even playing!

That audience may have even been beaten since. The most popular TV football remains 'Match of the Day' with an audience of 5,500,000 for the August 29th programme involving Leeds, Liverpool, Coventry, Blackburn and Arsenal and Sheffield Wednesday. ■

POSH PROFILE

INTRODUCING... MICK HALSALL

A DAY TO SAVOUR!

A MIABLE SCouser
Micky Halsall has every reason to remember the last time he played against the genius called Glenn Hoddle.

It was a game which started with Hoddle making our Micky look like a schoolboy player, and ended with the Posh ace smashing home his first-ever league goal in Birmingham's 2-0 win over Spurs at St. Andrews.

That was way back in May 1983 and another game played out before TV cameras as 'Match of the Day' were there to capture Micky's memorable moment.

It's no wonder the likeable scouser has fond memories of the last time he came up against the talents of Hoddle but the former Liverpool player keeps a tape of the game at home just in case the memory fades a little.

Says Micky: "I remember the last time I played Glenn very well. We were on 'Match of the Day' and Birmingham were struggling to stay in the First Division at the time.

"In the first minute of the game Hoddle got the

ball and swerved to go one way before changing direction and going past me as if I wasn't there. He left me for dead and made me look such a pratt.

"But I got my own back later in the game by scoring my first-ever league goal. It was a very special moment for me, especially as the cameras were there to record it all."

CLASS

"He was in his element at the time and in a class of his own."

Micky's back at the heart of the Posh midfield after finding himself out of the side for a while at the start of the season.

But he's once again making things tick in the engine-room and if he's shaken off a slight calf strain, then he should be in the starting line-up today.

Adds Micky: "I was disappointed when I was left out earlier this season.

"But the team was doing well and I just had to battle and fight for my place.

"A lot of players are having to do that now,

MICKY HALSALL - HAS A GOOD REASON TO REMEMBER HODDLE!

especially as we've got a squad which makes it possible for the gaffer to switch things around.

"I'm looking forward to today's game and we all know it's going to be a tough one.

"I'm also relishing another chance to play against Glenn again - let's hope it turns out as good as the last time!"

WELCOME TO TODAY'S LIVE TV VISITORS...

SWINDON TOWN

HIGH-FLYING SWINDON AIMING FOR THE PREMIER UNDER MAESTRO GLENN HODDLE!

IT'S NOT OFTEN THE LONDON ROAD faithfully get the chance to watch a master in action - today's Central live TV game promises to be different.

That's because we welcome former England, Spurs and Monaco ace Glenn Hoddle to Posh. He brings his high-flying 'Robins' to play us in front of the live tv cameras.

It should be a cracking game as Swindon are right up there chasing Newcastle for one of the two automatic promotion places into the Premier League.

Hoddle has made no secret of his ambition to lead Swindon into the Premier - a place many believe they

should already be after cruelly being robbed of the chance a few years ago. They managed to get promotion to the Old Division One under Ossie Ardiles but were then relegated by football's authorities over financial irregularities.

HODDLE THE HERO

Now though, Glenn Hoddle is the new hero at Swindon. This season they've lost just four league games and last week they drew 2-2 with Bristol City in the West Country derby game.

Their man in form has been the impressive Craig Maskell. He's

replaced the talents of Duncan Shearer who was sold to Aberdeen last season.

Hoddle has collected a side full of talent from 'keeper Nicky Hammond through to the tireless and much-criticised Micky Hazard.

It's a side that is almost certain to give Town their best chance of going for years, prompted and inspired from the midfield by the master himself.

Hoddle is still one of the country's most gifted players and there is little wonder he's loathe to give up the game he loves until he's had one more season where he belongs - at the top.

SWINDON TOWN 1992-93 Back row (left to right) John Mancur, Darren Hall, Fraser Digby, Paul Hunt, Nicky Hammond, David Bennett, Craig Maskell, Steve White. Middle row (left to right) John Trollope (Youth Team Manager), Ross McLaren, Nicky Summerbee, Colin Calderwood, Shaun Taylor, Adrian Viveash, David Mitchell, Andrew Thomson, Kevin Horlock, Andy Rowland (Reserve Team Coach); Front row (left to right) Kevin Morris (Physio), Martin Ling, David Kerslake, Wayne O'Sullivan, Glenn Hoddle (Player/Manager), John Gorman (Asst. Manager), Paul Bodin, Shaun Close, Micky Hazard, Eddie Buckley (Kit Manager).

MEET THE SQUAD

■ DAVE BENNETT (Midfield)

Age 33. Former FA Cup winner with Coventry in 1987. Broke his leg in only his second appearance for the club after signing from Sheffield Wednesday. Has suffered two further breaks since. Brother of Sunderland defender Gary.

■ PAUL BODIN (Defender).

Age 28. Welsh international full-back signed for £25,000 from Newport in March 1988. Joined Crystal Palace for £550,000 in March 1991, but never settled and returned to Swindon ten months later.

■ SHAUN CLOSE (Striker).

Age 26. A £70,000 signing from Bournemouth in September, 1989. Was top scorer in the Combination side last season with 25, but has yet to establish himself in the first team.

■ FRASER DIGBY (Goalkeeper).

Age 25. Former England Under-21 'keeper who has had to share first team duties with Nicky Hammond last season. He's a former Man. Utd apprentice who has clocked up more than 270 appearances for the club.

■ NICKY HAMMOND (Goalkeeper).

Age 25. Made 31 appearances for the club last season. It was his best season since signing for the club five years ago. Has twice recovered from a broken leg and has previously had a loan spell with Posh as well as Aberdeen and Bristol Rovers. Began his career with Arsenal.

■ MICKY HAZARD (Midfield).

Age 32. Signed from Portsmouth in September, 1990. Spent eight years

at White Hart Lane where he won UEFA and FA Cup winners' medals. He moved to Chelsea in 1985 before going on to Portsmouth. Now playing some of the finest football of his career and missed just two league games last term.

■ DAVE KERSLAKE (Defender).

Age 26. Signed for £110,000 from QPR in November, 1989. He has represented England at schoolboy, youth and Under-21 levels. A fast, attacking right back.

■ MARTIN LING (Midfield).

Age 26. Re-joined Town a year ago after almost five years with Southend. A former Exeter apprentice, Martin was at the County Ground for just 93 days in his spell.

■ ROSS MACLAREN (Defender).

Age 30. A £140,000 signing in 1988 from Derby, where he won a Second Division title medal. Underwent a hernia operation in the spring.

■ DAVID MITCHELL (Striker). Age 30.

Capped 17 times for Australia, David joined the Town a year ago from Chelsea for a nominal fee and found the net eight times in 28 full appearances.

■ JOHN MONCUR (Midfield) Age 25.

A transfer deadline £80,000 signing from Spurs last season. John spent almost eight years at White Hart Lane after completing his apprenticeship. He made his league debut while on loan to Doncaster in 1986 and further loan spells took him to Cambridge, Portsmouth, Brentford and Ipswich. Now hoping for an extended run in the Town set-up.

CRAIG MASKELL

(STRIKER). Age 24.

Craig Maskell joined Swindon from Reading in a £250,000 deal in the summer with Town's Tom Jones (no, not the singer), moving in the opposite direction.

It's been a tremendous move for the Aldershot-born striker who has taken over from Duncan Shearer as the club's hot-shot.

Already in a rich vein of form and scored against Bristol City last weekend. He was top scorer with the Elm Park club last season when he banged home 15 goals.

Craig was also top of the striking charts in the two seasons that he spent with Huddersfield Town.

Began his career at Southampton and Swindon first learned of his goalscoring potential when the young striker joined the County Ground side on a loan period in 1987. He rattled in six goals in four reserve games and now Hoddle has brought him to the club on a permanent basis to fire the goals which he hopes will bring promotion.

MEET THE MANAGER

GLEN HODDLE. ONE of England's most gifted midfield stars who has had a glittering career with Spurs, Monaco and now in a player-manager role with Swindon. Spent 12 years at White Hart Lane and won 53 England caps. At White Hart Lane he won FA Cup and UEFA Cup honours as well as being a hero at the North London club. Left Spurs to play in France with AC Monaco for three years but returned to England with a serious knee injury and took up his career again with a short spell at Chelsea. Joined Swindon as player-boss in April, 1991 and now operates as a 'sweeper' or in midfield. Out with injury for most of last term, he's now back to his gifted best.

SWINDON TOWN FACTS...

■ NICKY SUMMERBEE (Defender)

Age 21. Started a game for the first time in the final fixture of 1990/91 and made 20 appearances last season. Began as a striker but now attacks down the right-flank from the back. Has an excellent pedigree as his father was the ex-Swindon, Man. City and England winner Mike.

■ SHAUN TAYLOR (Defender)

Age 29. A £200,000 signing from Exeter

a year ago. He was the club's 'Player of the Season' last term.

■ ADRIAN VIVEASH (Defender)

Age 22. Swindon-born player who progressed through the ranks at the club. Started out as a winger but now plays on the left of the 'back four'. Made less than a dozen appearances last season though and is currently on a monthly contract.

STEVE WHITE

(Striker)

Age 33. A 'free' transfer signing from Bristol Rovers six years ago, Steve reached a 100-goal milestone for the club last season, before a back injury sidelined him. He was still the club's second highest scorer with 15.

Began his career with Rovers in 1977, before a 'big money' move took him to Luton and then to Charlton.

A Volkswagen for those who've grown too big for their boot.

Who says you can't take it with you. Not Volkswagen. And not you when you see the miracles they've wrought with their Passat Estate.

Opening the tailgate reminds you of nothing so much as a yawning hippo. With the rear seat up, its boot capacity is 18 cubic feet.

Fold it down and it looks more like the flatbed of a trailer-truck.

60 cubic feet no less.

Opt for the GL or GT16v version and, presto: Two-thirds of the split rear seat fold forward.

So long loads and human cargo can be accommodated at the same time.

Talking of passengers, the Passat

has more interior space than any estate in its class.

More, even, than some so-called bigger cars. Space apart, though, how does it perform out there on the road? It may be willing but is it eager? Is it sharp on corners?

Sure-footed in the wet? Thrifty around town?

A test drive will leave little room for doubt.

We would like to remind members that tickets should be booked in advance to ensure that they receive our special prices. Failure to do this may result in them being charged the normal half-price for admission to Barclays League matches. Membership is open to anyone born on or after June 1st, 1977.

XMAS COACHING!

THE POSH Football and Community scheme are busy organising one day coaching sessions over the Xmas School holidays. Why not treat your son or daughter, niece or nephew for Christmas?

The sessions will take place at Bretton Woods, Gunthorpe Primary and Oakdale

Primary. Boys or girls between the ages of six and 14 can take part and there will also be a visit from Posh players.

There will also be a course for Junior Posh members only and for more details of that then please contact Domenico Genovese, Posh Football and Community Officer. Tel : 891239.

A WARM WELCOME!

Today, we would like to welcome Gladstone Primary School who are our guest today. The children have been coached in the areas of dribbling, running with the ball and shooting.

On Monday, the school also took part in the ground visit, where they were shown behind the scenes, i.e. the boardroom, dressing room, boot room etc.

A total of 63 children took part in the visit.

BIRTHDAY PARTIES!

The Community scheme can also arrange birthday parties.

This superb package from the scheme means that children will receive two hours of fun and games plus the usual birthday competitions and a fun pack.

The birthday boy or girl will also receive an autographed football signed by the Posh players.

The package could also be with or without a buffet - the choice is yours. For more information, then please contact Domenico on the number elsewhere on this page.

OCTOBER SOCCER COURSE

IN the last soccer course in October, the children had a coaching session with some of the Posh players. Bobby Barnes, Gary Cooper, Dominic Iorfa and Lee Howarth helped out and the 100 children present had an enjoyable time. There were two venues - Gunthorpe Primary and Bretton Woods.

Helping the most important people in football

Football is much more than a game of 90 minutes. Every day clubs throughout Britain are providing recreational and sporting opportunities for their local communities.

Much of this has been achieved with the help of the Football Trust. As part of its commitment to Football, The Trust has granted £4M to set up the National Football and Community Development Scheme.

Bringing club and community together, Trust-backed initiatives have provided a variety of local amenities, including:

- Artificial pitches for local teams
- Coaching for youngsters
- Support for women's football
- Facilities for people with disabilities

The Football Trust is helping the game at all levels.
