What a night Wednesday was. The home games with Luton Town certainly stir up the competitive spirit don't they? After four goals and three sending off's last season we witnessed five goals with no dismissals this time around. It was great to see the Town End in full voice once again and let's hope we can

get off the mark on the pitch this afternoon with three points. Next week we take on Bristol City at Ashton Gate. Tickets are now on general sale from the Box Office so make sure to get your ticket ahead of the game to be sure of a seat for what should be another derby day to remember.

This week we reflect on defeat against Luton, community success and do you fancy working at Swindon Town FC?

Swindon Town's first home game of the new League One campaign ended with defeat on Wednesday night after going down 3-2 to an energetic Luton Town side.

An improved second half performance almost saw Town claim an unlikely looking draw but the damage had already been done in the first 45 minutes.

Sean O'Hanlon was adjudged to have hauled

back Rowan Vine and Kevin Nicholls fired the visitors into the lead from the penalty spot after 24 minutes. In the 37th minute Rory Fallon made it 2-0 as he headed the ball past Rhys Evans before Sam Parkin made it 2-1 just before the break with a well-taken goal.

In the second period imposing striker Steve Howard made it 3-1 before Alan Reeves reduced the deficit with a bullet header on 65 minutes. Despite bombarding the

Hatters goal in the final stages, Town come into today's game pointless after a second defeat in as many games.

After the game Andy King told Swindontownfc.co.uk: "When we got our second goal I expected us to get a third but the bottom line is that you can't give these sorts of teams a start like we did. The reaction and effort from us after going 3-1 down was good but we gave ourselves an uphill battle. We have to concentrate for ninety minutes and be defensively sound, we weren't against Luton."

PhysioRoom

Welcome to this afternoon's game with MK Dons.

Following Wednesday night's game against Luton Town, the main concern is **Sean O'Hanlon** who received a 'dead leg' during the first half of the game. He will need as much time as possible in order for him to be available for this afternoon's game. Sean however is a tough character and will be desperate to compete in the game today. Andy Nicholas is now in full training with the first team as is Lloyd Opara. Matthew Heywood underwent surgery yesterday morning and we can now begin his rehabilitation.

Enjoy the game.

Community Success

Swindon Town Football In The Community Officer Clive Maguire has described the summer's coaching courses as a fantastic success.

"It has been absolutely first class with all the youngsters putting in 100% effort and showing great enthusiasm in all the practices and fun games.

"We have been absolutely delighted with the amount of

new people who have attended this summer's courses, along with the hardcore of regulars. The next available course is at the end of October so please call to book early."

Captain's Notes Andy Gurney

Good afternoon and welcome to this encounter with MK Dons.

Last Saturday we got off to a disappointing start against Wrexham. I thought that whilst we created enough chances to win the match, even though as a team we weren't quite at the top of our game, our finishing could have been better.

It was nice to see **Andy Caton** come on and grab a goal which was his second in three games having scored against Rovers. There are several youngsters coming through and that can only be good for the future of the Club.

MK Dons will be a tough test for us today. However, hopefully we will have got a result against Luton on Wednesday and can now progress with another three points.

Acting Chief Executive Bob Holt gives us his thoughts ahead of today's game...

Well here are again back at The County Ground for the second home game inside four days.

May I take this opportunity to welcome the visiting officials, players and supporters who have made the trip to Wiltshire today.

Wednesday night saw us take on Luton Town in what was an entertaining game but we once again are left with nothing to show for our efforts. Lady luck once again deserted us as we conceded our second penalty in a number of games.

However, we must all look ahead and with

forty-four matches still to be played, there is plenty of time to make a charge towards the summit of League One. Your support was once again fantastic at the Luton game and keep up the volume for this afternoon's for the first ever visit by MK Dons to The County Ground.

Next Saturday sees us make the short trip to Bristol City. Both games against them were close last season and it should be no different this time around. Perhaps we can see another wonder-goal from Rory Fallon!

Bob Holt
Acting Chief Executive

Ron Atkinson

The Club have chosen Ron Atkinson to speak at it's forthcoming Sporting Dinner to be held on 14th October on the basis of his vast experience of football and his entertainment value. The club believe that the unfortunate issue that occurred has been settled to the mutual benefit of all concerned. The events of the past are now laid to rest and it is not for the Club to resurrect this and act as judge and jury.

Town's new blue away strip failed to get off to a winning debut on the opening day of the season as Andy King's men went down to a 2-1 defeat at the Racecourse Ground.

With the sun lighting up the sky on a fitting start to the new campaign, Town may have uncovered another shining star as Andy Caton scored his first competitive goal for the club minutes after coming on as a late replacement.

Goals from Dennis Lawrence and former Spurs striker Chris Armstrong gave the home side all three points

Andy King

Good afternoon and welcome to today's home encounter with Milton Keynes Dons.

I would like to welcome the Players, Officials and Supporters with a special welcome to their Manager Stuart Murdoch.

I have known Stuart for a long time and I think he is coping admirably with a difficult job. It can't be easy to deal with the turmoil that MK Dons have gone through in moving to Milton Keynes. The Club have moved to The National Hockey Stadium and I don't think the atmosphere there will be quite the same as that of a traditional football ground. Stuart has had more difficult times than most of us but they seem to be getting back onto a level footing and I would like to wish him all the best for the future.

At the moment though we have our own problems. By the time you read these notes we will have played Luton Town having come off the back of the loss at Wrexham. Whilst we had our fair share of possession at The Racecourse, we

shot ourselves in the foot with individual errors either side of half-time. One plus point was the performance of Andy Caton who came off the bench and scored. A lot of people will be asking who he is, but I can assure you that by

I am still working very hard to bring in a loan player or two but it is very difficult at this time of year

the end of the season you will know all about him. On the downside, David Duke and Sammy Igoe came out of the Wrexham game with injuries so we are hoping they will be ok for today's encounter.

We are still continuing with the Tottenham saga that I can't see being resolved before

today's game. I am still working very hard to bring in a loan player or two but it is very difficult at this time of year. The Premiership reserve league is starting so clubs need fixtures so fulfilling and it is difficult to get players, with the better ones available often choosing Coca-Cola Championship clubs. One example of which came last week. We lost out on James Chambers from West Brom who chose Watford and we are lacking in numbers. We need to bring in up to three loan players, including the Spurs deal, so the simple cry is patience and support really.

I still feel that the side is capable of achieving this season. Hopefully as you read these notes now we will be coming into this game with a victory against Luton.

Enjoy the match this afternoon and please keep up your tremendous support.

"Underground, overground, Wombing free, the Wombles of Milton Keynes Common are we"...

Err, hang on a minute. Something's not quite right about that. Can't quite put my finger on it. Our visitors today have attracted more than their fair share of controversy over the last couple of years.

It's all a far cry from the days of the Crazy Gang, Sam Hammam and all the antics at Plough Lane. Some fans seem unable to control their wrath when it comes to the 'Wimbledon' situation. The club has been branded as Franchise FC as well as numerous other things I can't possibly say in a family publication.

There is no question that the Wimbledon of old has been torn apart and what has replaced it is deeply unsatisfactory. We now have AFC Wimbledon and a club with a different town's name attached to it but still effectively Wimbledon AFC.

I have nothing but sympathy for the supporters who were left to decide which way to jump. The vast majority opted to get behind AFC Wimbledon and it's not hard to see why. Players and management come and go but a club is part

of a community and that's surely how it should be.

Wimbledon rose from the non-league ranks and no doubt many of their fans shared that journey with them. If they have to make that journey again then

and plonked elsewhere? AFC Swindon Town is formed by supporters and applies to play in a local league. Which way would you jump? I suspect I know the answer.

Anyway, enough of the politics and back to the

I just hope the match wasn't like last season's fiasco. I still can't believe the ref ordered a re-take after Rhys Evans saved a penalty.

After today's match we have the small matter of a derby at Ashton Gate to look forward to. Surely, surely my miserable run at City will come to an end. Three visits so far and three defeats.

Then it's Hartlepool (another 1-1 draw?) and a Bank Holiday Monday in Walsall. Let's hope August proves a fruitful month.

Get behind the lads and don't forget to check out all the Town news in your Evening Advertiser.

www.thisisswindontownfc.co.uk

The Wimbledon of old has been torn apart and what has replaced it is deeply unsatisfactory

the prevailing attitude seems to be one of 'better that than support a club that we don't recognise any more'.

Imagine the reaction if a similar thing happened in Swindon. What if the club was suddenly uprooted

football. These notes are being penned ahead of Wednesday night's clash with Luton. I hope that we're looking to make it two wins in a row today. If the clash with the Hatters didn't go well then today's clash is even more important.

Milton Keynes Dons

Manager Stuart Murdoch brings his recently re-named Milton Keynes Dons to the County Ground for the first Saturday home game of the new campaign. Relegated at the end of last season, the Dons arrive looking to start afresh and bounce straight back into the Championship. A home draw and an away defeat has seen them off to a tough start to life in League One.

Words: Simon Coy
Pictures: Phil Smith

The Dons Squad

For most clubs pre-season brings a few new players and maybe the odd change in management, but for today's visitors it meant a total face-lift.

Relegation to the third tier of the professional game last term was a blow to Wimbledon Football Club after a fairytale rise to the top of English football over the previous two decades. However, big changes have followed with a new name, a new kit, a new badge and perhaps new successes on the field.

With the move to the National Hockey Stadium in Milton Keynes on 27th September the club opened a new chapter in its history. Support for the move has split the clubs fan base but the relocation and subsequent rebranding has created the opportunity for the people of Milton Keynes to make the club their own.

Don's boss Stuart Murdoch was an active man during the summer with 8 players coming into the squad while 15 players waved goodbye, including Warren Barton who retired and Dean Holdsworth who joined non-league Havant & Waterlooville. Amongst the new faces is Gareth Edds who will be familiar to Town fans after spending a year at the County Ground.

Life in League One began last weekend with a 1-1 draw at home to Barnsley followed on Tuesday night with a 3-2 loss at Port Vale.

22 Paul Rachubka

American keeper, 6 feet 7 inches, currently on month long loan spell from Charlton Athletic. Paul, 23, also had spells at Oldham, Burnley and Huddersfield. Playing ahead of Scott Bevan.

3 Dean Lewington

Left back who came through the youth system. Player of the season in 2003/04. Dean, 20, is the son of Watford manager Ray Lewington. Scored first goal at Reading over Christmas.

6 Ben Harding

Another product of the youth system. Young midfielder who scored a brace in Tuesday night defeat at Port Vale. Good passer of the ball.

8 Wade Small

Skilful attacking midfielder who came via the clubs academy. Fast and agile. Wade, 20, was linked with West Ham but chose to stay with the Dons.

13 Gareth Edds

Australian defender signed from Bradford during the summer. Played for Swindon in 2002/03 making 18 appearances. Gareth, 23, came through youth ranks at Nottingham Forest making 11 league starts.

15 Laurent Herve

French midfielder who was another of the Dons summer signings. Made the move into English football from French Division One side Guingamp who finished 3rd from bottom of the league.

18 Steve Palmer

Joined from QPR over the summer as player-coach. Vastly experienced defender, 36, who has played nearly 500 games for QPR, Watford and Ipswich over 15 year career.

23 Izale McLeod

Young striker signed from Derby in July. Spent two months on loan at Sheff Utd last season. Scored Dons goal last Saturday against Barnsley but was also booked.

2 Harry Ntimban-Zeh

French central defender signed last March from Sporting Espinho. Made 10 appearances last season and will hope to feature more this term. Has also played for Racing Club Paris.

5 Mark Williams

Dons skipper with experience in the Premiership whilst at Watford. Played 30 times for his native Northern Ireland. Tough central defender who was player of the year in 2000/01.

7 Malvin Kamara

Midfielder who can also play at the back. Malvin, 20, is a fans favourite and has already been watched by Premiership scouts. Strong in the air and good on the ball.

9 Allan Smart

Summer signing on a free from Crewe. Scotsman Alan, 30, has played for 10 other clubs with most of his appearances coming for Carlisle and Watford. Striker.

14 Shola Oyejedele

Yet another playing coming through the Dons youth academy. Strong central defender who shone in the reserves. Broke into the first team at the end of last season.

One to Watch **Gary Smith**

Stuart Murdoch was pleased to again secure the services of skilful midfield man Gary Smith for the current campaign after signing the player on a free transfer from Middlesbrough. Smith had begun his footballing life as a trainee at the north east club.

The 20-year-old Riverside youngster had already impressed last season after arriving at the National Hockey Stadium on loan in late March. He made 10 starts at the end of the league campaign and made his mark with 3 goals. At Ipswich he scored a consolation for the Dons in only his

second game for the club. He also hit the target against Bradford and Gillingham.

Smith is the first choice in central midfield being both good on the ball and aware of goal scoring opportunities. Although not fully match fit last season he proved to be one of the high points of a tough campaign often making a late impact on games. This season will bring high hopes that he will prove his potential, linking in the middle of the park with tough tackling ball winners like Laurent Herve and Ben Chorley, thereby offering them an outlet for creativity and goalscoring flair from midfield.

thegaffer

Stuart Murdoch

How many managers travel an extra 70 miles to go to work but without moving clubs? Stuart Murdoch is such a manager having travelled with the Dons as part of the relocation. Since taking over the hot seat in June 2002, Murdoch has been in charge for just over 100 games.

He began as caretaker boss after Terry Burton's departure and impressed the board into giving him the job on a permanent basis. Having steered the side into 10th place during his first season in charge he was unable to stop the slide last campaign as the Dons finished bottom of the table. This was more to do with the loss of players through a difficult financial period than through Murdoch's skills as the man in charge.

Murdoch's association with the Dons began in 1998 when he joined the club as goalkeeping coach after holding a similar position at Watford. He worked under Joe Kinnear amongst others and looked after such notable keepers as Neil Sullivan.

Visitors Interview

Gareth Edds

MK Dons midfielder Gareth Edds needs no introduction to The County Ground having been a member of Andy King's squad during the 2002-2003 season.

Gareth is an Australian U23 international defender who joined MK Dons in July from Bradford City.

He came through the youth ranks at Nottingham Forest, before spells at The County Ground under Andy King and with the Bantams. He made just 18 appearances in a Town shirt before being handed a free transfer and after a season at Bradford, joined up with the newly named MK Dons.

During his time at Forest, he became acquainted with then reserve coach Jimmy Gilligan, who is now of course first team coach at Milton Keynes Dons. Edds was on the bench for the Dons in last weekend's home draw with Barnsley and returns to Wiltshire for the first time this afternoon.

Firstly Gareth, tell us a bit about yourself.

"I went to a sports school in Australia where they had football as a specialist sport as part of the lessons. A brilliant coach called David Lee helped me a lot and I eventually came over to Leeds United on what they call a 'Big Brother' scholarship, where you went to a club for five weeks to see how you get on. Harry Kewell was also on it.

I learnt my trade, working with people like Paul Hart, Jimmy Gilligan, Steve Wigley and David Platt. They were the people that helped me through.

"After six years at Forest I went to Swindon, where I stayed for about nine months until I was snapped up by Bradford City. There were some experienced players like David Weatherall and Wayne Jacobs there, and they were really excellent for

saying we were allowed to go. A lot of players made the decision to leave because of the financial troubles.

"There were problems in paying the wages and we had to make a decision both in financial and playing terms. I knew Jimmy Gilligan from my days at Forest and that was a big influence on my move to the Dons."

So how are things going so far at your new Club?

definitely got a good chance of being in the top half.

"I've played in this division before with Swindon - it's a tough division but I think we've got what it takes to make the jump up."

And how was pre-season in Iceland?

"It's was good fun out there. It was cold, but apart from that the lads enjoyed it. We got through a lot of hard

I'm very pleased with the club. I think it's heading in the right direction.

"Current Barnsley manager Paul Hart was leaving Elland Road at the time to join Nottingham Forest and I followed him there. I ended up having six years at Forest, which I enjoyed tremendously. It was a great club to be at, the professionalism was unbelievable, and that's basically where

me. I really enjoyed it and it got me back on track to basically where I am now."

What was the situation at Bradford City?

"Every player there was on a free transfer. The administrators were in charge of the club and they gave us all a letter

"I'm very pleased with the club. I think it's heading in the right direction. I think we've got some good players and to be honest I think we've got a good chance this coming season if everyone stays fit. We've got some experienced players and also some young players with great enthusiasm, and we've

work, but that's what it's about in pre-season. We were staying in a school and were are seven of us per room. It was fine and I've stayed in worse places!"

Thanks to Simon Heggie, MK Dons.

Both Anita and Debby are keen keep fit fanatics, having both just joined the local gym in order to keep trim and in line with their high profile positions within the Company. They are presently looking into expanding into the property market, such is the wide scope of talent offered by the two young and youthful entrpaneurs.

On behalf of the Club I would like to wish Anita and Debby, and members of their families, a very enjoyable day out at the County Ground this afternoon.

Sporting Dinner

Once again we will be kicking off another season of our very popular Sporting Dinners. The first of these popular evenings is on THURSDAY 14th OCTOBER here at the County Ground when our first guest speaker will be ex Manchester United and Aston Villa manager **RON ATKINSON**.

As a player, manager and TV pundit, Ron Atkinson - widely known as Big Ron - has been involved in professional football for more than forty years. The 65-year old former Manchester United has attracted attention more recently for apparent comments made off air and is sure to have most of the audience entertained with his stories from his time within the sport.

He has provided summaries at five World Cups, six European Championships and many other matches for ITV including Champions League and FA Cup Finals.

It was as a manager that Atkinson really made his mark on the game, with his most successful spell at Old Trafford. He led Manchester United to FA Cup victory in 1983 and 1985, not finishing lower than fourth position in the First Division. Since retiring from playing, management and then being unceremoniously sacked from television work, Atkinson is now looking for a new career on the guest speaker after dinner circuit.

These Dinners have become more and more popular and are always very well attended. In a high majority of cases we have also had to put up the **SOLD OUT** signs. Therefore if you would like to book a table for this Dinner or would like to know more details and prices, then please ring Stephen on 01793 333718 or e-mail myself at mike@swindontownfc.co.uk

Hello there and welcome to the new and improved Duke's column....

This column is not something I really wanted to take over as its been shown to lead to premature greyness and a boring personal life but due to popular demand the David Duke column is no longer.

To show there is no hard feelings though I have promised Duke's I would let everyone know the column fan club will still be held in the phone box behind the Arkells stand every second Tuesday (revenge is sweet my friend, revenge is sweet).

direction I see no reason as to why we can't.

Though we haven't made many signings, the Gaffer has gone for quality over quantity and I feel keeping the players that were out of contract in the summer was a major factor for the club as well. This is beginning to sound a bit serious now so I'll move on to welcoming the new players. WELCOME!

You would have been informed of our results when we were away, but I feel it is my duty to inform you of the major

Finally a regular part of this column will be "Nugget Of The Week" and will be awarded to anyone at the club (management excluded) who I believe deserve this unenviable title. Items will range from dodgy dress sense, bad haircuts to embarrassing behaviour! Looks as if narrowing down this Nugget wont be as easy as I thought!!!!

but as he wrote his age in the handicap column I feel it is right he was disqualified

In all seriousness though it is good to be back and everyone at the club is looking forward to the new season. After such a disappointing end to the last campaign there is a strong desire amongst all the players to go that step further and if everyone connected to the club, from groundsmen to tea ladies push in the right

result of the Bodmin tour, the Golf Day.

Although there were more cowboys involved than the Alamo yours truly still came out on top. In fairness Gurns also scored the same points but as he wrote his age in the handicap column I feel it is right he was disqualified. It was a miracle Reeves never won it.

Until next time, have a good season and keep up the support!

Youth Team Summer Report

Under 18's Pre-Season Friendly

Saturday 7th August

Swindon Town 0
Brighton 2

Swindon hosted Brighton and Hove Albion last weekend and controlled the first 25 minutes of the game.

Playing 3-5-2 in contrast to the visitor's 4-4-2 system Brighton struggled to contain our good attacking play. The final ball in this fixture was improved to that from the Watford game although chances went begging from Chris Taylor, David Stroud and Lance Lewis.

Missed chances from the Robins seemed to spur on Brighton who came into the game

in the last twenty minutes of the first half. However, good defending from our back three and stout goalkeeping from Matty Bulman kept the scores level at the break.

Brighton changed their formation in the second half and the game then became very expansive with Town being stretched defensively. The Seagulls were now causing major problems at the back and went one up on 61 minutes with a breakaway strike.

After going in search of an equalizer, Town were dealt a blow when Matty Bulman spilled the ball with Brighton taking full advantage to make it 2-0.

"Once again we started with different formation as Luke Garrard was involved with the first team so we changed from a 4-4-2 to a 3-5-2 system", said Jimmy Fraser.

"From our point of view we still created a few chances with Leigh Henry hitting the post but were still unable to break the deadlock. It was another good footballing performance but our players must learn to take their chances in games and we must be prepared to work on this in training to improve.

"In terms of our defence, we need to be more disciplined especially in the central midfield

In the second period the home side continued to dominate but were let down by poor finishing and play in the final third as the game ended with a 0-0 draw, although it was a useful workout in very hot conditions with a 2.00pm kick-off.

"From a fitness point of view it was good but we do need to concentrate on our finishing and learn to kill teams off", commented Youth Development Officer Jimmy Fraser.

To coincide with our first home League game on a Saturday here we have random jottings on last weeks away day to Wrexham.

Did you wake up with that same tinge and sense of anticipation? We were on the road around 9.30 passing the Barnes supporters coaches by the transfer bridges roundabout and heading off for the M5-M6-M54-A5-A483 to the Racecourse.

En-route there was the St Modwens Duraflex Development by the motorway, a Roy Evans car dealership, a Dangerfields mini bus full of STFC Supporters,

the Oswestry Show and its traffic jam and an AC/DC convention on the building next to the ground!! How many of their song titles could we work into the commentary?

We arrived around 1.00 and were just setting up our outside broadcast equipment as the players appeared on the pitch with the sun beating down and the temperature rising. The most famous face in the press box was former Wales International Goalkeeper, Dai Davies, an Everton contemporary of Andy King. The Manager

talked to us on the touchline around 2.30 confirming his wafer-thin squad and the inclusion of Luke Garrard and Andy

and tactical reasons respectively. We all now know what happened during the 90 minutes including the appearance of the

controversial Wrexham Chairman in the crowd which seemed to inspire home fans to get behind the team.

Post-match interviews with Andy King, Brian Howard and Grant Smith were followed by the long journey home, even longer when you've lost. On our service station stop we bumped into Yeovil fans returning from a defeat at Boston and we also knew by then that Oxford and Tommy Mooney had also lost. Bart Griemink at Southend was beaten too. QPR with Mark Devlin had drawn.

Here's hoping we pick up all three points today!

Town's Francesco Totti look-a-like on defecting to Oxfordshire, playing the guitar & going to bed. A lot.

Words: Nick Judd

Those that turned up to watch Town's charges warm-up against last season's FA Cup runners up, Millwall in July, could have been forgiven for thinking that Andy King had pulled off a transfer coup of titanic proportions.

For playing in the centre of the usual suspects in midfield appeared to be a 'continental' looking midfielder (hair tied back with alic band - you know what I mean), stroking the ball around nonchalantly and looking comfortable on the ball amid the snappy legs of messrs Wise and Morris. Could it be that the gaffer had managed to prise

Totti away from Roma? Crespo from Chelsea perhaps? Alas no, for on closer inspection we find out it's none other than the boy from Brazil, Stefani Miglioranzi! "I'm not as good as Totti, for starters," laughs our Mig when I quiz him on his flowing locks. Having seen Totti's tempestuous performances in Euro 2004 I'm not so sure - but at least the gaffer will feel like he's landed a European to boss the midfield this season!

The current campaign will be the former Pompey midfielder's third successive season in a red and white shirt - not bad for a player signed initially on a month-to-month

contract in July 2002. Complimenting Hewlett's robust style of play and Turbo Robinson's tireless efforts the County Ground faithful have enjoyed watching Miglioranzi getting his foot on the ball, slowing the game down to his own pace and bringing other players into play from his central midfield position - a rarity in these parts since the days of John Moncur and Micky Hazard. Not only that, but who can forget his infamous strip on the pitch at the end of the 2002/03 campaign, when he left the pitch wearing nothing more than his under-crackers? I bet he drinks Carling Black Label...

Sammy Igoe was introduced to me as 'the lizard', I've never known why - you'll have to ask him. He was shorter back then...

You made your debut against Wimbledon two years ago in a pre-season friendly - what do you remember about your impressions of the club back then?

It was such a long time ago now, but I remember being grateful for a fresh start at the time. I was happy with the club - I had seen evidence of some good players and so I was looking forward to the challenge. I remember playing against Wimbledon as well, they were very physical and I'm sure probably still will be - even if the name has changed!

They were a difficult side to beat then - what do you know about them this time around?

Like a number of sides in this division now; very little. I have played against them a few times in my career and they have always been a tough side to beat - and I can imagine that it will be more of the same now. I must say I'm surprised by the way in which they have come down the divisions - but a lot of the old players have gone and they'll be very much an unknown quantity.

Playing on a month-to-month contract back then, did you ever expect to be here two years on, to have played so many games and experienced so much?

That was the plan - I'd been injured and so was hoping for a regular spell in the side to make an impression - and so far it's worked out well. I have always worked hard to try and maintain a high level of performance because inside me there is always a small hope that perhaps one day I can play at a higher level?

Last year was a good season for you personally - consistently good form and four goals - what's your aim this year?

To be better, not just for myself but for the team. Yes I'd like to score more goals, but playing to a higher level and helping the team achieve its goal is what I'll be hoping for.

How did you relax in the summer after the exertions of last season? Was it a case of spending time with the family - did you get back to New York or Brazil?

It was difficult to forget what happened at the end of the season. I tried to involve myself with family things but it's hard, the pain of something like that doesn't go away. It is possibly my worst experience in football, other than being injured, but these things can often drive you on and I think it will be the motivation we need to succeed this year. But I managed to get over to Brazil to see my auntie, uncle and cousins - my Mum joined us from New York and my sister travelled over with me from England too - it was the first time we had all met up for five years, so that was cool.

We hear you've started playing the guitar in your spare time too...

I have a lot of free time as a footballer and it's a calming influence for me. I've been playing for a year-and-a-half now and I'm getting better, although there's no plan for a rock band just yet! I think I'm at the stage where I need more direction, but it's nice to play when with the family and stuff.

A little birdie also tells me you can sleep for England - is this true?

(laughs) I do like to relax, especially after training. It's not been unknown for me to sleep after training, straight through to the next morning - I suppose it

depends how much sleep I get the night before!

And you've also defected to Oxfordshire? Had you had enough with lift-sharing with Sam Parkin...

No, I had some good times with Sam and we

became good friends when travelling up from London - he was good company. But the travelling was getting to me and where I live now, it's so much quieter. I spend less time in the car and I appreciate it.

After the coach told me to bulk up, I probably went to the gym every day for about seven years..

Is it true that when you were in America, you were once told you were too skinny to make it?

Yeah. I was building up to university and was playing for a local uni side. The coach back then suggested that I needed to bulk up if I was going to progress any further and so he put me on this weight programme. I did it religiously, and probably went every day for about seven years...

Good effort, and it's paid off....

Yes it has, but it was a lot of hard work.

When you arrived in England you had clubs fighting for your services - looking back on your career changes do you ever regret not staying with Everton?

No, because I would have been playing reserve team football.

But you could have played with Wayne Rooney...

I suppose so, but I don't really remember many young players from my

Everton days, just the likes of Don Hutchison and Nick Barmby... But Portsmouth gave me a chance of first team football and I took it. And after my first season, when I received offers from clubs like Bolton, I decided to stay on because Alan Ball had convinced me I was part of his plans.

I suppose if you hadn't joined Pompey you wouldn't have teamed up with Mr Igoe...

(laughs again) He was introduced to me as 'the lizard', I've never known why - you'll have to ask him. He was shorter back then...

What's the story behind the new haircut? One fan behind me at the Millwall game thought we'd signed Totti!

I decided to grow it last year for a bit of a change. I'm not sure if it'll be around much longer, though...

Everyone knows you as a nice guy, but the gaffer has always gone on about us being too nice as a team. You've only been booked twice in

your time here, has he ever tried to toughen you up?

I don't think the gaffer sees it as a character flaw, and that ruthless edge isn't really me - I can't change myself.

Fair enough. One final question then: apart from us (fingers crossed) - who do you think will be at the top end of the table come May?

Bristol City, Tranmere and Hull - they're a bit of an unknown quantity but have a bit of money. But we have enough talent here, if we apply ourselves well we won't have to worry about anyone else.

Swindon v Clevedon

See the girls in action on Sunday at Aldbourne FC. Kick Off 2:00pm. For more information call John White on 01793 824470.

Countdown Continues

Swindon Town Ladies' new season starts on the 5th September when all teams will be in action following ten weeks of training and pre-season friendlies.

New First team Coach Mike Brown is cautiously optimistic about another season in the South West Combination League. He says that the team will be a mix of experienced players and new comers with some promising youngsters getting a chance of senior football. Last year the Town had to rely on a lot of young players making up the back bone of the team but these players have now benefited from the experience. It will be a

difficult season playing at this level but I feel that we are capable of maintaining a strong mid table position. With so many talented youngsters coming through the future certainly looks bright.

John White will again manage the Town Reserve side who will play in the Wiltshire County League. John is looking forward to an enjoyable season with several new faces. There are new clubs entering the league so we are looking forward to meeting some new sides John said. As before many players will be new to the game a so it will be interesting watching them develop over the season.

The Town will field an Under 15 side for the first time, who will be made up of last years successful Under 14 players. Kerry Lewis runs the side who will play in the Surrey Primary League and he hopes that the team can carry on from last year when they won both the League and the League Cup. It would be great to exceed last year's performances when they won every game except one when they were held to a draw.

Any girls or women interested in play football should contact Club Secretary John White.

(Tel: Swindon 824470).

Girls Help "Tackle Africa"

Former Town Assistant Manager Malcolm Crosby receives a playing kit on behalf of "Tackle Africa" from Town Ladies Team Captains Kim Reeves, Sam Masters Debbie Osborn and Sophie James. "Tackle Africa" is working with Christian Aid to organise football matches with local clubs and schools and these events will provide a great opportunity to help break down the stigma people living with HIV/AIDS face and increase communities' understanding of how infection can be prevented. The scheme is backed by a host of celebrities including Sven Goran Eriksson, Gareth Southgate and Atomic Kitten.

Supporters Club

Last season was a successful one for the supporters club with paid membership at the highest level since the club was formed...

The numbers travelling with our official travel organisation SAS Travel were considerably up on previous seasons as fans roared the team into the play offs. Please help us move forward by joining for the new season.. Our members receive discounted away travel and 10% discount in the Football club shop.

Thank you to all supporters for participating in our fund raising and our helpers who give their own time in the cause of helping us support the football club in what ever way we can.

Don't forget to participate in the half-time draw, sponsored again by the SAS travel ,which last season raised over £10000 and from which, the football club and particularly youth development, will benefit.

Away Travel

The season is already underway and full details of away trips can be found on SAS travel

web site. Supporters club members received a discount of £2 on the cost of that trip with further discounts available at other matches. If you wish to travel all season an away travel season tickets costs £290 and you can travel to all cup matches at half the published price

Those visiting will find that the fabric of the building has improved dramatically during the close season and a huge thank you to John Burt, Richard Bridger of Highworth Felt roofing and Johnny Hatto for their help in restoring good order.

The away travel office also houses our programme shop where you will find Mike Skinner who does a fantastic job in keeping a fine stock of programmes available from all over the country. The sales of these programmes help the fund raising and thanks to Mike for donating yet another £500. Mike would welcome any programmes no longer required by fans whether they are Swindon Town or not.

League Review

Hull City celebrated their return to League One with a 1-0 victory on home soil against Sean O'Driscoll's Bournemouth...

 Stuart Green proved the match winner for Peter Taylor's outfit from the penalty spot, in an accident that resulted in the dismissal of Neil Young.

Green later had the opportunity to double Hull's advantage with another penalty but this time Neil Moss guessed right and saved well.

Much fancied Sheffield Wednesday showed that the bookies can be wrong as they

Stuart Green

fell 3-0 to Colchester United.

A goal in the 85th minute from pacey striker Craig Fagan gave the U's the lead, before Sam Stockley and Joe Keith added to the misery in Hillsborough.

 Another side tipped for promotion, Bristol City, failed to take maximum spoils against new promoted Torquay at Ashton Gate.

Leroy Lita gave Brian Tinnion a dream start to management in the 59th minute but The Gulls levelled in the 52nd courtesy of a Steve Woods penalty.

 Martin Allen's Brentford endured a miserable trip on their travels to Chesterfield, losing 3-1.

Wayne Allison on his debut, Caleb Folan, Tcham N'Toya netted for The Spireites - while Alex Rhodes netted a consolation in the 70th minute for The Bees.

 Doncaster settled quickly to life in League Two with a comprehensive 2-0 win over Colin Hendry's new look Blackpool side.

Tim Ryan netted a 30-yard drive in the eighth minute, before experienced striker Leo Fortune West doubled the advantage for Dave Penney's new boys.

 Bradford were unfortunate on their travels to Neale Cooper's Hartlepool, as they fell to two late strikes at Victoria Park.

Dean Windass had given The Bantams a

Leroy Lita

54th minute lead, with a neat finish, but an Adam Boyd penalty and a well placed strike from Hugh Robertson stole the spoils for Pools.

 Mike Newell's Luton Town came from behind to claim a 2-1 victory over Oldham at Kenilworth Road.

Latics defender Will Haining registered on the ten minute mark, but a goal in each half from Steve Howard and Kevin Foley gave Luton the points.

 A goal from MK Dons' Izale McLeod on his debut rescued a point for the League Two new boys, after another debutant Paul Reid had handed Barnsley a first half lead.

Brian Little's title favourites Tranmere failed to ever get going on their trip to London Road and it was Barry Fry's Peterborough who took the points in an impressive 1-0 win.

David Farrell had already rattled the bar, before Sagi Burton rifled home an 80th minute winner for Posh.

 Huddersfield recorded an excellent 3-2 at Stockport County, after two late goals from Andy Booth and Pawel Abbott.

Tony Carrs handed The Terriers a lead on half-time, before Luke Beckett and Warren Feeney gave Stockport a 2-1 lead.

Tim Ryan

However, two goals in the final three minutes gave Peter Jackson's side a 3-2 win.

 Paul Merson's Walsall won an eventual encounter at The Bescot Stadium, 3-2 against Port Vale.

Matt Fryatt won and scored a penalty to give Walsall a lead, only for Billy Payntor to equalise and get sent off in the 61th minute for over-celebrating.

Leroy Williams and Daryl Taylor handed The Saddlers a 3-1 advantage in the final ten minutes, before Lee Matthews registered a 90th minute consolation.

Ian Roper also saw red in the 67th minute for a second bookable offence.

Another tipped side to falter were Andy King's Swindon, who fell 2-1 at Wrexham.

Denis Lawrence and a Chris Armstrong penalty gave The Dragons a 2-0 lead, before Andy Caton reduced the deficit with a late consolation.

Travelling away from home to see Town play can be a great day out. Whatever the result there's the chance to visit a new ground or revisit an old one. There's a new town, a new pub and maybe a traffic jam or two for good measure.

We would like to hear about your travel tales in a new section called Fans Diary on the Red Army page. Send us in your away trip story and we can all share your experiences. Perhaps something amusing happened or maybe the trip was memorable for another reason.

Last season's trip to Blackpool was captured in print by Mark Bowler and his merry band of seasoned travellers and this time it could be your turn. Did you go to Wrexham last weekend? How about the pre-season friendlies? We want to hear your stories now! This is your section and for any tales we print this season we will reward you with the matchday programme signed by all the Town players.

Send your 200 word account to chris@swindontown.co.uk as soon as possible and the first Fans Diary will be printed in the Hartlepool programme on 28th August.

Future Talent

Seen above is Archie Hanrahan who was born on July 21st. Archie's also has a twin sister Sydney, however, it seems that Archie is leading the way to take his place in Town's FourFourTwo.

TopFive

Following on from Wednesday's introduction to the brand new 'Top Five' feature, today we bring you the first topic to vote on.

All you have to do is choose your top five goals from last season, and if your selection matches that of our panel, then you will be in the draw to win a signed STFC shirt.

To watch the goals, log onto STFC World at swindontownfc.co.uk

Football in the Community

Welcome to today's game

Good afternoon and welcome to today's game and let's hope we can get our first points of the season this afternoon.

Despite the odd shower this week's course has gone really well with a hundred and seventy youngsters enjoying themselves over at St Josephs School. We are delighted to see so many of them now donning the Swindon Town colours in preference to the Arsenal's and Manchester United's of this world.

We cannot believe we only have two weeks remaining with us on our travels next week to Marlborough and Chippenham with us returning for the last week back here at the club.

Our coaches again have done a magnificent job and we would like to pay tribute to David Brown who has worked on forty-seven courses over the years and has always taken group one which are our five year olds.

Dave's enthusiasm and caring nature with the children is a joy to watch and he really epitomises Football In The Community at its best. Not only is Dave a valuable coach to the club but he is also a tireless scout. He travels far and wide looking for up and coming talent and we feel he deserves great credit for pursuing the talents of Andy Caton who has recently broken into our first team. It was Dave who notified the club of the talent of Andy and it has paid dividends

over recent weeks with him breaking into the first team.

Well done Dave and keep up the good work.

Finally. A quick reminder of our next course at the end of October here at the club, places are limited so please contact us as soon as possible if you are intending to join in the fun during the half term.

Enjoy the game...

Oh What Fun it is to see Swindon win Away...

... at Rushden & Diamonds, August 24th, Nene Park Words: Richard Keast

After the City derby on August 21st it's the Carling Cup, where we visit Nene Park, home of Rushden and Diamonds, the only senior club in England named after a Breakfast TV presenter.

Getting there:

Unfortunately, another unique thing about Nene Park (pronounced Nenn by the locals for some unknown reason) is that it is the furthest senior club ground from a railway station, Wellingborough being all of six miles away, so with it being mid-week, road transport appears to be the only feasible option as follows: A420

then A34 round the top of Oxford, carry on through the Pear Tree interchange until you hit the M40. Go north for one junction until the A43. Follow A43 to Northampton, then A45 to the junction with the A6, turn left towards Irthlingborough, ground is on your right where there is acres of parking space. It's about 90 miles.

Pubs:

None immediately around the ground. Try the Needle and Awl, Northampton Road, Rushden, just off the A45, one junction before the A6. It's a typical Tom Cobleigh pub, i.e. huge! Excellent

selection of food, Sky TV, serves Fosters, Stella, Guinness, Greene King IPA and Abbott amongst others.

Ground:

A) The perfect blue print for all small clubs to follow or B) dull, soulless with no atmosphere or character depending on your point of view!

Fave game:

Only been once (like most Town fans I expect) last Boxing Day, the only memorable moment being Rory clumping Barry Hunter after 20 minutes of his full debut and getting red carded. I wished I'd stayed in the Needle and Awl!

Coca-Cola LEAGUE 1

Saturday 28th August
KickOff 3:00pm

On the last League game of last season, Town faced Hartlepool United with both teams chasing a play-off place. Just three home game later on 28th August, 'Pools return at the start of 2004/5 to begin the process all over again.

Hartlepool's new campaign started at home to Bradford City when goals from Adam Boyd and Hugh Robertson overturned a goal deficit to start the campaign on a winning note. Then Robertson was on target again last Tuesday when he opened the scoring at Tranmere, a game

Photo: Action Images

that ultimately ended in defeat after Rovers replied twice.

Ex-Torquay United striker Eifion Williams finished last season's top scorer on 13 with Boyd just one behind.

Manager Neale Cooper retained most of his squad through the summer including his two top scorers. 21 year-old keeper Jim

Provett missed just one game last term after coming through as a trainee and he is again between the posts, while ever present midfielder Richie Humphreys beat even Provett's appearance tally.

That 46th game of the season last May ended in a 1-1 draw, a result which gave both clubs a top six finish, although 2003/04 ended in

disappointment for both Town and Hartlepool, beaten in the play-offs by Brighton and Bristol City respectively.

A play-off place must be considered the minimum requirement for both clubs this time around. How important will the points on offer in two weeks time turnout to be for either club in nine months time?
