Jocky Scott

Right now our season is going through mixed fortunes. Our last home game saw a good performance against Bury produce our first home win in the League this season, on the back of a 2-2 draw against Wigan that was no less pleasing.

Although our first half performance was not the greatest, we improved in the second and a solid display saw us take three points from the game. Hopefully this will kickstart our home form and allow us to go on a 'roll'.

It was therefore disappointing to travel to Peterborough and lose a game in which neither team played particularly well. It was disappointing in the way we performed, particularly when you bear in mind the victory we had worked so hard for in the previous match.

We have shown too much inconsistency in our performances this season - if we want to improve our results and our position in the league table, then we have to establish more consistency in our displays than we currently achieve.

Today we have the added blow of two important players missing through suspension - Mark Stallard and Andy Hughes. Mark in particular as we have relied on his contribution in front of goal heavily this season. Both players lost their appeal against their suspension, which was disappointing as I felt that both of the red cards were very harsh. Unfortunately, the Referee in charge of the game deemed that they had committed serious offences, which is a consequence that we now have to deal with. Having said that, this opens the door for other players to take this opportunity and stake their claim. I am continually looking for new players to bring in - I feel that the squad in its current condition does not have enough depth to deal with this situation. It is when we suffer injuries or suspensions that you realise how small the squad is. I will be doing everything possible in the coming weeks to bring good, quality players to the Club to aid us in our ambitions. For now, we must carry on and a good performance today would contribute in no small part to realising our aim of climbing the table.

Enjoy today's game.

Notts County F.C.

As many of you are no doubt aware, today we launch our '8 Through the Gate' campaign, aimed at drawing the crowds back to Meadow Lane to aid our goal of promotion to the First Division.

The scheme has been structured to encompass all the supporters of Notts County Football Club, and to encourage new faces to make the trip to Meadow Lane.

Our 'Classroom Register' scheme is designed to educate children and not just offer them the chance to watch a game of football. The specific targeting of the younger generation is something that we feel is crucial to establishing new ties. Added to the restructuring of our group tickets (Family Ticket and Generation Ticket) we are now in a position to cater for families more than ever before.

Focusing on a new student initiative, which we feel is an area that could offer considerable benefits, our new policy (in conjunction with the local universities) offers students the opportunity to purchase tickets at a greatly reduced price.

The ambition within the Club is not something that can be achieved by Notts alone, we need the support of each and every one of you to realise the objective of establishing ourselves as a major force in Division One. We feel that the '8 Through the Gate' initiative will offer supporters that chance to become involved with the Club, and contribute in a manner which means more than just passing through the turnstiles. For Notts County to establish themselves in the higher echelons of the Football League, a collective effort by the club and it's supporters will be required. We hope that you will all make yourselves a part of this venture.

With a lot of endeavour, and a little luck, the dream of all Notts fans to put the club back on the map can realised.

8 Through The Gate Scheme

'8 Through The Gate' is an initiative aimed at increasing the number of supporters attending matches at Meadow Lane to create an atmosphere of enthusiasm to push forward the hopes for the Club. The campaign is designed to lift the spirits of current supporters and to forge new relationships with spectators and local businesses.

The scheme reflects the vitality and ambition currently evident throughout Nottingham, utilising the talents of everyone connected with the Club to reinforce Notts County's reputation as a place where all the family can feel welcome.

The Magpies Mission 2001 aims to draw together 8,000 from the Nottinghamshire community at Meadow Lane for every match.

For more details on this exciting new scheme, turn to page 16.

Past Players Return

As part of Notts County's new '8 Through The Gate' scheme, co-ordinated by Notts County Patrons, two special guests of the Club today are Don Roby and John Sheridan. Don served Notts between 1950-1960 making 226 league appearances, scoring 37 goals. John made 287 appearances scoring 9 goals. We would like to wish both gentleman an enjoyable afternoon as our guests.

FA Cup First Round Proper Draw

The draw will be made live on Sky Sports 1 on the Soccer Saturday programme at approximately 5.35pm today. The draw will also be broadcast live on Talksport Radio. In the First Round Proper there will be two ties selected for live television, the first taking place on Friday 17th November at 8.00pm, the second on Sunday 19th November at 1.00pm.

Official Kit Launch

As publicised in the last two programmes, the official launch of the Clubs all-white third strip will take place on Thursday 2nd November at the Supporter's Club 'Monster Disco'. The event will be held in the Clumber Suite at 7.30pm, with a 10% discount available on purchases of the new kit. Tickets are available from the Club Shop on (0115) 955 7205.

Reserve News

The Reserve Fixture against Hull City, scheduled for Wednesday 8th November, has been rearranged for Wednesday 31st January.

Notts County Creche

Providing a SAFE and stimulating environment for children of all ages, we are situated in the Family Room (underneath the Family Stand) Michele and Helen are fully-qualified, volunteer workers. We are delighted to announce that during the close season, the creche has undergone the necessary process to become registered with the UnderEight's Unit, The Education Dept, Notts City Council. The creche has a whole season of fun planned for the children, including structured and free play. Children are provided with a wide selection of appropriate activities.

It is very important that every child is signed in by a parent/guardian.

Creche kick off is 2.45pm, with a cost of £2.50 per session. Any parent who would like more information should call Michele directly on 07730 886710, or pop in to the creche.

Here at Notts County, we believe that every child has the right to be happy, that is why we are joining the **NSPCC** in their **FULL STOP** Campaign. The children in our creche have decided to help, by taking part in the 'Share A Smile Challenge'. If you are a child and would like to join our challenge, or an adult who would like to make a donation, please see Michele.

On The Road To Recovery

We express our concern to Mrs Muriel Stableford of south Normanton. Mrs Stableford, 72 and a long time supporter, was taken seriously ill during the recent match against Bury and was taken to hospital at the Queens Medical Centre. Mrs Stableford has undergone an operation, and is showing signs of recovery. We would like to extend our best wishes to Mrs Stableford and her family.

Lost & Found

Found in the Family Stand after the Bury match was a boys' navy blue anorak with red lining and trim. All enquiries should be made at the Administration Office at the rear of the Derek Pavis Stand.

Lucky 13

We would like to make a special mention of the success we have had this season as a result of supporters thoughts on a 'universal' gate in the Family Stand. After the Club received numerous concerns from supporters last season on having to leave their children while entering Meadow Lane, Gate 13 is now used by both adults and children alike. Although we cannot rely personally to all our supporters, we would like to thank those who prompted the move. Because of the success of the move, the Club is now looking at extending this policy so that all home supporters can take advantage of the system.

FRONT Row: Jamie Mills, Andy King (Assistant Manager), Cliff Puffett (Chairman), Colin Todd (Manager), David Duke, Bobby Howe.

COLIN TODD - MANAGER

Began his career as a central defender with Sunderland turning professional in December 1966 and going on to play 173 League games for them. In 1971 he joined Derby and won League Championship medals with the Rams in 1972 and 1975, making 293 league appearances in the process, under the guidance of Brian Clough. He moved to Everton for a year in 1978 and had spells with Birmingham, Nottingham Forest and Oxford before ending his playing career with Luton. A steady career as a professional was complimented with 27 full England caps, 14 under-23 appearances and represented the Football League and England at Youth level.

His first break in coaching came with Middlesbrough, helping them to promotion from the old Third Division in 1987 and from the Second Division a year later. As manager he took Middlesbrough to the 1991 Second Division play offs and joined Bolton as

coach to Bruce Rioch in 1992. After coaching Bolton to promotion in 1993 and again in 1995, he took over as manager with Roy McFarland at start of 1995/96 Premiership season. Todd took sole charge in January 1996 guiding them to a record breaking promotion from the First Division in 1997 and to the play offs last season.

Under his tutelage the Wanderers played an attractive flowing brand of football, but ironically, being coached by a former England defender, were vulnerable at the back. As a manager his dealings in the transfer market, particularly in Scandinavia have been shrewd. He is essentially an honest manager who demands high standards from his staff and showed he is a man of principle when he turned his back on Middlesbrough and then Bolton. After such success at Bolton, Todd will now be hoping to emulate that feat at the County Ground.

BART GRIEMINK

The 6 ft 4 Dutch goalkeeper played second fiddle to England U-21 International Mark Tyler at Peterborough for the past couple of seasons. After only making 44 league appearances for The Posh he decided it was time for a new challenge when his contract expired during the summer. Bart spent a two-month loan period with Town last season and impressed in difficult circumstances. His arrival plus the appointment of former Aston Villa hero Nigel Spink as goalkeeping coach should go a long way to ease Town's goalkeeping problems after Frank Talia, Jimmy Glass and Alan Flanagan left the club.

STEVE MILDENHALL

One of Swindon's home grown talents, Steve is in his fourth year as a professional after successfully coming through the Club's YTS system. Made two first team appearances in 1995/96, came off the bench to play as an outfield player in 1996/97 and made his full league debut between the posts for Swindon in October 1997. 'Mildy' made 6 (2 as substitute) appearances for Town last season. He spent most of the season in the reserves earning praise for his resolute performances, however, he was rarely relied upon to make the step up to the first team.

MARK ROBINSON

Started his career at West Bromwich Albion, joined Barnsley on a free in June 1986 and such was his form there that Newcastle snapped him up for £450,000 in March 1993. After losing his place in the first team through injury, Mark is now the Town's longest serving player since Swindon paid a Club record £600,000 for his services in July 1994. He has been a consistent and versatile performer ever since, however, he could face competition from new signing Juan Cobian for the right-back slot this season.

GARETH DAVIES

Was signed on a free transfer in March 1999, Gareth made the short trip down the M4 from Reading and despite being a firm favourite with the Royals' fans, he did not figure in Tommy Burns' plans. Gareth is an infectious character but is well known for his commitment and aggressive style. However, Town fans only caught glimpses of him in action due to several injuries, mainly a problematic knee injury, wrecking his last campaign only making 16 starts in all. He should make a return to full fitness in the

coming weeks.

ADAM WILLIS

Released by the Sky Blues after failing to make the grade in the Premiership, Adam was called into action from the reserves towards the end of last season to cover for injuries and suspensions. Adam worked very hard in the gym after training to improve his physical presence and it paid off. His confident displays earned him a place in the starting line-up on merit and he was rewarded with a new contract under Colin Todd after being previously told that he could leave the club.

ALAN REEVES

Quit Wimbledon's "Crazy Gang" in search of first team football with Swindon. Tall central defender, who cost the Dons £300,000 from Rochdale. Excellent header of the ball, 32-year-old Reeves can be an asset in attack on set pieces, scoring 2 goals in 24 appearances last season. Despite being linked with several clubs in the summer, Reeves is working hard to command a first team place under new manager Colin Todd.

SOL DAVIS

Left-sided fullback back who was offered his first professional contract in the summer of 1998 after a series of impressive performances in the reserves. Made his league debut as a substitute at home to QPR, shortly after his 18th birthday. First start in a Swindon shirt came six months later in the heat of a local derby clash away at Oxford United. Last season Sol made over 25 appearances for Town in both the fullback and wingback positions and his commitment was exemplified by some very tough tackling.

JAMES WILLIAMS

James, still only 18,

Adam Willis

burst onto the scene towards the end of the 1998/99 season. He was duly rewarded with the number 32 shirt at the start of last season and the young defender/midfielder became a very useful asset to the dwindling squad. James can be called upon to play in a variety of positions and although he made an impact on the first team his form dropped. He will be hoping for more consistent performances in the new campaign.

JUAN COBIAN

Juan Cobian joined Aberdeen from Sheffield Wednesday on a free transfer in November '99. Cobian, a rampaging right-sided defender, made a promising start to 1998-99 with the Owls having joined the club for a nominal fee during the 1998 close season. This summer he moved, again on a free transfer, to the County Ground despite offers from a number of clubs. His attacking style will be very much in demand in Colin Todd's new-look side.

KIM HEISELBERG

An attacking left-sided fullback, Kim Heiselberg is another player to join the Swindon ranks on a free transfer in July. He returned from Denmark this summer for his second spell in English football after spending one year on Wearside with Sunderland. Signed by the Black Cats in 1998 for £125,000 he failed to hold down a regular first team place and returned to his native Denmark. A technical player that likes to pass the ball and get into dangerous forward positions.

ANTOINE VAN DER LINDEN

Central defender whose composure on the ball will make him a vital asset to Todd's team. Looks to set up attacks from the back with his sweet left foot. Agile and solid.

MARKO TUOMELA

Defender Marko Tuomela has joined the Town on a three-month loan deal (10-09-00) from Tromso. Tuomela has played 16 times for Finland, regularly lining up alongside Liverpool captain Sami Hyypia. The 28-year-old centre back watched the win over Bristol City at

Gary Alexander

Danny Invincible

Ashton Gate and then got his first taste of the action in the second half of Tuesday's match at Bournemouth.

Manager Colin Todd is hoping that Tuomela will add steel to his defence and wants opposing strikers to feel intimidated by his size and strength.

ANDY WILLIAMS

Andy moved from Southampton in October 1999 in a £65,000 deal after an impressive loan spell at the County Ground. Andy is an extremely versatile player and has taken on a variety of defensive and midfield duties. Formerly a regular Welsh Under-21 international he became a strong candidate for Player of the Season last term which showed how well he settled into the side.

FRAZER McHUGH

Made his impression in the first team last season but failed to hold down a regular place. This season will be his second as a pro and he will want to step up his claim for a regular start under Colin Todd. A hard-working and tenacious midfielder who can hit a hard tackle as well as an accurate pass, this could well be the year that he breaks through.

BOBBY HOWE

Stephen, who likes to be known as Bobby, is an attacking midfielder who signed for Swindon in January, 1998 from Nottingham Forest, where his first team opportunities had dried up. Bobby's confidence suffered last season and fell out of favour in the first team. However, after being told he could leave the club he has worked hard to re-establish himself in the side.

MATTHEW HEWLETT

An attacking midfielder that signed for Town on a free transfer in July 2000. A hot prospect at local rivals Bristol City in 1998/99. At the time a succession of injuries meant that he missed most of the season and failed to live up to his potential. A fresh start may be just the challenge he needs and there will be no better place to impress and improve his performances than at the County Ground this season. If he can find his form he may just be the attacking spark the Town midfield is so dearly missing.

DAVID DUKE

Another young player with a great deal of potential. A left-sided midfielder, he was unable to command a first-team start at

Premiership Sunderland after joining them in June '97 from Redby. Impressed new boss Colin Todd in several pre-season friendlies and signed on a free transfer in July.

KEITH O'HALLORAN

He made six starts for Middlesbrough where he came through the youth ranks before joining St Johnstone in March '97 for £50,000. Keith went on to make over 60 appearances for the Saints but relished the opportunity of proving himself in England after a very successful period at McDiarmid Park. Despite being offered a new contract north of the border, he chose to join Swindon's new era under Colin Todd. The Town fans will be delighted to see a natural right-sided midfielder at the club after it became a huge problem position last campaign.

DANIEL INVINCIBILE

Colin Todd believes that midfielder Danny Invincibile can become a real star after completing a deal to sign the Australian on a free transfer in July. Todd moved swiftly to tie up a deal for Invincibile after spotting the 20-year-old playing for West Ham in a trial match. The former Marconi Stallions star scored on his Town debut in a 1-1 draw against West Brom at the Hawthorns. Invincibile, a former Australian under-20's star, plays predominantly on the right hand

side of midfield, possess blistering pace and his arrival at the County Ground will increase the number of options available to Todd.

MARK ROBERTSON

Mark teamed up with fellow countryman Danny Invincibile after leaving Burnley for Town on a free transfer. The young Aussie had only made one appearance for the Clarets

during his time there and had been on trial with Colin Todd's side for some weeks before putting pen to paper at the end of last month. A predominantly right-sided attacking player he will add much-needed strength in depth in the midfield.

GIULIANO GRAZIOLI

Signed in June 1999 on a free transfer from his former club Peterborough Utd. Giuliano's previous visit to the County Ground was in

1997 with Stevenage Town in the FA Cup 3rd round. His winning goal dumped Swindon out and handed Stevenage a money-making 4th round tie against Newcastle Utd. Missed most of last season through injury, but when he did play he was the shining light in a very

dull season for Swindon. Following the departures of fellow strikers Chris Hay and Iffy Onuora, 'Graz' established himself as the Town's main threat. If he stays fit, he will be a handful for opposing defences this season.

STEVE COWE

Steve is a nippy, darting forward with good vision and very quick feet. Rarely called upon under former manager Jim Quinn, Steve

tried to find another club after he was told he had no future with the Robins. However, Steve was another player that came in from the football wilderness to finish the season strongly and do well enough to warrant a new contract with Colin Todd.

CHARLIE GRIFFIN

Charlie started his career in non-league football. He was signed for £10,000 from Chippenham Town where he was top scorer in the Screwfix League with 30 goals. At 21 years of age he is still a prospect for the future and the coaching staff believe that, with a handful of first team games under his belt, he will be ready to challenge for a regular place in the side.

MARTIN WILLIAMS

Left Reading in search of a new challenge. A firm favourite with the fans at the Madejski, he topped the scoring charts two seasons ago with 11 goals in 31 games until he sustained a knee injury three months from the end of the campaign. His strength and pace will complement both the guile of Giuliano Grazioli and the youthful endeavor of Gary Alexander. His move, which was delayed by another untimely knee injury over the summer, could solve Town's early goalscoring problems.

GARY ALEXANDER

Highly-rated 21-year-old who joined the Robins in early August from West Ham United in a £300,000 deal. Gary spent most of last season on loan at Exeter City where he made a big impression - scoring 16 goals in 20 appearances and keeping The Grecians out of relegation trouble in the process. A powerful and hard-working forward, Alexander could be the one to watch this season.

There's a brand new team at the heart of English football.

Football and the Government have teamed up in a new partnership to provide new lifeblood for the grass roots of English football – pumping financial support into the game that's so close to the hearts of so many. From parks pitches to professional football clubs, we'll be there to help everyone who loves football, providing a new generation of facilities for all

by pooling resources from The FA Premier League, The Football Association, Sport England and the Government into a single substantial fund for redistribution throughout the game. Together, we intend to ensure that football enjoys a healthy future for many generations to come.

On The Road

The Journey

Again, one of Notts closer fixtures. An uneventful trip, though what's happened to the days when every other car on a Saturday was adorned with a football scarf hanging from the windows?

The Facilities

Peterborough's London Road ground is one of the few stadiums left in Division Two that still sports terracing for away supporters in the Moyes Stand. Seating was available in the Main Stand, though the tea bar was very cramped affair that could be considered full when three people occupied it.

Again, for the third game on the trot, we were permitted to use the Supporters Social Club, though not if you were sporting club colours. I must make a special mention for the club as there I was served two of the finest beef cobs imaginable!

The Game

A very poor match contested by two very poor teams. Peterborough, in my opinion were there for the taking, but a very negative, lacklustre display by the Magpies ensured that the prospect was never seriously in danger of happening. Notts should have done better, but Stallard and Farrell were left isolated up front with nobody supporting from midfield. Another frustrating trip back to Nottingham, though it was mercifully short.

The Fans

A subdued atmosphere from the Notts supporters, though not surprising considering the performance. A decent following considering Notts current position in the league.

DON'T forget that Notts County Clubcall is now our official telephone information service . . . updated at least once a day with all the news and views from Meadow Lane, plus match coverage and Jocky Scott's verdict.

"I was stunned with the red card against Wigan and still don't know why I was sent off. I didn't throw a punch although I did square up to the goalkeeper that was only after he had kicked me. The referee said he would have a look at the video and when he does he will see I did nothing. The problem is that even in cases like this, it's usually more convenient for the officials to do nothing about it."

MARK STALLARD

"We are tending to sit a bit too deep and allow the opposition to get into our box when they shouldn't but we can work to rectify that. The important thing is to get an undefeated run going and from that gain more confidence in ourselves and our team-mates. But we get nothing unless we put the effort in and now the players are beginning to show a good appetite to work hard for each other, we are starting to get the rewards."

JOCKY SCOTT

"I've signed a new contract for the rest of this year and three more after that and am very pleased. As for the

09068 88 86 84

team, it's fair to say we've not been performing as well as we would like. It's only a matter of time before we turn it around and I believe we should at least make the play-offs. There are always going to be injuries along the way and I just hope I do well if the chance comes along."

PAUL HEFFERNAN

"We would love to have won at Peterborough but we did not perform on the day and felt we let ourselves down. The game seemed to have 0-0 written all over it but they put so many balls into the box in the second half that the law of averages said they had to get on the end of one of them eventually. For our part, we really should have killed the game off in the first half. I had a couple of chances and Ramage had a good effort and if we'd scored any of those we would come out full of confidence for the second half - but instead they had the last laugh and I was very disappointed with the result."

Magpies Help Net Home Win for Kids

Notts County have teamed with local adoption agencies during National Adoption Week to help find new homes for kids in care.

County fans regularly enjoy a Home Win, but lots of kids, boys especially, want a Home Win of a different kind. Many are victims of abuse or severe neglect, all are in care and desperately need their own families!

County manager Jocky Scott says "These kids deserve more! They need a Home Win now!"

Adoption agencies agree and ask if fans could offer some kids homes. "We don't have silly rules about eligibility! You don't need to own your own home, be married, or working! You might not even have kids of your own! You will need patience, energy, and a sense of humour to support a child who may have been through a lot."

County says "Don't hesitate! Take a shot at this goal! Let's give these kids a Home Win!"

On This Day

Apart from the result there's one other statistic that will be looked at even more closely than usual this afternoon - the size of gate.

Swindon Town's Meadow Lane visit comes at the end of a busy week, during which Notts announced their new campaign to attract more support to home matches.

Under the banner, Eight through the Gate, it has the ambition of seeing Meadow Lane attendances rise to 8,000 over the next 18 to 24 months. The aim has been backed by positive inducements, including - the most important factor of all - a review of admission prices and attempt to attract more families.

The sheer size of the task should not be underestimated.

Over the last five seasons, in which Notts have played a total of 115 home League matches, the gate has exceeded 8,000 on only nine occasions, a shade under eight per cent.

Taking the five seasons in sequence, there was just one 8,000-plus gate in 1995-96 and, by a curious coincidence, it was against Swindon. Notts were chasing promotion from the Second Division and Swindon's visit attracted 8,725.

The following season, when fortunes were so totally reversed that Notts were battling against relegation - and being unsuccessful, went down - not a single gate reached that target 8,000 figure.

Only one season was spent on the bottom rung, for 1997-98 brought the success of

winning the Third Division championship in a record-breaking season. The upturn was reflected in increased attendances, three exceeding the 8,000 mark.

First, the visit Peterborough United attracted 8,006. Then, on the day when Notts clinched promotion, a Mark Robson goal beating Leyton Orient 1-0, this was watched by 8,383. And, easily the best of all, a crowd of 12,430 turned up on the very last day of the season.

Billed as a gala day, with pre-match entertainment, a parade of old Notts stars and the presentation of championship and players' medals, it tempted not only the largest attendance of the season but - note this - also the largest of all the five seasons under review. For good measure visitors Rotherham United were thumped 5-2, five of the seven goals coming in a whirlwind second half. Great stuff indeed!

In the following season, 1998-99, there was an early gate of 10,136. Hardly surprising was that the gate was for the best-supported team in the Second Division, Manchester City, followed by only one other 8,000+ gate, against Stoke City.

Last season brought just three such gates as Notts for so long battled to reach a higher sphere.

All three such occasions were against fellow-promotion aspirants. Wigan were top of the table (but not ultimately promoted) when they arrived at Meadow Lane on Boxing Day and a combination of the importance of the points and the holiday season attracted a gate of the 8,176.

Colin Slater -
BBC Radio Nottingham's
"Voice of Notts County".

The same factors applied again only a few days later, when Burnley became the first visitors of the new Millennium, with a crowd of 8,229.

Finally, once again it was Stoke City who proved such an attraction with the best gate of the three, 9,677, for their visit on 11th March.

What lessons are to be drawn from all these facts?

Chiefly that relegation from the First Division has been very costly in terms of support. When Notts last played at that level, in 1994-95, there were six matches out of the 23 which were watched by more than 8,000 spectators.

Wolves, Stoke, Sunderland, West Bromwich, Sheffield United and Middlesbrough were the visitors on these occasions. All, of course, brought good followings with them, far greater than the average support for Second or Third Division clubs.

It adds up to showing that there are economic, as well as other reasons, why Notts number one priority has to be to regain First Division status.

East Side Story

With ANDREW JAMES of BBC East Midlands Today

It's ironic that Swindon Town should provide today's opposition as their former manager Colin Todd has been making the headlines here in the East Midlands this week.

Todd left the County Ground on Tuesday and by Wednesday morning was linked with the vacant Magician's post as assistant to Jim Smith at Derby County.

Surely now that's what Derby need to save them from Premiership demotion.

But signing Todd could be a master stroke for the Rams, despite his lack of success at Swindon over the 142 days of his rule there. He played more than 370 times for Derby and figured in both the Rams' Championship winning sides. Todd played for Jim Smith in spells at Birmingham and Oxford and when Smith was cast aside by Newcastle United, it was then Middlesbrough boss Todd who took Smith onto the Boro coaching staff at Ayresome Park.

Those of you reading this in the Kop Stand (Swindon fans) will probably wonder what all the fuss is about. After all, the glory days have hardly come flooding back under Mr Todd have they. But Derby fans are very close to their former heroes....despite the fact

that most of them like Shilton, McGovern and MacFarland have all had their fair share of failures in management.

And whether or not the Derby branch of the United Nations that is the Rams dressing room will respect Todd's former glories in the way the fans might, remains to be seen.

But enough of our woolly friends from along the A52, what about the news from Leicester that Peter Taylor is to be the new England manager...albeit for one game only. I must say that I have always found Peter to be a smashing chap.... thoughts confirmed by my Radio Nottingham colleague Robin Chipperfield who knew him well at Southend United.

But when we are talking about the new England manager, should we really be appointing the man who's recent record reads...lost to Manchester United, lost to Liverpool? I know Leicester have started superbly well, but when put to the test, defeat has followed at the hands of the two North Western clubs and of course, Red Star Belgrade. Not exactly the ideal confirmation that Taylor is ready to compete with England's best... never mind the World's elite.

MInd you, when you consider that

David Platt was the bookies second favourite at one stage, then Taylor's appointment is a little more comforting I suppose. Once again, the BBC newsroom has been awash with rumour and counter-rumour of Mr Platt's impending demise across the River Trent. I must admit I saw them at Bolton recently and thought Forest deserved to win. But quality is at a premium through the league these days. Just look at Fulham...already promoted according to the London media last week...now a clear point behind Watford who must have really enjoyed their moment as they toppled the Cottagers from top spot.

Elsewhere, little to report. Another fans incentive scheme launched at Field Mill, but having followed the club as a reporter for seven years, Stags like us seem destined to attract not only the same number of fans, but also the same fans within that number. Very few new people seem to be coming into football grounds at our level. My dear departed Grandad would not have agreed as a Devizes-born loyalist of Swindon Town, but let's hope our own Eight through the Gate scheme starts with Eight in the Net this afternoon.

Today you are part of the family of football, a family which is coming together to support the NSPCC's FULL STOP Campaign.

Each week one child dies as a result of cruelty and neglect, and another 5,000 are physically or sexually abused. Together with your club, you can help the NSPCC put a FULL STOP to child cruelty.

Football clubs around the country are joining forces to raise money to help children, by organising a host of exciting fundraising activities.

While you enjoy the match this weekend, please see what's going on at your club and find out how you can help raise vital funds to end cruelty to children.

NEW PARTNER FOR NATIONAL FOOTBALL IN THE COMMUNITY SCHEME

Football in the Community is thrilled to announce a brand new three-year partnership with RAILTRACK. The aim is to promote an awareness of the dangers of trespass and vandalism on railways to over 1 million children each year through fun, exciting and enjoyable activities. Railtrack is deeply concerned about the number of children injured on the railways whilst trespassing or carrying out acts of vandalism. Encouraging children to play safely and making more productive use of their time will benefit many individuals and local communities. Notts County's Community scheme is delighted to be involved with such an exciting new partnership.

MORE CAPITAL BACKING

After a very successful first year of sponsorship, Capital One have decided to extend their financial support for our scheme for a second year. This is great news as we will now be able to continue the further development of our activities.

NSPCC FULL STOP CAMPAIGN

This weekend sees the whole of British Football throwing its weight behind the NSPCC and its attempts to raise £250 million to end cruelty to children. Football in the Community nationwide is also firmly behind the campaign, and Roger Reade, National Scheme Manager for the Community Program, says: "Football in the Community deals with approximately 1 million children every year. This campaign is of such importance, not only for today's children but also tomorrows. We are delighted to be playing a part in supporting FULL STOP."
