### On recent results...

**WE** want to stay professional but the last two results have been amazing. Every manager would want to go into a game on the back of back to back 5-0 victories, but we must keep everyone grounded. The players have been training hard because we always want to do better.

### On James Collins...

**JAMES** came off the bench on Tuesday and the goals he scored were amazing to be honest. They were the goals from a typical number nine and bringing him off the bench against Portsmouth was a positive change and thankfully for us it had the perfect result. I was pleased for him and pleased for the team. Now he must keep working hard but I am sure there are more goals to come from him.

### On Carlisle...

**THE** game up there was a strange one but we came back and battled for the point. We have changed a few players since then and they have had a few changes, but we know what they will bring today and we must do our best for

### On today's visitors...

**EVERY** player goes into games wanting to do a good job. Carlisle will come into today's game on the back of a defeat at Crewe but they will come here after a result. Carlisle can damage and hurt us because they have talent and have been in good form. Our last few results may have worried them, but we must not fall in a trap. I am sure they will come here and give 200%.

a win. We have done our research as always and know what type of threat they will bring.

### On team selection...

**WE** have had consistency in team selection over recent weeks but that doesn't mean we cannot change now. The results have been good and we have maturity in the side, but I have to be elastic. The players have been guaranteeing the same level of performance to me and that has been shown with the results. We have a strong squad, as you saw from the impact from the

bench on Tuesday.

### On transfers...

**DARREN** Ward has joined us now and I am very happy to have him on board. His experience has been very important and I am sure he will be an asset. We are also trying to secure deals to keep some of the other loan players here. We have been working hard and perhaps we can have some news early next week. The next game after today is at Bournemouth and I would like to have a few things sorted before we go there.

### In reflection...

**TUESDAY'S** result was amazing and I must say thanks to the players because they all behaved as fantastic professionals. We had a meeting with the players over the Christmas period to try and

determine why we weren't getting results at the start of the season at home. It was interesting to listen to the views of the players. They felt they were under pressure after a fantastic home record last season, but we didn't start well. The players proved against Portsmouth that those sorts of problems have gone. Now we must keep going because we want to achieve something more than just a good season.

The background of the advertisement is a dark blue night sky with two large stadium light towers on either side, each with a grid of bright white lights. The text is centered in the middle of the frame.

# Alan McCormack...

**It's** not often you can reflect on back to back 5-0 wins as a footballer, but the boys have been working really hard and the performances reflect that.

**THE** two games that were called off could have hindered us but a lot of work was done at the training ground and everyone has been looking good. On Tuesday against Portsmouth we took our time to get going but then we came out in the second half and gave things a really good go. Once everything clicked into place then you could see our true talent in the second half and I am sure everyone went home happy from a Swindon Town point of view.

The recent wins we have had have been great in terms of goals scored. At home we were putting teams to bed last year and we have that confidence back now. There was great support at The County Ground again on Tuesday and I speak for all the lads in saying just how much that backing is appreciated. We want to be winning each and every game at home and that has to be the target. I think if we can do that then we have a great chance of getting out of League One. I had a shot the other day against Portsmouth but I think that ball is still travelling!

Training this week has been spot on and we came in on Wednesday already with an eye on Carlisle. We have worked hard to try and identify their weaknesses and we've gone into great detail to give ourselves the best possible chance of coming away with another win this afternoon. We know we have to approach the game in the right way and we need to start with good pace and tempo. If we can

do that then hopefully the goals – and the points – will follow.

It's been a great start to 2013 but I am not one for making resolutions. All I want to do is make sure I keep improving as a player and I spoke to the manager this week about trying to do that from a defensive point of view. I am a full-back now and I'm trying to learn all the time. I am trying to work on my left foot in training but the rest of the players have made it easy to settle in there. All the lads are continuously trying to improve and that's a great attitude to have.

Hopefully you will all go home happy after today's game and thanks once again for your tremendous support over the past few games. There was a massive crowd here for Portsmouth on Tuesday and hopefully the crowds will keep coming back. Your support makes a massive difference.

**McCormack:** Continuous improvement

## The Birthday Boy...

**TOWN** fan Nick Lough is at today's game to celebrate his 18th birthday as a surprise from his family! He will be watching his beloved STFC in the company of his Mum, Dad and his girlfriend – Lisa. Nick lives in Newcastle and travels long distances to watch the Town play.

His first ever game was an away game at Carlisle United – so it's appropriate that today's celebrations feature the very same side! Nick's Dad, Nigel, commented: "Nick's passion for sport, particularly football, has seen him in these last few weeks applying to universities with a view

to studying Broadcast Journalism.

"Swindon Town FC has played an integral role by providing him with invaluable work experience, enabling him to produce portfolio work that has already impressed the universities he has visited, for which he is so grateful."

## Happy Birthday...

# vs Portsmouth

**Tuesday's** big home win was sponsored by Excalibur Communications who are seen below...

## Man of the Match vs Portsmouth

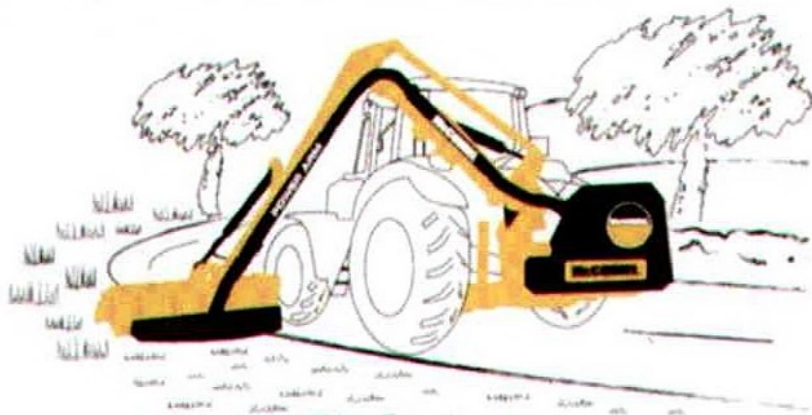

### James Collins

**WHAT** a second half substitution that was by Town boss Paolo Di Canio! Collins stepped off the bench and hammered home four goals soon after entering the fray to ensure he took home the matchball as a memento of the day. The striker had already scored three in one game - at Stoke City in the Capital One Cup - and took his tally to 12 for the season.

# Board Report...

**Good** afternoon. Welcome back to The County Ground, so soon after that excellent New Year's Day 5-0 win over Pompey, what a performance and what a way to start 2013.

**PAOLO** Di Canio's Red and White Army gave you five goals to kick off your Christmas and a further five to begin your New Year. High standards of expectation have been set so hopefully we will witness another good attendance this afternoon and another goal feast.

However, this afternoon's fixture against Carlisle United affords me the opportunity to welcome to the STFC Boardroom, Andrew Jenkins and John Nixon, the two Carlisle directors who in my view are two of football's real gems and true gentlemen. In addition to his role as the Carlisle Managing Director, John is also the Chairman of the Football League Trust and in this role does an exceptional job. They breed good men in Cumbria.

I am sure that you enjoyed the humour, some may say gallows humour, that the traveling band of Pompey supporters displayed on their visit here. They have lived through some very difficult times and indeed continue to struggle in Administration but what support and what FANTASTIC banter. They are a great credit to their club and they certainly had the tills ringing in Bar71.

We have now entered the January transfer window and there is always speculation about who may come in, who may go out and who may stay. At the time of writing these Boardroom notes, the club is having to address the whole issue surrounding funding, and the Wage Cap Protocols, factors which are inhibiting the club from participating in any transfer activity at present. So we have to work in the moment

and hope that one way or another, matters can be successfully resolved. Paolo has assembled a very strong squad of players and under his guidance I am sure they will continue to acquit themselves very well, whilst the uncertainty is removed.

Not covered by embargoes and Wage Cap Protocols is Marie Saunders. Marie announced on Christmas Eve that she has been offered a position within the Football League as Events Officer and so after five years of loyal and dedicated service to the club, one of the most popular members of staff, with the broadest of smiles, will be leaving us on January 31st. A sad day for the club but a wonderful new opportunity for Marie and one that is well deserved. I am sure you all join me in wishing her luck. But Preston dear Marie, Preston!

On the subject of fleeing the nest, poor Rockin' Robin is not fleeing anywhere for a while. He dropped a frying pan on his foot over Christmas (doing keepie uppies I imagine) and so he got literally plastered as a result of a broken metatarsal. Get well soon you Old Bird.

As you know, the most valuable asset the club has is its supporters and we always need your support on matchdays. Do keep an eye out for the promotions that we are doing for the February fixtures and encourage friends to come along too.

Enjoy today's game, live for the moment!

They have won four games apiece at home and on the road and come to Wiltshire on the back of a 1-0 reverse at Crewe Alexandra on Tuesday. Former Sunderland winger Andy Welsh, defender Sean McGinty and young striker Mark Beck may also feature.

## In The Spotlight...

**Today's** visitors have plenty of experience in their ranks and they come to The County Ground looking to return to winning ways after a midweek defeat at Crewe...

### Goalkeeper – Mark Gillespie

20

2012/13 Apps: 17

**THE** 20-year old goalkeeper has made 17 appearances this term after wrestling the number one shirt away from Adam Collin. Newcastle-born Gillespie joined the club on a YTS contract in the summer of 2008, having previously been a part of the Newcastle United academy. An injury to first-team keeper Lenny Pidgeley saw him promoted to the first team squad in February 2010,

taking his place on the bench for the League One clash here at The County Ground. His eventually made his Carlisle debut at Norwich City in a 2-0 win in May 2010. That appearance made him the youngest ever goalkeeper in the club's history at 18 years and 42 days, beating the previous record set by Carlisle current goalkeeping coach Tony Caig in 1992.

### Midfielder – James Berrett

21

2012/13 Apps: 26

**MIDFIELDER** James Berrett scored the only goal in Carlisle's last game at The County Ground with a 29th minute effort that secured all three points in a 1-0 triumph. Berrett arrived at Carlisle in 2010 and became Greg Abbott's fifth signing of that summer. Berrett, 23, came through the Huddersfield Town Academy and made his first appearance for the Terriers at the

end of the 2006/07 campaign. He made over 40 appearances at the Galpharm and has also played for Ireland at Under-18, U19 and U21 level. This term the midfielder has been a regular for the Cumbrians and scored his first goal of the campaign in a 4-2 home win over Portsmouth in September. His only other goal came in an FA Cup win over Ebbsfleet.

### Forward – Lee Miller

14

2012/13 Apps: 6

**UNITED** completed the signing of Middlesbrough forward Miller on a two-year deal in August 2011. Lanark born Miller began his career with Falkirk and scored 27 goals in 61 appearances for the Bairns before joining Bristol City for a fee of £300,000. He scored eight goals in 50 league appearances in a two-year stay at Ashton Gate. A loan spell with SPL side Hearts

and moves to Dundee United and Aberdeen followed before moving south of the border again to Middlesbrough on the final day of the transfer window in February 2010. The Cumbrians swooped quickly to capture his signature when the Championship side indicated that the player could move on. Miller scored 15 goals in 37 appearances last season.

# Club Connections...

**The** visit of Carlisle United to The County Ground this afternoon will bring back memories of those who have played for both clubs. Here's a look at some of them...

## Stan Harland...

**QUITE** simply a Swindon Town icon, Harland signed for the club the day before the 1966 World Cup Final after manager Danny Williams had waiting overnight at Brunton Park to secure his signature. The half-back had made 77 appearances for Carlisle between 1964 and 1966 after a spell at Bradford. He racked up nearly 300 appearances for Town in a six-year stay at The County Ground. As club captain, he oversaw promotion back to the Second Division in addition to making a little bit of history by lifting the League Cup at Wembley on that March afternoon in 1969.

## Alan Mayes...

**ANOTHER** member of the Swindon Town Hall of Fame, Mayes scored 83 goals in two separate spells at The County Ground. Remembered for his partnership with fellow striker Andy Rowland, in his first stint he was part of the side that made the League Cup semi finals, beating Arsenal along the way, before departing for Chelsea. Brought back in 1983, the striker spent two further seasons at SN1 and signed for Carlisle in 1985. In one season at Brunton Park, Mayes scored two goals in ten appearances.

## Steve Finney...

**SIGNED** by Steve McMahon in the summer of 1995, Finney made a huge impact, scoring on his debut at Hull City. In his first season at The County Ground, the striker weighed in with 16 goals as Town stormed to the Division Two title. He left on a free transfer at the end of the 1997/98 season and joined Carlisle. In just a season-long stay at Brunton Park, the striker made 33 appearances and scored six times before moving to Leyton Orient.

## Mike Graham...

**AFTER** joining Swindon on a free transfer in July 1981 from Bolton Wanderers, the defender made a goal-scoring start to his Town career, netting in a 4-1 win over Wimbledon. He made 163 appearances in four seasons at SN1 before his release at the end of the 1984/85 campaign. In 1988 he moved to Carlisle United. He made nearly 140 appearances for the Cumbrians before departing Brunton Park in 1992.

## Career so far...

A graduate of the academy at Barnet, Devera has spent the majority of his professional career at Underhill. After breaking into the first team during the 2006/07 season he made over 170 appearances. He ended a seven-year spell in North London when he became Town's first summer recruit of 2011.

## Career so far...

**THE** experienced centre-half began his career at Bolton Wanderers before loans spells at Rochdale, Blackpool and Notts County. Livesey joined Carlisle on loan initially before securing a permanent deal. He has been a mainstay of the Cumbrians' side ever since. Played his part in their rise from the Conference to the third tier.

## 2011/12 Season...

**DEVERA** made 35 appearances for Swindon last season. A successful campaign saw him pick up a League Two winners medal and play at Wembley in the Johnstone's Paint Trophy final.

## 2011/12 Season...

**THE** 27-year-old made 32 appearances for the Cumbrians last campaign as they finished in 8th position in League One just four points off the play-off places. His only goal of the season came in a comprehensive 3-0 win at Yeovil.

## Did you know...

**DURING** his time at Barnet, Devera was crowned as the Bees' Player of the Year in 2008 and 2011.

## Did you know...

**LIVESEY** made his Bolton Wanderers debut aged just 17 against Liverpool in a 3-2 defeat at The Reebok Stadium.

## 2012/13 Season...

**THE** defender has proved his versatility, playing in every position across the back four. He has recently established a solid partnership with fellow defender Darren Ward at the heart of the defence and has made 21 appearances.

## 2012/13 Season...

**HE** has made 21 appearances and has already netted three times. He scored the winning goal when Carlisle beat Coventry City 2-1 in September and came off the bench when Town travelled to Brunton Park.

**The number of goals we have scored has been great, but they don't mean anything unless we are winning games.**

**AFTER** making over 200 appearances for a Barnet side struggling at the wrong end of League Two, Joe Devera signed for Swindon Town in the summer of 2011 hoping to challenge at the right end of the table.

A year and a half later, the defender has a League Two winners medal to his name and played 90 minutes at Wembley in front of 49,000 as the Robins reached the final of the Johnstone's Paint Trophy. He also played in the FA Cup fourth round tie at Leicester City a year ago. All in all it has been a successful start to life at The County Ground for the 25-year old and having tasted success, he's now hungry for more.

Quiet off the pitch, Devera's presence on the field has certainly not gone unnoticed. He made a big contribution last season, making 35 appearances and scored twice – both in big wins against Dagenham and Southend. Although he's still to register his first goal of the 2012/13 campaign, Swindon Advertiser journalists Sam Morshead and Andy Warren opted for Devera as first goalscorer for a charity bet

ahead of Tuesday's big win over Portsmouth. Despite his lack of prowess in front of goal, defensive matters are far more of a priority for the 'futbolista', who was linked with a step up to the international stage with Venezuela prior to his move to SN1. COYR caught up with the defender on Wednesday afternoon to discuss his time at Swindon so far.

***It's been a busy first half of the season for you - the win over Portsmouth made it back to back 5-0 victories for Town. Things are going well defensively at the moment aren't they?***

It's been good but the most important thing is that we have taken three points from the last couple of games. The number of goals we have scored has been great, but they don't mean anything unless we are winning games. Thankfully the wins have been coming and everyone's happy.

***What do you remember of the win over Tranmere before Christmas?***

19

We started the game really well and got straight at them. We prepared for the match really well and we were all raring to go when it came to the Friday night. There were a lot of positives to take from the game and of course scoring five at home was fantastic. It was one of the standout performances of the season against a Tranmere side who had been flying. The atmosphere at the game was brilliant and it was great to send the fans home happy.

***Did you expect to repeat the feat against Portsmouth?***

It was one of those games when we weren't sure how they would come out. Izale McLeod had left and they had a couple of others out, but we stuck to our game plan and played well again. We had to deal with what they had in the opening half hour or so but we finished the game really well and 'Collo' did a lot of damage in the second half having come off the bench. It was another big win and the lads were really pleased with it.

***You had some tough times during your Barnet days, so it must be nice to have been on the right side of some big wins?***

I know what you mean, it's tough for Portsmouth at the moment and I am sure their players will continue to fight on. It's been a really difficult time for them but we are fighting for something too. You can't worry or feel for the opposition too much because we have jobs to do and that's winning games. I went through several relegation battles

before I joined Swindon and yes, it's nice to be challenging for promotion again this season. Portsmouth had some tricky players and brought on David Connolly in the second half, but for us, every clean sheet is as good as the next and it was great not to concede again.

***The home form seems to be turning the corner now. How much pressure did you feel as players at the start of the season?***

We came into League One on the back of a fantastic season last year and there was some pressure, but we've knuckled down and have got things back on track. The pressure isn't off now though, far from it. There are different pressures depending where you are in the league. If

**The  
pressure  
isn't off  
now  
though, far  
from it.**

you are in a side battling against relegation then that brings different challenges compared to going for promotion. We have worked really hard this season and I am sure that hard work will continue.

***There were a number of new signings last summer and a few loanees have come in since then. How are you getting on with the rest of the squad?***

It's been good. Every player adds something to the squad and whilst there is plenty of competition for places, that brings out the best in you. The loanees have come in and done well and a lot of the lads that were already here have all continued from where they left off last year. I get on with the lads pretty well and there's a car-sharing school with myself, Aden and Si going to and from training. It's not really a car share because we just use Flinty as a taxi service!

***The County Ground has been a real fortress over the last few games. How have you found playing at home?***

The results speak for themselves but we can't just look at the last two 5-0 wins and expect to be winning games now. We have to keep our focus and take each game as it comes because we have to keep the wins coming.

***You have built up a decent central defensive partnership with Darren Ward recently, how have you found playing alongside him?***

He has really good experience and it's been great playing alongside him. We have been working hard defensively and hopefully we can keep the clean sheets coming, whoever gets the nod to play at the back. Nathan Thompson and Alan McCormack have been at full-back over the last few games and they've played their part too. We have a competitive squad and that keeps you on your toes.

*Your appearances haven't been limited to the heart of the defence this season. Tell us what it's been like playing at right or left-back?*

I have been pleased to have been playing in a winning

## **We have put back to back 5-0 wins on the table and that's shown what we can do.**

team, that's the main point. Any footballer will say they just want to play regular games and I am no different. I prefer centreback but I don't mind playing at full-back. I had played left-back a couple of times before but if I can help the team then that's fine with me.

***You're 26 next month, how would you assess your career so far?***

It's been good. There is a lot of hard work but that's how it goes in football. I enjoyed my time with Barnet but the move to Swindon came at the right time and last season was fantastic. It was great to be a part of a title-winning side and we got to the cup final too.

***And the history books will say you were Paolo Di Canio's first ever signing as a manager. June 2011 must feel like a long time ago now!***

It does! A season and a half has passed and a lot has happened since then. I have really enjoyed my time here. When I first joined I wasn't used to training every day and whilst that's been tough it has helped me improve my game. It helps keep my focus and this is the fittest I have felt in my career.

***What's been your favourite memory from your time with Swindon so far?***

Although we didn't win the game, I am going to say playing at Wembley last season. It was great to reach the final and it would have been fantastic to have won it, but playing at Wembley was special to me. I used to drive past it everyday and always wanted a chance to play there.

***Today is the second game inside five days at The County Ground. The game against Carlisle earlier in the season was a tough one. What do you remember from that one?***

It was a typical early season game. We were going through a difficult spell and it was a bit of a frantic opening up there. They've had a tough season which will make today's game all the more important.

***What are you expecting from today's encounter?***

It's a massive one for us really. We had a bit of a break over Christmas with the two away games being called off so we want to make the most of each and every time we play now to keep the pressure on at the top. We have put back to back 5-0 wins on the table and that's shown what we can do. The challenge is to make it four wins in a row with victory over Carlisle.

# Match Analysis...

**James** Collins scored four times as Town kicked off 2013 in style with a 5-0 demolition of Portsmouth at The County Ground.

**THE** striker notched a 12-minute hat-trick before wrapping up the scoring while Danny Hollands also registered his second goal in two games.

Early on, Andy Williams and forward partner Chris Martin both saw efforts kept out by the Pompey goalkeeper before Wes Foderingham was forced to tip over Mustapha Dumbuya's dangerous cross.

The second half saw Collins take centre-stage. Introduced as a 60th minute replacement for Martin, it took the striker just one minute to find the net, heading home Matt Ritchie's accurately centred corner.

He added another five minutes later. A cross from the left was not

cut-out by the defender allowing Collins to snaffle possession, turn neatly and plant the ball in the bottom corner of the net.

The former Shrewsbury man also turned provider for Town's third goal, laying the ball on for Danny Hollands who drilled home from 12 yards.

Just four minutes later, it was four. Ritchie did well to bring down a long pass before delivering a wonderful cross for Collins to nod home past Eastwood and into the corner.

With seven minutes to play, the summer signing notched a fifth goal for Town. Alan McCormack's cross from the left came all the way across to Collins who headed home past the helpless Eastwood.

**JAMES** Collins scored his hat-trick in the 73rd minute after Matt Ritchie chipped into the box allowing Collins to convert with a diving header...

## Di Canio comment...

"IN the first half it was predictable to be under pressure because they had two games in the last days, and rhythm in their legs. We should do better and I told my players I am very angry and very proud. We went out and scored five but it should be seven or eight, but they were amazing. All four goals that Collins scored were amazing, and for a typical number nine, at the moment he is the most positive change."

## Collins comment...

"I'M over the moon to contribute in the way I did today but I thought the hard work was done before I got on. I thought the lads wore them down and when I got on I was able, with the chances I had, to get my goals. I haven't been in the team for the past few weeks and I thought if I could just get on and get one goal and help the team win then hopefully that would get me a chance to play a few games."

### *Earliest football memory...*

**GOING** to training with Whiston Juniors up in Liverpool. I was only six-years old at the time so couldn't play because they were an Under-9's team, but I have vivid memories of going along to train with them.

### *Team supported...*

**EVERTON** because I played for them from eight-years old until I was 15. Whilst I was playing for them I used to go along every week with my Dad and watch them.

### *Favourite footballer ever...*

**DUNCAN** Ferguson. He's probably not everyone's cup of tea but he gave his all for Everton and he was Everton through and through.

### *Best attribute as a footballer...*

**MY** commitment. I always give 100% and really don't like losing at anything, let alone a game of football.

*Jay McEveley*

### *Tell us something about you that we don't know...*

I have OCD!

### *Favourite goal you have ever scored...*

I'D say one I scored for Derby County against Liverpool. It was a Premier League fixture at Pride Park and I hammered one in with my right foot. It was special for me being against Liverpool.

### *What boots do you wear...*

AT the moment I am wearing Adidas Predators. I have generally always worn Predators although wore Nike boots for a bit last season but am back with the preds now.

### *Career high-light so far...*

PROBABLY getting promoted with the Premier League when I was at Derby. I had just left Blackburn in the Premier League and really wanted to get back up into the top-flight. Derby's promotion came about four months after joining so it was great timing.

### *Favourite stadium played at...*

WEMBLEY is up there, but my personal favourite is Goodison Park. I was at Everton for a number of years as a kid so to go back and play there at first team level was pretty special.

### *Best friend in football...*

I have a few and they're mostly scousers! Gary Roberts is a good mate of mine and I've known Paul Connolly at Leeds for a long while.

### *Toughest player played against...*

I played against Cristiano Ronaldo when I was with Derby. He's certainly one of the world's best, but I also played against David Beckham for Blackburn at Old Trafford and at Ewood Park. They are different types of player, but equally as tough to face.

# Swindon Advertiser...

I was sent a document on Wednesday that made me stop for a second and just think "wow".

I don't know who put it together, or when, where or why, but I what I do know is it reiterated just how impressive last year was for Swindon Town.

According to this single piece of paper, if the city of Manchester was momentarily discounted from English football, Town would have been the most successful club of 2012.

Now obviously this is in the basest of terms, ignoring Premier League titles etcetera. But still. Wow.

The statistics read as follows: Swindon played 46 league games last year, taking 92 points in the process. That's an average of two points a game which, when you take into account the Robins have been playing as a newly-promoted side for half that period, is quite frankly ridiculous.

Twenty-eight wins accounted for the vast majority of that haul, eight draws rounded it up, and there were only 10 defeats. Just 10.

I remember not so long ago a 10-game losing streak was about as common as a winter cold at The County Ground.

But the facts don't stop there. Apparently, Town's defensive record - based on purely goals conceded - was second only to Manchester City in clubs in the Premier and Football League. You know, the team who've spent the best part of an oil well on foreign imports over the past 12 months. Astonishing.

Of course, stats like these don't necessarily mean anything. Manchester United didn't win a trophy in 2012 and still ranked the most successful club of the year on results alone.

However, it doesn't hurt to

take stock of exactly what we've witnessed, collectively, at Swindon Town over the past 52-and-a-bit weeks.

Talking of extraordinary performances, the red half of the County Ground press box went a little bit potty as James Collins took the term "supersub" to bonkers new levels on New Year's Day.

There were a few sore heads fumbling about for an introduction to a match report after 60 mundane minutes before the striker popped off the bench and wrote himself into the Town history books.

Four goals and an assist in 22 minutes is more Roy of the Rovers than, well, Roy of the Rovers. No Swindon player had ever managed a hat-trick as a sub before, let alone a quickfire quadruple.

It was hugely entertaining, and followed on from the 5-0 demolition of Tranmere before Christmas. We're all getting a bit spoiled for goals, aren't we?

Well consider this... in November 1965 the Robins managed five goals or more in three consecutive games. Reading were trounced 5-0, Merthyr 5-1 and Mansfield 6-2. What are the odds of a repeat this afternoon?

Even if by some unbelievable turn the Robins manage that absurd feat, which you wouldn't put past them at present, they'll have to go some to match the best three-game scoring run in the club's history.

That came in 1908 when Town notched 24 goals in three games, spread over two seasons. Now that would be something special.

The home win over Wolverhampton Wanderers saw the Robins secure another valuable home win with a goal from Paul Bodin securing all three points...

with Bodin, whose cross flashed across the six yard box only for Maskell to place his shot wide.

The result could have been very different however, with the visitors hitting the woodwork three times, the first of which coming as early as the second minute from future Swindon front man Andy Mutch (Pictured).

Ex-England forward Steve Bull (Pictured) perhaps had the best chance to take a point back to the Black Country, but his header from ten yards went wide with around five minutes of the match remaining.

Goalscorer Bodin commented: "They could have snatched a draw at the end. Maybe it was our turn for a bit of good fortune. We face a series of vital six pointers at home and we badly needed a win from this one."

The result saw Town lay seventh in the table on 41 points, while Wolves stood just one point behind, but three positions lower.

### Swindon Town:

Fraser Digby, David Kerslake, Paul Bodin, Glenn Hoddle, Colin Calderwood, Shaun Taylor, Micky Hazard (Dave Mitchell), Ross MacLaren, Craig Maskell (Nicky Summerbee), Martin Ling, Steve White.

### Wolves:

Dave Beasant, Paul Blades, Paul Edwards, Mark Burke, Derek Mountfield, Lawrie Madden, Keith Downing, Paul Cook, Steve Bull, Andy Mutch, Robbie Dennison (Darren Roberts).

Sub not used: Andy Thompson.

PAUL Bodin popped up with the winner in this fight for a play-off place clash with Wolves on the last day of January, following on from his midweek goal at Grimsby where Town lost by two goals to one.

Martin Ling had struck lucky with a ball rebounding back to him on the right, allowing him to deliver a telling cross for Bodin to forcefully head home off a post past Wolves keeper Dave Beasant.

The decisive goal came in the 69th minute, by which time Town striker Craig Maskell had contrived to spurn a good chance just before half time. Steve White had combined well

### Paul Bodin

**Season Stats:**  
**Appearances: 42**  
**Goals: 12**

TOWN'S first-choice left back under Glenn Hoddle, Bodin played a crucial role during the 1992/93 promotion season. Installed as the club's designated penalty taker, Bodin weighed in with an amazing 12 goals from the full-back position over the course of the campaign, helping to secure vital points in Town's push for promotion. He will always be remembered as the man who scored the goal that took Swindon into the Premier League, keeping his cool to slot home the winning goal from the spot at Wembley.

## Paul Bodin...

**After** a ten-day Christmas break, Paul Bodin's Under-18's return to action for friendly fixtures against top opposition with games against Everton and Fulham....

**THEY** had ten days off over Christmas. There were no games scheduled but it was a chance for the lads that live away to spend some quality time with their families. We have them a fitness programme to work to and to be fair, they all returned to training on Tuesday in good shape and looking very sharp.

The second half of the season is an important time for both the second and first years. The games programme begins with a trip up to Everton this weekend for the Under-18s. It will be a long journey but I am sure the fixture will be worth it in terms of development and it's a game I know the players have been looking forward to. Perhaps knowing that the first game back was Everton away gave the lads an extra incentive to resist the festive offerings. The players had a taste of facing a top side when Liverpool came down here at the

end of last year so they know what kind of test it will be. It is important for our players to play against some of the best there is so playing against Everton will be an important development tool.

After Everton there is another friendly game against Fulham early next week. These games will give the lads a chance to face some of the best there is before we return to league duty next weekend. Next Saturday we take on Yeovil Town at home which will be a good chance to get back to winning ways after our last league defeat. As far as the league goes, we want to finish as high as we can.

For the majority of this season we have been without two of our frontline players, Louis Thompson and Aaron Oakley, who have been training with the first team. That's been a great experience for them and it's fantastic to see young players

get a chance to step up to the next level and train with first team players. This has allowed us to bring in a number of Under-16 players which has provided them with a chance to step up.

OUR away transport partner SAS Travel give a great service to Town fans travelling away from home and provide a discount on the standard fare, for Supporters Club Members, at every match.

It is an interesting fact, taken from Football League statistics that the Town supporters had the highest average number of fans watching the team away in League Two last season (893)

ranking the fans as highly as 24th in the whole of the Football League.

Only four of last season's teams in League One had a better average than that during the season and Town fans even exceeded those travelling to follow five Championship clubs. Thanks go to SAS Travel for their continued efforts. I am sure they were as frustrated as anyone at the two recent away postponements.

# Carlisle Cup Classic...

**COYR** takes a trip down memory lane and revisits a famous cup encounter against today's opponents...

**Words:** Tom Otrebski

**THE** early part of January is traditionally reserved for the third round of the FA Cup but with both sides today no longer involved in that most famous of domestic cup competitions, COYR looks back at an FA Cup tie from 28 years ago that saw Town pull off a cup giantkilling.

Swindon were sitting in mid-table in Division Four as the calendar ticked over from 1983 to 1984. Jimmy Quinn had rescued a point the week before at Peterborough United while the Cumbrians had drawn at home to Huddersfield.

After thumping Kettering Town 7-0 en route to Round Three, the draw pitted the Town against Second Division opposition in Carlisle United.

The two sides met at Brunton Park on 7th January, playing out a 1-1 draw. Jackie Ashurst put the home side in front only for Andy Rowland to equalise in the 68th minute and take the tie to a replay at The County Ground.

The following Tuesday, Town produced an inspired

performance under the floodlights, putting their higher division opponents to the sword.

With five minutes to go before the break, Dave Hockaday flighted a deep cross from the right that found Jimmy Quinn at the far post, allowing the striker to guide home the opening goal with a diving header.

After withstanding a period of pressure early in the second half from the visitors, Paul Batty added a second with just over twenty minutes to play. His left-footed effort from 12 yards rattled through a crowd of players before nestling in the back of the net.

Alan Shoulder stroked home an effort from the penalty spot minutes later to give Carlisle hope and set nerves jangling among the home supporters around SN1.

With eight minutes to play, Andy Rowland collected a short free-kick on the edge of the area and hooked the ball into the corner of the net, securing a famous cup victory for Swindon.

## Trip Advisor...

**Town** will be backed by a sell-out away allocation of 1,360 for the trip to AFC Bournemouth next weekend...

### The Journey...

**By Train:** The nearest train station is Pokesdown which is around one mile from the stadium and is around a 15 minute walk away. However, most trains arrive at Bournemouth Central, which is around a half an hour walk to the ground. Either try to get a train to Pokesdown or take a taxi. If you do arrive at Pokesdown Station, then exit and turn right down the main Christchurch Road (A35). Proceed for about 400 metres and then turn right into Gloucester Road. The Goldsands Stadium is located down the bottom of this road.

### Staying Over...

**The Norfolk Royale:** The Travelodge in Boscombe is a cost-effective option for Town fans whilst The Norfolk Royale is a slightly more upmarket option. The Norfolk is an award winning premier AA four-star hotel and is ideally positioned within a short stroll of the resort's major attractions. If you want to blow the 2013 budget early on then try the Royal Bath Hotel.

### Grab a Bite...

**Boscombe High Street:** For a pre-match bite to eat then fans are advised to head to Boscombe High Street where a range of takeaways can be found. There is the usual spread of KFC and McDonalds although there is not a lot else in close proximity to the ground.

### Enjoy a Drink...

**By Car:** A 91 mile drive from The County Ground, the journey is a relatively simple one and follow the A338 towards Bournemouth. The ground is situated on the left of the A338 on the outskirts of town. You should be able to spot the tops of the ground floodlights on the left. Otherwise leave the A338 via the slip road which is sign-posted Kings Park/Football traffic. You will then reach a small roundabout at which you take the second exit into Kings Park Drive. The entrance to the stadium and car park are down this road on the left. Parking is available at the stadium.

**The Cricketers Arms:** located just off Holdenhurst Road and is large pub in a residential side street in the Boscombe area of Bournemouth. It is the oldest pub in Bournemouth and many original features remain from Victorian times. There is a small bar area downstairs and upstairs is a large drinking area with both sets of fans welcome.

### Things to do...

**Altitude:** If you are travelling down on the morning of the game you may wish to visit Bournemouth's latest and 'most exciting' leisure attraction, ALTITUDE, a new high ropes adventure course. With fantastic value packages or pay on the day options, ALTITUDE includes a 5m confidence course, a 10m high ropes course, a climbing wall, 50m zip wire over the Littledown Park lake and finally, you can take a dramatic leap of faith on the Power Fan Descender drop providing a sense of super high thrills.

### The Stadium...

#### Goldsands Stadium:

(Postcode: BH7 7AF)

Away fans are located on one side of the East Stand,

which is situated at one side of the pitch. The stand is shared with home supporters and offers a good view of game.

Please note that there are no more tickets available for the game for Town supporters.

Tickets for this game sold-out on Wednesday 2nd January with a total allocation of 1,360 fans set to travel down to The Goldsands Stadium for what could be a January cracker.

### New Year's Day review...

### Town 5 Portsmouth 0

**WITH** two away games on the road called off over the Christmas period, all eyes were on the home encounter with Portsmouth on New Year's Day. Town fans turned out in force for the game with an 11,000 plus crowd witnessing another impressive home victory.

The points were secured thanks to a second half onslaught which saw four goals from James Collins and another

strike from on-loan midfielder Danny Hollands, who scored his second in a Town shirt. New dates are still to be arranged for the games at Colchester United and Leyton Orient so keep an eye on the club website and Twitter account (Official\_STFC) for the latest.
