

**WELCOME to Brisbane Road for this evening's rearranged npower League 1 fixture against Swindon Town.**

This game initially fell victim to the weather on Boxing Day and Paolo Di Canio's Robins have enjoyed terrific form since that date.

They have won three and drawn one of their four matches so far in 2013, scoring 12 goals along the way.

Swindon kicked off the New Year by defeating struggling Portsmouth 5-0 in front of over 11,000 fans at the County Ground, and they followed that with another thumping victory – this time by 4-0 – over Carlisle United.

In-form AFC Bournemouth held them to a 1-1 draw at Dean Court on January 12, but Swindon got back on track two Saturdays ago by triumphing 2-0 against Shrewsbury Town at home.

Di Canio's side are currently fourth in the League table, having taken 49 points from 27 games, and they sit seven points behind second placed Doncaster Rovers having played a game less.

When Orient visited Swindon back in September, Lee Cook scored the only goal of the game to give Russell Slade's side their first win of the campaign and get their season off and running.

Following Saturday's 2-1 win over Notts County, Slade had praise for the O's work ethic.

He said: "We worked hard for the win against a good side."

"Don't forget that they played their part today - they came at us in the second period and it became a very open game, but fortunately we got the first goal.

"They changed their keeper and the young one that came on, he was inspired. We had 16 shots today, 11 on target and he's kept most of them out.

"When we got the first it was a bit of a release. Goals settle you down and you wonder if it's going to come, but we got it, and what was important was that we backed it up a few minutes later.

"The games keep on coming thick and fast, and against good teams too. It's a difficult spell of games, we're playing two a week and we have to keep on digging out results."

## COMING SOON

Orient follow this evening's rearranged clash with Swindon Town with a trip to Stevenage on Saturday in npower League 1, before returning here on Tuesday February 5 for the first leg of the Johnstone's Paint Trophy area final against Southend United.

The Shrimpers stand in the way of a trip to Wembley in April, with the winners of the two-legged tie rewarded with that game at the national stadium.

Orient last faced League 2 Southend only a season ago when they were paired with the Essex club in the first round of the Carling Cup.

Russell Slade's men prevailed on that occasion in a penalty shoot-out, after 120 minutes produced a 1-1 draw, despite Orient playing for an hour with 10 men after Jonathan Téhoué was sent off.

This year, Southend are looking to make a return to League 1 and currently sit in seventh place in their division.

They travelled to Chesterfield on Saturday and took the points back home with them thanks to an 83rd minute goal from Gavin Tomlin.

**DAVID MOONEY** got back on the goal trail with the opener in Saturday's 2-1 victory over Notts County.

The Irishman followed up a Lee Cook shot which struck the crossbar to nod home in the 65th minute and set Orient on the way to their first League win of 2013.

The win moved Orient to within touching distance of the top half and Mooney felt the three-point haul was exactly what the Londoners deserved for their performance.

He said: "It was a deserved victory in the end, I think we played really well today and probably could have won it a bit more comfortably than we have, but the three points is massive for us and pushes us on.

"We've played really well this year and probably not had the rewards that we deserve and thankfully today we got three points."

Orient's victory also put paid to Notts County's remarkable run of 22 away League matches undefeated and Mooney was delighted that the O's were able to give Keith Curle's men that rare taste of a pointless trip home.

He continued: "Kevin Nugent said to us the other day that they were unbeaten away all season, you don't realise that coming in to games, but it just goes to show you the quality they've got and I think everybody watching that would have enjoyed it. It was a good open game,

**"I don't set myself targets, I just want to try and score in every game if I can..."**

there were loads of chances and thankfully we've managed the win."

Mooney's goal was his 11th of the campaign and although he won't set a goals target for himself, he does have his eye on a top-six finish.

He added: "I don't set myself targets, I just want to try and score in every game if I can, and I think with the boys we've got in the team, you've got people who can create chances for you and who I can create chances for as well. If I can score as many goals as I can to help the team then I'll be really happy.

"The play-offs has been mentioned obviously, but with the next three games against Swindon, Tranmere and Stevenage, they're going to be massive. If we can win all three it'd put us in a great position, but we've just got to concentrate on the next game and hopefully, if we beat Swindon, you never know where you are after that. Because we've done so well recently and not won, it's been disappointing, we could be a hell of a lot closer than where we are, but thankfully today we've managed the win."

**“We need to galvanise ourselves and start another run...”**

**GOOD** afternoon everyone and welcome back to the Matchroom Stadium for this afternoon's fixture with Swindon Town.

With Boxing Day games traditionally well attended, we will be hoping for a big crowd and a great atmosphere for the match against our high-flying visitors.

Let's give a warm welcome to Swindon Town, especially their manager Paolo Di Canio and his assistant Fabrizio Piccareta.

He has done a great job at Swindon, guiding them out of League 2 last season and I would like to wish him a happy New Year.

I was with Paolo 10 days ago when I travelled to Swindon to run the rule over the final 22 players in the Samsung 'Win a Pro Contract' competition.

It's now down to the last 11 and the climax of it will be a game here at Brisbane Road on January 16 at 7pm.

### **Tremendous**

It was tremendous to see our biggest home crowd of the season turn up for our last game here against Scunthorpe, especially as it was at a time of year when gates are normally down.

Unfortunately we were not able to deliver on the pitch and our eight-match winning sequence came to an end.

It was a great run and we need to try and galvanise ourselves and start another one as soon as we can.

We picked up a couple of injuries during the game against Scunthorpe, but with the matches coming thick and fast over the holiday period and into January we do need all our bodies available during the weeks ahead.

And the start of the New Year doesn't get any easier with lots of matches crammed into the first half of the month.

Not that I'm complaining, as it's good to still be involved in two cup competitions at this stage of the season.

### **Good progress**

Michael Symes is making good progress after suffering a hamstring injury at Bury, but at the time of compiling these notes Kevin Lisbie is still on antibiotics and struggling with a nasty virus. He played against Scunthorpe although it was still

affecting him.

Finally, I hope that all our supporters are having a very merry Christmas and I'd like to take this opportunity to wish each and every one of you a happy and prosperous 2013.

I'd also like to thank my immediate staff here at the club for another year of real commitment and for all the hard work they have put in.

Kevin Nugent, Kevin Dearden, Lee Southernwood, Nick Dawes, Ada Martin and Greg Adams all play a huge part at the club and its future development.

Let's hope we can push on in the New Year and 2013 will prove to be a successful one for Leyton Orient FC.

Enjoy the game

with Trevor Davies*

The Manager

## PAOLO DI CANIO

Born: 09.04.1968

Nationality: Italian

Managerial record:

2011– Swindon Town

■ Italian striker Paolo enjoyed a lengthy and successful playing career, making a name for himself in his homeland, Scotland and England.

■ After starting off with his boyhood club Lazio, he went on to play for Juventus, Napoli and AC Milan, gaining nine caps for the Italy U21 side along the way. His time in Italy brought a Serie A title and Champions League final with Milan and a UEFA Cup with Juventus.

■ He first came to the UK with Celtic in 1996 and following a strong season with 15 goals in 31 appearances, he moved on to Sheffield Wednesday. An FA ban of 11 matches for pushing referee Paul Alcock saw him move on to West Ham United, where he became a fans' favourite with 48 goals in 118 Premier League matches.

■ A spell at Charlton followed before he ended his career back in Rome with Lazio, then Cisco Roma.

■ His first move into management was with Swindon Town and he was an immediate success at the County Ground, winning the League 2 title in his first season as boss.

**“Much of Swindon’s success came as they turned the County Ground into a fortress as they won all but four of their League encounters at home.”**

# IN OPPOSITION

## SWINDON TOWN

### **SWINDON TOWN** arrive here this afternoon looking to gain their second successive promotion after they captured the League 2 title last May.

It's been a topsy-turvy time from Robins supporters in recent seasons, but the club look to be on their way up again and are well placed in the promotion chase after taking 36 points from their first 22 games this term.

Paolo Di Canio's side have built on last season's impressive record when the Robins stormed to the League Two title after winning 29 of their 46 fixtures and ended up with 93 points – five clear of runners up Shrewsbury Town and nine ahead of Crawley who filled the last automatic promotion spot.

Much of Swindon's success came as they turned the County Ground into a fortress as they won all but four of their League encounters at home.

The Robins recorded 19 successes and three draws with their solitary League reverse coming in an odd-goal-in-three setback against Oxford United.

That was the perfect response, as a year earlier Swindon were relegated from League 1 when they finished rock bottom with 41 points, and dropped down a division along with Plymouth Argyle, Bristol Rovers and Dagenham & Redbridge, as they finished seven points adrift of Walsall who just about dodged the drop.

#### **Appointed**

After their relegation in May 2011, Swindon appointed Di Canio as their manager and there has rarely been a dull moment since.

The Italian has made an impressive start to his managerial career in England as he guided the Robins to promotion in his first season in charge and also took the club to the Johnstone's Paint Trophy final at Wembley, when they were beaten 2-0 by Chesterfield.

A stoppage-time goal by substitute Craig Westcarr wrapped things up after Swindon central defender Oliver Risser had handed the Spireites a 46th-minute lead with an unfortunate own goal.

Swindon came storming back to try and level things up, but Westcarr's last-gasp strike killed off their comeback hopes.

However, Di Canio's tenure at the County Ground appears to be increasingly uncertain and two weeks ago he described the atmosphere at Swindon as "hostile" and suggested he could have left the club two months ago.

"If I find a hostile environment I become more nasty and more focused, because I don't distract myself from my players," he told the BBC.

"It's not my staff and players. It is hostile, but for personal interests. That is rubbish and something that will destroy this club for sure."

#### **Complete**

Russell Slade's side will be looking to complete a League 1 double against Swindon this afternoon, as when the two sides met on Saturday, September 8, Lee Cook's strike ended Orient's five-and-a-half-hour goal drought, as they picked up their first points of the season with a 1-0 win.

Cook struck 14 minutes into the second half, finishing off a Leon McSweeney cross and became the first O's goalscorer since Michael Symes had netted in the final minute of the opening day defeat at Tranmere Rovers.

It was a deserved success for the O's, who defended solidly and created far more than in the previous three League games.

The three-point haul inflicted a rare home defeat on Di Canio's side as they hadn't lost at home for a year and hadn't even conceded a goal at the County Ground since last February.

One man looking forward to this afternoon's game will be Scott Cuthbert. The 25-year-old Scottish central defender became Orient's first signing of the 2011 close season when he made the move from Swindon Town to the Matchroom.

**Oldham Athletic 0  
Swindon Town 2**

*npower League 1, Saturday December 15 2012*

Swindon kept up the heat on the division's top six with a 2-0 victory at Oldham Athletic in their last away game two Saturdays ago.

Both goals came before the break as Raffaele De Vita struck a brace to sink the mid-table Latics, who were second best throughout.

The busy Oldham keeper Alex Cisak made his first save with 10 minutes on the clock from Andy Williams, while Matt Ritchie knocked an effort over the top.

De Vita gave the Robins the lead just before the half hour mark when he controlled a cross from the right, swivelled and drove the ball into the back of the net.

**LAST  
TEEN  
5**

Four minutes later it was 2-0 as another cross from the Swindon right caused problems for the home defence, as the ball was allowed to run across to the far post where De Vita found the net again, with the help of a deflection this time.

The second period was a more pedestrian affair, with goalmouth action a rarity. With two strikes already behind them, Swindon were able to feel comfortable in the closing stages as they closed out the win.

#### SWINDON 1987 & 1992-94

#### ORIENT 1998-99

Aldershot-born forward Craig began his career at Southampton, from where he had his first spell with today's visitors – on loan in 1987.

He only made six appearances for the Saints, but had more of an impact at his next club, netting 43 League goals in 87 games for Huddersfield Town. Two years at Reading followed before he moved back to Swindon, this time on a permanent basis.

Under the management of Glenn Hoddle, he scored in the 1993 Division One play-off final at Wembley to help promote the Robins to the Premier League, but after they were relegated the following year, he was sold to Southampton for £250,000 after scoring 22 times in 47 matches.

Again, Maskell's time at The Dell didn't go to plan, as just 17 top flight appearances in two years later, he was on the move to Brighton & Hove Albion.

He joined Orient in 1998 and stayed for 18 months, with his Brisbane Road career coming to an end after the Division Three play-off final defeat to Scunthorpe in 1999.

He then moved into coaching in non-league as well as scoring prolifically for Hampton & Richmond Borough, Aylesbury United and Staines Town.

### HOME SWEET HOME THE COUNTY GROUND

Opened: 1896

Capacity: 15,728

The County Ground has been home to Swindon Town for over a century, with the development of a purpose-built football ground beginning when Thomas Arkell of Arkell's Brewery donated £300 to finance the construction of a stand.

Swindon became the first League club to add floodlights to their ground when they did so in 1951 and the first Football League match staged under lights there was against Millwall in February 1956.

The biggest stand at the ground is the current Arkell's Stand, which was built in 1971 and holds around 5,000 people.

Behind one of the goals is the open Stratton Bank, which can seat 2,200 spectators, while the covered Town End has the capacity for around 2,000 spectators.

The stadium is completed by the most recent addition, the Don Rogers Stand, which runs along the side of the pitch and was constructed in 1994 to hold 4,800 fans.

# FROM THE TOP

I'd like to start these notes by wishing you all a Merry Christmas and a Happy New Year, and it would be great if we could make this a Christmas to remember with a couple of positive results from our two home games this week.

With back-to-back matches here in E10 it gives us a chance to get back on track following the defeat to Scunthorpe here last time out, but we shouldn't dwell too much on that given the fantastic form we have displayed in the last few weeks.

### RECOGNITION

Our fantastic November brought recognition in the form of the npower League 1 Player of the Month award for Kevin Lisbie, and it was a richly deserved prize for a striker who has been in fine form.

His two goals against Shrewsbury got the winning run going back on November 10, and a further six strikes since have helped us motor up the table into the top half. He hasn't been doing it on his own – David Mooney has hit form too with seven goals of his own, and it's been great to watch recently as the goals have really been flowing.

We got four at Carlisle and Alfreton and three at both Portsmouth and Northampton – all away games – so we've certainly proven that we know the way to goal and long may it continue.

As 2012

**"I'd like to thank you all for your support over the last 12 months, you've shown great backing to the team and I know it'll be the same this afternoon."**

comes to a close and we begin to look ahead to 2013, I think we are in a good position. We've recovered from a slow start to climb into the top half of the table, we're in the third round of the FA Cup and the area semi-final of the Johnstone's Paint Trophy.

### MOMENTUM

That we're still fighting on three fronts at the turn of the year is fantastic and we've just got to look to build on the momentum we've gathered over the last few weeks and take that into the second half of the campaign.

Finally, I'd like to thank you all for your support over the last 12 months, you've shown great backing to the team and I know it'll be the same this afternoon.

Let's end the year in style and then build towards making 2013 a memorable one.

Merry Christmas and up the O's!

#### IN THEIR WORDS

**Russell Slade** - "I thought it was a really honest and a real professional performance."

"We were ready for them. We knew it was going to be a difficult game. They close you down very quickly and put you under pressure."

"I thought we were so prepared for it and it was great the way it turned out."

**Kevin Blackwell** - "I thought we gave two soft goals away, and if you miss three or four great chances, you can't win games."

"I didn't think we were as good as we have been of late, but the chances we've created should be food and drink for a striker and we've missed them."

## THE ACTION

*6 min* – Martin Rowlands makes space for himself in midfield and advances to 25 yards from goal but drags his left footed effort wide of the far post.

*21 min* – Bury produce a good chance when David Worrall gets the better of Lee Cook on the by-line and cuts back for Zac Thompson, whose shot is blocked on the line by Mathieu Baudry, who stops the ball with his chest.

*35 min* – Orient go close to a second through Gary Sawyer, whose shot on the turn from 15 yards flies just over the top.

*47 min* – Lisbie has a great chance to double the O's advantage when Dean Cox pinches possession in midfield and plays him through, but keeper Trevor Carson is able to save with his legs.

*51 min* – Ryan Allsop has to display sharp reflexes to deny Andy Bishop from close range after the Bury striker gets on the end of a teasing Peter Sweeney cross from the right.

*65 min* – Bishop has another headed chance from close range but again Allsop is equal to the task, pushing the ball away from goal with a strong wrist.

*90 min* – Mooney has a late chance to get on the scoresheet when Orient break with Cox supplying a cut back from the right, but the Irishman drags his right footed shot wide of the near post.

**KEYMOMENT**

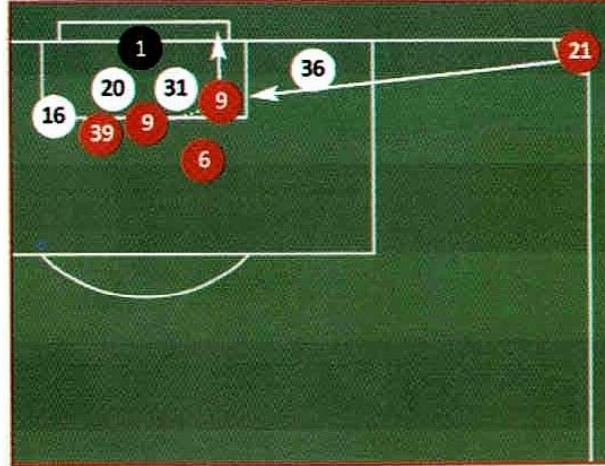

**1**

When Orient get their chance, they are more clinical as Lisbie fires into the bottom right hand corner after David Mooney drifts beyond Ethan Ebanks-Landell and feeds his striker partner.

**KEYMOMENT**

**2**

Just as in the first half, Orient respond to a good Bury opportunity with a goal of their own when Lisbie gets across his man with great sharpness to meet a dipping Cook corner with a deft touch at the near post.

## AWAY TEAM

RADIO TIMES: PLAYING

## away

**I**N LEAGUE 1 THIS SEASON, HOME ADVANTAGE IS NOT WHAT IT USED TO BE. Following the O's home defeat at the hands of Scunthorpe, Trevor Davies asked a very poignant question: "Why is it easier for League 1 teams to win away?"

The Iron had just ended Orient's magnificent eight-match winning streak, with six of those victories coming on the road. Whilst Scunny had recorded their third win since Brian Laws had returned as manager, with all those victories achieved away from Glanford Park.

In fact after that round of matches, 11 League 1 sides had recorded more wins on their travels, with only eight achieving greater success in front of their own fans.

**"Such a development has to be an improvement on the current position whereby supporters stand in areas designed for people to sit."**

What was even more remarkable was what happened on November 20 when not a single home club managed to take maximum points. Of the 11 League 1 matches played, seven resulted in away wins!

This does appear to be a League 1 phenomenon. In the

Premier League and Championship home advantage still counts. Whilst in League 2, more clubs secure all three points at home, although there are a higher percentage of away wins than in the top two divisions.

After the Scunthorpe defeat I asked Russell Slade why he thought so many clubs in this division achieve success on the road. The O's boss said that the pressure of playing at home had a lot to do with it.

There is no doubt that in every match the onus is on the home team to attack, with supporters urging their side to push forward in search of the breakthrough and when it finally comes they still demand more. This can be to the advantage of the away side, who do not have to take risks, as they wait for an opportunity to capitalise on a quick counter attack.

It will be interesting to see if the trend of away-day success continues in the New Year. If it does, you do have to question the long-term effect that this might have on those supporters who are unable or not prepared to travel, and as a result will miss out on seeing their team's best results.

For today's clash Orient's home faithful will be hoping for a return to "fortress Brisbane Road."

Merry Christmas

## O'S HOST LUNCH FOR THE HOMELESS

THE O'S teamed up Sainsbury's to spread some Christmas cheer to a group of 60 of Waltham Forest's homeless on Tuesday afternoon.

The O's opened their doors to the group for a three-course Christmas lunch in the Olympic Suite at the Matchroom Stadium, with musical entertainment provided by the young singers of the George Mitchell School Gospel Choir.

Orient worked with Christian Kitchen, a local charity that aims to provide assistance to those displaced from their homes, to make the idea of a lunch for the homeless a reality, with generous support coming from Sainsbury's, who supplied the food, drink, decorations and serving staff.

Leyton Orient chief executive Matthew Porter said: "At this time of year it's important that we as a Football Club think of those less fortunate than ourselves.

"We were delighted to host the lunch and thanks go to Sainsbury's for their generous donation of food, the George Mitchell School Gospel Choir and Christian Kitchen.

"The weather's been particularly

unpleasant recently, and it was a pleasure to provide some brief respite to local people who find themselves down on their fortunes at present."

ORIENT'S Johnstone's Paint Trophy southern section semi-final against Yeovil Town has been set for Tuesday January 8.

In keeping with the club's other home ties in this competition in recent years, the game will kick-off at 7pm as the O's look to reach the area final for just the second time in their history.

The winners of this tie will take on either Southend United or Oxford United over two legs for the right to play at Wembley in the final.

Tickets for this match are priced at just £10 adults, £5 concessions and £1 for under-18s and are now on general sale from the O's ticket office and [www.lofcshop.com](http://www.lofcshop.com)

Having just turned 40, Christian was treated to the day by his friends at Molesey Community Church

Football Club where Christian still plays, in the Veterans now of course!

Christian's all time favourite player is former silky winger and now our Club Chaplain Alan Comfort, though Christian doesn't play anything like Alan did!

## HAPPY BIRTHDAY STAN!

ORIENT supporter Stan Doe celebrated his 85th birthday on Christmas Eve and is here at today's game with his son and grandson.

Stan has been a lifelong O's fan and is hoping for another three points today.

Congratulations Stan and we hope you have a great day with us at Brisbane Road.

## DATE SET FOR BRENTFORD CLASH

ORIENT'S re-arranged npower League 1 game at Brentford will take place on Tuesday January 15 with a 7.45pm kick-off.

The original date for this fixture clashed with the FA Cup third round weekend, and as the O's have set up a tie at Hull City, the Griffin Park game had to be moved.

However, if either Orient or Brentford are involved in an FA Cup third round replay, this game will move again to Tuesday January 22.

Ticketing information will be available on our official website [www.leytonorient.com](http://www.leytonorient.com) shortly.

# LEAGUE LAUNCHES FIRST ONLINE FAN RESEARCH PANEL

**THE FOOTBALL LEAGUE** has announced the creation of an online research panel exclusively for Football League fans called **The Changing Room**.

Set to launch in January 2013, the online resource offers fans the chance to share their opinions through discussion groups, forums and surveys on a number of topics affecting The Football League, its member clubs and the fans.

Up to 15,000 Football League fans will be recruited throughout December via an initial invitation process using The Football League's and specific clubs' databases. This will be followed by a profiling questionnaire to ensure fans from each of the 72 member clubs are represented within the community,

surveys on current issues and competitions to win match tickets, club vouchers and much more.

Richard Heaselgrave, Chief Commercial Officer at The Football League, said: "Fans are at the very heart of football, which is why we are always looking into effective ways of hearing their collective voice.

"The introduction of The Changing Room offers supporters the chance to have their say on topics affecting them, their club and The Football League as a whole. This gives them the opportunity to help shape how we approach important issues within

**"Fans are at the very heart of football, which is why we are always looking into effective ways of hearing their collective voice."**

Supporters who do not make it into the panel initially, will be placed on a waiting list and invited to join if and when spaces become available.

Feedback from the panel will be reviewed by senior management at The Football League and used to inform its strategies moving forward.

The Changing Room will also offer The Football League's partners insight into important trends and opinions amongst fans and help them tailor their offerings to the needs of supporters.

As well as offering fans the chance to communicate directly with each other and The Football League, The Changing Room will offer regular

Mike Stevens, Managing Director of Vision Critical Europe shared his thoughts: "We're thrilled to be working with The Football League on this exciting new initiative. The Changing Room is a bold and innovative way to engage fans, and we're proud to be associated with it."

# Nathan Clarke Captain's Log

**The last home game signalled the end of the eight-match winning run, how disappointing was that?**

*Answer:* "It was really disappointing, as we all felt we would be able to keep it going against Scunthorpe. The game was never going to be a gimme, but it was one we thought we could win and it would have kept the momentum going and kept us kicking on."

**It won't be an easy game today against Swindon, but you must have some fond memories of when you played them back in September?**

*Answer:* "Definitely, because the 1-0 win kicked off our season in many ways and it was important

**"You get on with it and plan your Christmas around the games and do things at different times to everybody else."**

to get those first points on the board. Swindon were doing well and had not been beaten at home for a year. It was always going to be a tough game, but it really was a good away performance."

**I don't suppose the players have had too much time off over Christmas with the games coming thick and fast. How do you cope with that, especially if you have a young family?**

*Answer:* "It's something you just accept as a player, because you know that Christmas is going to be a busy period. You get on with it and plan your Christmas around the games and do things at different times to everybody else."

**Were the players in Christmas Day for training?**

*Answer:* "Yes, we had the

same sort of build up as we would for all games, although training was a little bit earlier than normal, so the players could get back to their families."

**Was there time in the busy schedule for the players to have their own Christmas party?**

*Answer:* "We did have a get together, but it was difficult to arrange because of the amount of games we have had recently and there have not been many free weeks. But we did go out a couple of weeks ago."

**Did you have a 'Secret Santa' at the party and if you did who got what?**

*Answer:* "No we didn't, which was a shame. As skipper I should have sorted that out. It's a good idea and something we will do next year."

**If you were writing a half-term report at Christmas, what would be the plusses on the season?**

*Answer:* "I think our away form has been really good so far and we are still in two of the cup competitions."

**What about the minuses?**

*Answer:* "Our home form has been indifferent and it's not what we would have liked. It's something we have got to improve on during the second half of the season."

**After playing over 300 games for Huddersfield Town and spending almost 20 years with your home town club, how have you enjoyed living in London?**

*Answer:* "It's different and something I wanted to experience during my career and was delighted when Leyton Orient gave me that chance. I want to make the most of it and have seen the sights, but it's also important to settle down to some sort of normality."

## DAVID MOONEY

*IT'S been an excellent few weeks to be an Orient striker.*

*words: Leo Tyrrie - Pictures: Simon O'Connor*

**K**EVIN Lisbie picked up the npower League 1 Player of the Month award for November after notching five goals in as many games, but his strike partner David Mooney can't have been too far off claiming the prize himself after hitting a similarly rich vein of form.

His headed goal at Gloucester City broke his duck for the season and began a goalscoring run which has seen the Irishman hit the back of the net seven times since mid-November.

As a pair Mooney and Lisbie have scored 15 goals over that period and the former Reading man just wants to keep that going.

"It is the best form I've had since I've been here," he told E10.

"Obviously it helps when you've got a settled team because you can get that understanding and relationship with a partner. Kev's been great, and all the boys across the middle have been supplying us. Long may it continue.

"I've really enjoyed playing as part of a

two up front, obviously in different games you take on different roles, but at the minute he's given myself and Lis that bit of freedom to just go out and express ourselves.

"Kev gives us that bit of experience and he holds the ball well too. At the minute he's got that knack of getting in the box at the right time and nicking a goal too, which is great.

"We've got a good understanding and a good relationship, but when Brunty plays and when Symesy plays it's the same, regardless of who out of the four is playing."

All of Mooney's goals this season have come on the road, so with back-to-back home games coming up over the Christmas period, he would like to add a Brisbane Road strike to his tally.

He continued: "It would be nice to get a couple of goals at home now. The crowd have been great to me since I came back into the team and for me and Kev, the ovation we got when our names were called out was fantastic.

"You want to go out and do well, and hopefully I can score a goal at home. But if I scored in every away game and we won every home game I'd take that."

The form of the strike pairing has been replicated across the team as the O's went on an eight-game winning run before seeing that come to an end with the recent defeat to Scunthorpe.

Mooney is backing the east Londoners to bounce back quickly and ensure the loss to the Iron was merely a blip.

He said: "If we could have stretched ▶

## DAVID MOONEY

*Born:* 30.10.1984, Dublin

*O's appearances:* 62

*Goals:* 15

**IRELAND:** Born in Dublin, Mooney's career began in his homeland, where he gained quite a reputation in the League of Ireland. His first senior club was Shamrock Rovers, whilst a spell at Longford Town saw him reach the final of the FAI Cup and pick up the FAI Player of the Year prize. Cork City was his next stop, where 15 league goals in 22 games brought about a move to England.

**READING:** Championship side Reading took Mooney across the Irish Sea, although he was never to make a League appearance for the Royals. In total he only appeared in four League Cup matches for the club, scoring twice.

**LOANS:** David found more success in loan moves away from the Madjeski Stadium, with his first spell coming at Norwich in the 2008/09 campaign, when he netted three goals in nine matches. He spent most of the next campaign at Charlton Athletic, although the season ended in disappointment when the Addicks lost a League 1 play-off semi-final to Charlton Athletic.

**COLCHESTER:** His next loan stop was Colchester United, where once again Mooney spent a whole season. He scored 14 goals in his year with the U's, including one against the O's, before he left Reading to link up with Russell Slade's men on a permanent basis.

**ORIENT:** Mooney scored eight goals for the O's in his first season with the club and is already close to matching that this term, having scored seven in the last month-and-a-half alone. Remarkably, only three of his 15 goals for the club have come in E10, so he will be hoping for a late Christmas present of a home goal this afternoon.

**“There’s been a massive change with the players coming in this year, and I think the manager has brought in some really good personalities.”**

it out for one or two more games it would have put us in an unbelievable position. It wasn't meant to be, but we've got a chance to regroup now, maybe get our feet back on the ground and kick on.

“After a defeat the most important thing is to try and not lose the next game. Hopefully we can do that and we're still in a good position. If you'd offered us 31 points, the semi-final of the Johnstone's Paint Trophy and the third round of the FA Cup, we'd have bitten your hand off, so for us to be in that position coming into the New Year all bodes well for the second half of the season.

#### Performances

“A lot of players have come into good form and we've managed to put in some really good performances. We're scoring goals which is always a plus and we haven't conceded too many. Unfortunately we conceded one or two goals against Scunthorpe that maybe on another day we wouldn't, but so be it and we'll just push on now.

“We've been great going forward recently. We've played with a good fluency and we all know what each other wants to do. Kev's done really well and the two wide boys, Coxy and Cooky have put in some unbelievable deliveries.

“But it goes right from the back,

Chors, Moses, Matt Baudry or Clarky, Gary Sawyer and Ryan in goal, I think everyone has played their part. Ryan made saves when he had to and thankfully Kev has managed to score when he needed him to score.”

Orient follow today's game against Swindon Town with another home match on Saturday when Walsall come to E10.

Christmas is always a crowded time in the football schedule and with two games so close together – followed by a trip to Yeovil Town on New Year's Day, Mooney wants to make the most of it.

#### Tough Games

He explained: “The Christmas period is massive for us. Swindon, Walsall both at home. Two tough games, but we'll be looking to bounce back from the defeat against Scunthorpe and hopefully we can do that with a couple of good results.

“It's a massively important time. Swindon are around us in the table and then Walsall is another one where you're hoping we can put on a good show and get a good result. We know that every game in League 1 is tough and it's hard to predict any score in this division.

“It's all about how we perform on the day and we just want to turn up and play some good football, and hopefully that'll be enough to see us home.”

Mooney is in his second season with the club and as 2013 approaches, he is confident the O's upward curve can continue.

He added: “There's been a massive change with the players coming in this year, and I think the manager has brought in some really good personalities. Everyone seems to get on really well and we've got a good side.

“Not just in the first 11, but we've got a good 17, 18 players we can call upon. That's important, regardless of who's in and who's out. We want to push on up the league, but I don't think it's too important to look too far ahead. We need to concentrate on the here and now, and if we can get on another winning run, and keep that kind of form going we won't be too far away.”

# Programmed to Thrill

**IN this feature, we review the club's matchday programme for the Division Four game with Swindon Town on October 15 1955.**

## THE MATCH

**The O's, lying in fourth position in Division Three (South), proved far too good for their bottom of the table opponents who had recorded only four points from their 14 matches thus far that included just a single victory.**

Ken Facey scored a hat-trick after Ron Heckman had opened our account in front of a crowd of 14,713 as the home side continued their impressive form at Brisbane Road to complete their sixth successive home win of the season and retain their unbeaten record with a tally of 22 goals scored and just four conceded.

"I need hardly remind you perhaps that there has been a good deal of publicity lately on the question of 'slavery' and professional soccer players," he stated. "The subject is generally, far too important a topic and too conflicting to elaborate on here but I am given to understand that during last season, there were five Orient first team players who received wages of £1,000 apiece. On reflection, you know, that is pretty good remuneration from a struggling small club and a rather pleasant form of 'slavery' I should say."

Elsewhere, on page two the Supporters' Club Notes written by "Beacon" reflected on a very enjoyable Social evening spent at The Coach and Horses, High Road Leyton, when Supporters' Club Chairman Freddie Dunn addressed the gathering.

Touching on the Appeal Fund, he declared that "no depressing newspaper chat should mar the evening's enjoyment," Beacon wrote. The Football Club had issued an appeal for funds to help them realise their promotion ambitions and Frank Harris, chairman of the Appeals Fund invited all those who had not subscribed to the fund to do so NOW. "There will be NO SURRENDER," he declared.

Page three carried the team line-ups and league tables for both Division Three (South) and the Combination League while on the back page, the fixtures and results for both teams were published. The only advert in the programme was for the Hackney Empire and that was displayed at the foot of the last page. It showed that twice nightly, at 6.40 and 8.50, there would be an All Star Variety show including The Radio Revellers (with Billy Dainty the new TV Comedian) and The Aerial Kenways (with Billie Wyner the Glamorous Pianiste). The theatre's Christmas attraction was to be "Guys And Dolls" direct from the London Coliseum.

The programme was published by Grove Press, 732 Lea Bridge Road, Leyton.

**WE dig deep into the archives to find a copy of the matchday programme involving this afternoon's two sides and the issue selected is the publication from our promotion season of 1955/56 season and the match with Swindon Town played on October 15.**

The matchday programme of that time was just a four page item costing 3d although there was plenty of editorial copy on the first two pages provided by the editor "Forester" who began this particular series of notes reflecting on a disappointing display by the first team seven days earlier.

"Orient's performance at Newport in last Saturday's League match will not go down in the records as one of their best and a 0-3 defeat left many, many supporters a little surprised by the weight of the beating," he wrote. "Up to the match, O's defence had only conceded three goals in six away games this season so there is every reason for disappointment."

The damage was done by County centre-forward Tommy Johnston who scored all three goals although three months later, he was to sign for the O's to become one of the greatest players to ever represent the club.

Having provided brief details of the reserves' 2-2 draw with Birmingham City, the editor then discussed players' wages.

# FIFTYPLUS

**IT WAS 50 YEARS AGO** that Leyton Orient were enjoying top-flight football for the one and only time in their history. In this regular feature we follow the season, match-by-match during this historic campaign for the Club.

## OCTOBER 17

**WITH** the demands of playing First Division football becoming increasingly testing for the O's, they were given a welcome distraction from the battle to secure League points when they were pitted against Chester City in a Third Round League Cup match.

A record-equalling performance by our lads saw them thrash their struggling Division Four opponents by a 9-2 margin in front of a crowd of 7,428 to equal their previous record score recorded in a Division Three (South) match against Aldershot in 1933/34. Against a shell-shocked City side, the O's ran riot as George Waites and Malcolm Graham took the opportunities to score hat-tricks, Dave Dunmore collected a couple of goals while Norman Deeley also got on the scoresheet.

Orient boss Johnny Carey made a couple of changes to his regular starting line-up and that offered a debut to left-winger Roger Wedge but it was to prove the only first team appearance that he made.

Despite the barrage of goals, the home side had only found the net once in the opening 38 minutes after Waites found a way past the Chester defence but thereafter, the floodgates opened. The O's players queued up to take pot-shots at goal from near and far and all angles although City did manage a couple of consolation goals towards the finish as their opponents went in search of double-figures.

*Leyton Orient:* Robertson, Charlton, Taylor, Gibbs, Bishop, Lea, Deeley, Waites, Dunmore, Graham, Wedge,

*Chester City:* Hardie, Molyneux, Fleming, Wilson, Butler, Corbishley, Gregson, Myerscough, Fitzgerald, Clarke, Jones.

## OCTOBER 20

**BACK** to League action and how the O's would dearly have swapped a few goals from their match with Chester for just

one at Villa Park where they succumbed to a 1-0 defeat watched by an attendance of 29,370.

Carey made a number of changes from the side that were defeated at home to Blackpool in the previous Division One fixture and although we were able to welcome back Sid Bishop to the heart of the defence after a three-match absence, Malcolm Lucas and Eddie Lewis were both missing due to viruses. Derek Gibbs deputised for Welsh international wing-half Lucas and Bill Taylor was drafted into the left-back position.

Another change was made up front where Waites replaced Terry McDonald but that was to prove his last appearance for the first team ahead of a move to Brighton & Hove Albion. Due to international calls that deprived them of a number of players, Villa were forced to field a host of reserves but they proved worthy winners despite the narrow margin of victory and a huge element of good fortune with their goal.

Villa's winger Harry Burrows sent over an intended cross but the ball swerved past Orient 'keeper Bill Robertson, hit a post and rolled into the net.

*Aston Villa:* Sims, Neal, Aitken, Lee, Sleeuwenhoek, Tindall, Ewing, Wylie, Thomson, O'Neill, Burrows.

*Leyton Orient:* Robertson, Charlton, Taylor, Gibbs, Bishop, Lea, Waites, Bolland, Dunmore, Graham, Deeley.

While the senior side were in action in the Midlands, our Reserve side were contesting the Football League Combination Cup Final against a strong Tottenham Hotspur side at Brisbane Road where a crowd of nearly 9,000 turned up. Orient had won the Midweek Section of the league and Spurs had lifted the Saturday section title and the two clubs met to decide the overall winners. A

closely-contested affair was settled by Bobby Smith, the Spurs centre-forward and holder of 15 International caps for England, who finished off a sweet move involving two other Spurs first team regulars in Terry Dyson and Frank Saul.

## OCTOBER 27

**SPURS** were again the visitors to E10 seven days later only this time, it was their senior side who provided the opposition in a Division One clash attended by a record Brisbane Road crowd numbering 30,987.

Ronnie Foster came into the home side for his first League game of the season and McDonald was restored to the starting line-up while the England amateur international Mike Pinner was given his Orient debut. It proved a miserable time though for the experienced goalkeeper as his side were thrashed 5-1 by the FA Cup holders, a win that allowed the men from White Hart Lane to take over top spot in the League table.

Dave Mackay was missing from the visitors' line-up after being ruled out with a heavy cold and they also had their goalkeeper Bill Brown struggling with a leg injury for much of the game but the North London side dictated the show from start to finish as the O's shortcomings as an effective Division One side were clearly exposed. Remarkably, predatory forward Jimmy Greaves failed to score but his usual incisive qualities were adopted by other colleagues. It took Spurs 21 minutes before they beat Pinner for the first time when John White netted on 21 minutes but Deeley levelled four minutes later when he drove home a superb pass from Ronnie Foster.

The visitors were back in front on 34 minutes when Bishop deflected a shot by Tony Marchi over the keeper's head and the north London side then raised

their tempo. A minute before half-time, winger Terry Medwin made it 3-1 and second half goals from the stylish White and Welsh international winger Cliff Jones completed the rout. Spurs manager Bill Nicholson said afterwards: "I hope Harry Zussman (Orient chairman) won't be upset but I describe this as a match between thoroughbred racehorses and a pack of willing horses."

The defeat dropped Orient to the foot of the League table and perhaps the only consolation for their dispirited fans came in the knowledge that Spurs had already accounted for Ipswich Town by a similar margin in the clash at Portman Road while West Ham United had been beaten 6-1 at Upton Park.

Tottenham had also shown no mercy either to visitors playing at White Hart Lane having thrashed Nottingham Forest 9-2 and Manchester United 6-2.

A third of the League season had been completed but the cracks in the O's squad were showing and manager Carey made no secret of the fact that he was interested in bringing in a fresh face or two.

An inside-forward headed his shopping list and the club were continually being linked with players from around the country, the latest being John Barnwell who was unable to regain his place in the Arsenal team although nothing came of the interest.

**Leyton Orient:** Pinner, Charlton, Taylor, Lucas, Bishop, Lea, Deeley, Bolland, Dunmore, Foster, McDonald

**Tottenham Hotspur:** Brown, Baker, Henry, Blanchflower, Norman, Marchi, Medwin, White, Allen, Greaves, Jones.

## NEW E-BOOK FROM STRONGO

Following a good response for his e-books reporting on O's games in the 1990s and the 'Noughties', club member Martin Strong has now put together another book, this time featuring the 1980s. 'Leyton Orient - Games of the Eighties' features 14 classic games from a somewhat turbulent decade at the O's.

It is currently available on iTunes and via Amazon Kindle priced £3.29 and is a really good read.

# BOB MILLS

**"Fanny and Alexander, Elf, The Shop Around The Corner... they are all there for the taking. Plus, of course, It's a Wonderful Life."**

**I'M A SUCKER for Christmas. Always have been. As a kid it's the one time I can remember everyone in the family being together, and not rucking.**

When I was a teenager and moved to London on my own, I always had jobs where I worked over Christmas and New Year, first as a telephonist for a cab company, then in restaurants and theatres. There is a special camaraderie that springs up between people who work over the holidays. Then, when I had a family of my own, I went completely over the top about it. Trees, presents, decorations... no matter how potless we were, we always go for it a big way.

Now that the kids are living away from home. It's even more special. Everyone back home. Brilliant. Honestly, I'm a complete mug for it. All month, my radio in the kitchen is tuned exclusively to Smooth Christmas, a station that plays non-stop festive hits. A constant diet of Slade, Bing, The Pogues, with a heavy sprinkling of Sir Cliff and David Essex's classic 'Winter's Tale'. Sky Movies has four channels dedicated solely to snow and Santa movies for the whole of December.

Mainly a relentless churning out of made-for-TV jobs all with more or less the same plot. A young business woman, no time for Christmas, meets a guy who works in a homeless shelter... an crochety old geezer, no time for Christmas, meets a woman who works in a homeless shelter... a con-man, sets out to cheat an old couple who run a homeless... you get the point. It's not Capra, but most afternoons, I can be found on the sofa, wondering at what point the grump is going to see the light.

Christmas films are a very personal choice. For me the classics are: Alistair Sims's 1951 Scrooge. Trust me, this is the only version that counts. However good modern cinema technology can make ghosts of past, present and future, no other actor can ever match Sim's genius, spiteful, mocking miser. There is a scene

early on, when two worthy businessmen come to ask him for a donation for the poor and needy, which is a monument in underacting that would shame the greatest 'method' stars of Hollywood.

Die Hard 1 and 2. What can I say? There is no place at Christmas, surely, for terrorists, explosions and maverick ex-cops. But these two films are quite simply exquisite. Willis at his best, villains at their baddest and the whole tension cranked up a hundred notches, by the fact the whole thing takes place on Christmas Eve. Genius.

Fanny and Alexander, Elf, The Shop Around The Corner... they are all there for the taking. Plus, of course, It's a Wonderful Life. If you've never seen the latter. Watch it tomorrow. You may have been led to believe it's a schmaltzy, warm-hearted festive tale. Nothing could be further from the truth. It's dark. It's funny. It's challenging.

Have a Happy One!

## Back of the Net

**I READ a thoroughly entertaining feature in a big football magazine recently about the best goals ever scored. Not your usual Maradona/Carlos Alberto toss-up for top spot, but a domestic round-up featuring all of the current Premier, Football League and SPL sides, which makes a nice change. Diego's effort I know all about; Lee Thorpe's for Torquay against Stockport in 2006 - not so much.**

I mention this today because Swindon manager Paolo Di Canio won the West Ham correspondent's vote for that extraordinary leaping volley against Wimbledon back in 2000. Fair enough, as it's still one of my favourite goals even though it was for West Ham, which would usually take the gloss off, obviously.

To clarify, the poll wasn't about the most important goals, but what Paul Merson would call a 'worldy' – a long-range humdinger, Di Canio-like volley, Maradona-style dribble or even a lovely team effort - the sort of thing that looks great on YouTube even if you've never heard of the bloke who scored it.

Orient's goal actually has a nice mix of the spectacular and vitally important: our judge went for Matty Lockwood's long ranger against Hull in the 2001 play-off semi second leg, which turned out to be the winner. We went on to lose the final, of course, and I wonder if it might have been a different result if the poll had been conducted a month later.

Looking at the magazine cover date I'm guessing they sorted the selections before

CELEBRATING AGAINST HULL

Dean Cox hit that halfway-line cracker at Walsall in October, which got a fair bit of national coverage. This was shortly after FIFA 13 came out, and I recall some mock Twitter outrage that week about how Coxy's 'long shots' rating was only 67. Bet that'll be the first stat he checks on FIFA 14.

A Cox strike against Walsall did win Swindon's vote, Simon Cox's long-range

there were a few other former and future O's on the Best Goal list. The most famous was by future O's player Justin Fashanu, who took the Norwich honour for that amazing volley against Liverpool, which led to a disastrous move to Nottingham Forest.

Adam Boyd pulled off a mesmerising run and chip for Hartlepool against Sheffield Wednesday in 2005, which probably

“...the poll wasn't about the most important goals, but what Paul Merson would call a 'worldy' – a long-range humdinger...”

job at the County Ground just one of 29 goals he scored in 2008/9, leaving him level with Ricky Lambert as the top scorer in English football that season. Then West Brom bought him for a couple of million and hardly ever played him up front. Very odd.

As well as Lee Thorpe – a bicycle kick into the top corner, believe it or not –

helped get him that big move to Luton, which also didn't work out. And Gary Alexander's cracking volley for Millwall in the 2009 play-off final definitely isn't his own favourite, given that he could have won them promotion with an easy header later on, but didn't.

On balance, then, you're probably better off with a scrappy tap-in.

*Jonny Davies takes a look at what's happening in the rest of League 1*

### Carlisle United director Norman Steel says the position of manager Greg Abbott will be reviewed at the end of January.

The Cumbrians have struggled recently and slipped towards the relegation zone in npower League 1.

But Steel was quick to point out the review was simply part of an "ongoing" process.

"The managerial situation is reviewed on an ongoing basis," he told BBC Radio Cumbria.

#### Contingency

"We are not looking to replace the manager at this time, but there's always a contingency in place.

"I don't think it's the right solution every time to sack the manager on the back of four or five bad results.

"It is the board of directors that appoint the manager in the first place, so surely there is some responsibility on the board to honour the agreement they have with the manager."

### ■ Veteran goalkeeper Danny Coyne has extended his contract with promotion challengers Sheffield United until the end of January.

The 39-year-old, who was capped by Wales on 16 occasions, joined the Blades last month to provide cover for highly-rated shot-stopper George Long after Mark Howard was ruled out for three months with a thigh injury.

Coyne has been an unused substitute in every game since he joined and is expected to continue to provide back-up for Long.

■ **Scunthorpe United manager Brian Laws is planning talks with Karl Hawley over a new contract.**

Hawley, who scored against the O's recently, signed a short-term deal at Glanford Park in the summer, but it runs out in January and Laws is keen to extend it.

The Iron boss told the club's official website: "We have to spin plates and work out what's going to benefit the football club.

"I will certainly be talking to Karl shortly and I have explained that to him.

"We will talk about the longer-term issues and that is something we want to progress if we can. We know there's some talking to do."

■ In form **AFC BOURNEMOUTH** will be without key midfielder *Shaun MacDonald* for at least two months after he suffered a nasty ankle injury in his side's recent 1-0 win against Colchester United.

MacDonald, 24, has been a big player for the Cherries, who have been in great form since the return of Eddie Howe.

"Initially we thought he had broken his ankle, now we're hopeful he has just badly sprained it," Bournemouth manager Eddie Howe told BBC Radio Solent.

"But either way it looks like it will be a minimum of a couple of months."

■ **TRANMERE ROVERS** manager Ronnie Moore says he is proud of his promotion-chasing squad, despite suffering a number of injury problems to key players recently.

Moore told BBC Radio Merseyside that his team have coped admirably without captain James Wallace, Jean-Louis Akpa Akpro and Ben Gibson.

"This squad of players never know when they're beaten. That's every one of them," he said. "The lads that have come in have been fantastic."

■ **Portsmouth defender Gabor Gyepes has admitted he may have to leave the struggling League 1 club when his contract expires in January.**

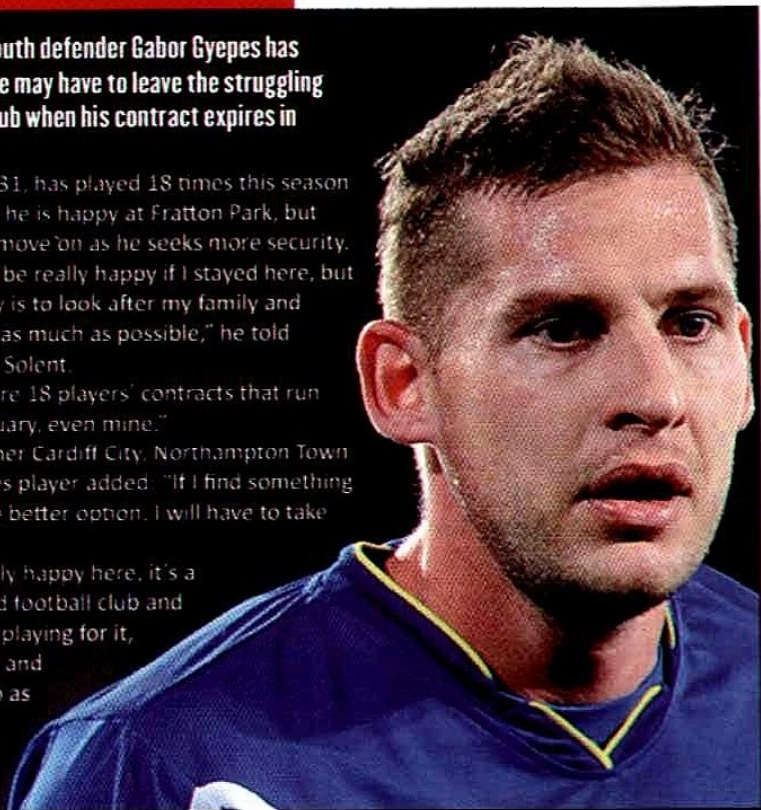

Gyepes, 31, has played 18 times this season and insists he is happy at Fratton Park, but could still move on as he seeks more security.

"I would be really happy if I stayed here, but my priority is to look after my family and give them as much as possible," he told BBC Radio Solent.

"There are 18 players' contracts that run out in January, even mine."

The former Cardiff City, Northampton Town and Wolves player added: "If I find something else, some better option, I will have to take it.

"I'm really happy here, it's a really good football club and I'm happy playing for it, but I'm 31 and have to do as much as possible."

**NAME:** VCD Athletic FC

**GROUND:** The Oakwood

**MANAGER:** Ricky Bennett

**PRICES:** Adults £9. Concessions £1

**ONE TO WATCH:** At 6ft 4ins tall, striker Uche Ibemere is a real handful for defenders, especially as with his height comes blistering pace. He had spells at Spurs and Millwall as a youngster. Will be a little disappointed to have only scored five goals so far, but has the potential to score plenty more.

**FORM:** The club has had a turbulent recent history, they were demoted from the Ryman League One North in 2010 due to a problem with the ground at Oakwood and have been in the Kent League since.

The club finished third last season and have made a solid start to this campaign and find themselves comfortably in the top half with games in hand over some of the sides above them.

### Scott Barrett

Born in Ilkeston in 1963, Scott joined Wolves from his hometown club and then played for Stoke City before having loan spells with Stockport County and Colchester United. He then moved on to Gillingham on a free transfer in August 1992 where he played 51 League games before linking up with Cambridge United three years later.

He joined us in January 1999 on a free transfer, becoming one of a number of players to make the move down the M11 following manager Tommy Taylor to Brisbane Road. It was his performance in the second leg of the play-off semi-final at Rotherham United that underpinned our ultimate success and booked a trip to Wembley. His heroics at Millmoor included a wonderful save in the dying minutes that took the match into extra-time and then a penalty shoot-out during which he saved two penalties.

He shared the keeper's jersey with Ashley Bayes the following season before Bayes became first choice. However, he regained a regular place in

the side when his rival sustained a long-term shoulder problem by which time, Scott had also taken on the role of goalkeeping coach. He became the club's first goalkeeper to come off the substitute's bench when he replaced the injured Glenn Morris in an FA Cup tie against Margate.

In January 2003, at the age of 39, he was the oldest keeper still playing League football but with the signing of Lee Harrison, three months later, Barrett decided to retire having made 110 (1) appearances for Orient. He was subsequently appointed assistant manager to Mark Stimson at Grays Athletic before the pair moved onto Stevenage, Gillingham and Barnet.

### Ashley Bayes

Lincoln-born, the former England youth keeper had progressed from apprentice ranks at Brentford to full professional status in July 1990 but three years later after just a handful of appearances, he joined Torquay United on a free transfer.

He became a first team regular for the Gulls but after three years, made another move although staying in Devon to join Exeter City. Once again,

he established himself as their first-choice winning Player of the Year awards at St James Park before heading back to the capital to join Orient in July 1999. His first game for us came on August 7 1999 in a 2-1 defeat at Carlisle United and he lost his place to Scott Barrett although neither were able to claim undisputable first-choice rights.

Bayes did become the established regular goalkeeper the following term and had made 80 (1) senior appearances when he left us on a free transfer to join Bohemians in June 2002. The next season found him playing for Woking and he subsequently appeared for Hornchurch, Grays, Crawley, Stevenage and Basingstoke before joining Aldershot's coaching staff.

### Lee Harrison

A tall and commanding keeper, he spent most of his time around the lower leagues and earned himself a reputation as a fine shot-stopper. He played for Gillingham, Fulham and Peterborough although most of his career was spent at Barnet where he made 233 appearances before a return to Orient, having been with us as a schoolboy between the ages of 11 and 16, in March 2003 for a £10,000 fee.

After 65 matches, he moved onto Peterborough but returned to Underhill in July 2006 where he took his tally of appearances for the Bees to 300 plus. After being released in the summer of 2010, he briefly joined Dagenham & Redbridge and then Newport County but in August 2012, it was announced that he had been appointed permanent goalkeeping coach at Wycombe Wanderers where he is also registered as a player.

### Rhys Evans

The Swindon-born shot-stopper joined us on a three-month loan from Chelsea in August 2002 and made his debut in the 1-0 defeat at Rochdale on the opening day of the season.

He only made seven appearances and was on the winning side on two occasions while two matches were drawn. He had previously been with Bristol Rovers and Queens Park Rangers, also on loan and after five years at Chelsea without getting a start in their first team – although he did win two

England Under-21 caps – he moved to hometown club Swindon Town in 2003. He played more than 100 matches in three seasons for them before signing for Blackpool and he later assisted Bradford City, Millwall, Bristol Rovers, Southend, Staines Town and currently plays for Exeter City

### Glyn Garner

Born in Pontypool, he joined the O's from Bury in the summer of 2005 ending a five-year spell at Gigg Lane.

His career had started with Llanelli before he joined the Shakers in June 2000 where he made 142 starts. An agile 6'2" goalkeeper, he made his O's debut against Macclesfield Town in August 2005 and proved to be a dependable shot-stopper with 14 clean sheets in 43 League games that assisted us to promotion that season.

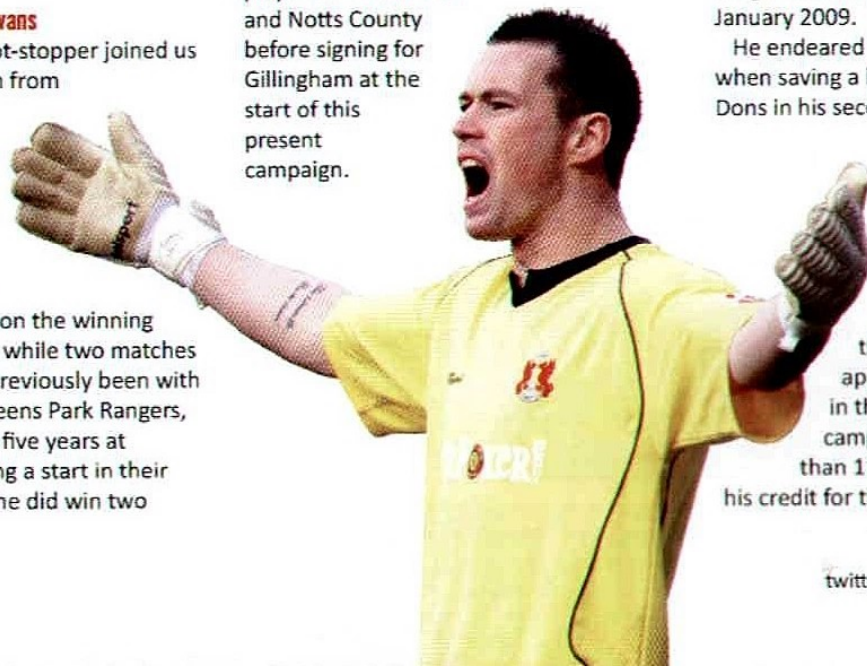

He made a further 43 League starts in our first season back in League 1 but expressed his wish to return nearer to his roots and left in May 2007 on a free transfer to join Shrewsbury Town.

He has since played for Grays Athletic, Newport County and Bath City.

### Stuart Nelson

Started his career with Doncaster Rovers but joined Hucknall Town before moving to Brentford in February 2004 for a £10,000 fee. He completed his first full season with Brentford in 2004/05 maintaining 21 clean sheets and helping the team into the promotion play-offs.

He signed for the O's in the summer of 2007 but left less than a year later by mutual consent and joined Norwich City for the next season penning a one-year deal but failed to make a start for the Canaries. He then played for Aberdeen and Notts County before signing for Gillingham at the start of this present campaign.

### Glenn Morris

A graduate from our youth ranks, he made his senior debut at the age of 17 and became first-choice keeper after an outstanding 2003/04 campaign, which saw him win the Young Player of the Year Award for a second successive season. He was a key member of the O's Under-19 double-winning side of 2000/01 that won their league and the Youth Alliance Cup Final at the Millennium Stadium.

He made his League debut in the penultimate match

of the 2001/02 season, figuring in the 1-1 home draw with Exeter City and retained his place the following week keeping a clean sheet at

Kidderminster Harriers where a goal by Dean Smith proved sufficient to earn us the three points.

He appeared in 27 (1) League matches in 2002/03 and 30 games in 2008/09 although for much of the time during his Orient career, his role was that of understudy. He was released in July 2010 after 145 (5) appearances for the first team and joined Southend United before linking up with Aldershot this season.

### Jamie Jones

He joined the O's in the summer of 2008 having been a product of the Everton Academy although he was unable to make the breakthrough at Goodison Park. He wasted little time in establishing himself as the number one choice between the posts with us after making made his League debut at Scunthorpe United in January 2009.

He endeared himself to the O's faithful when saving a last-minute penalty at MK Dons in his second League game to secure a 2-1 win for his side and earned the Young Player of the Year award in his first two seasons with the club.

Now recovered from a recurring shoulder injury that restricted his appearances last season and in the first half of this campaign, he now has more than 110 senior appearances to his credit for the club.

## IN THEIR WORDS

**Kevin Nugent** - "It was a really tough game tonight, tough conditions - very, very cold and windy - but I thought it was a fantastic performance over the 90 minutes."

"We were under the cosh a lot in the first half, they played with a certain style which was causing us problems."

"But we were so pleased with the performance in the end, every competition we want to go and win it, and it's fantastic to get through in this one."

**Aldy Boothroyd** - "If I'm honest I'm a bit bemused by the scoreline."

"We were by far the better team in the first half and we created two very good chances. Their goalkeeper kept them in it with a couple of great saves and unfortunately for us Louis Mould didn't have his shooting boots on tonight which is very unusual for him as he is one of the best finishers in the club."

## THE ACTION

*41 min –*

Following a quiet opening to the game, Northampton have the first chance to open the scoring when Ben Tozer's long throw is flicked on to Jake Robinson at the far post and his snap shot brings a fine save from Jamie Jones.

*44 min –* A clipped ball over the top tempts Jones off his line and Louis Moulton has the chance to lob the O's keeper, but failed to loft it over him.

*61 min –*

Northampton midfielder Emyr Huws makes a good burst into the O's area and shoots low towards goal but Jones sticks out a foot to poke the ball behind for a corner.

*73 min –* Orient make the game safe thanks to a calm penalty from sub Michael Symes, who sends goalkeeper Lee Nicholls the wrong way after left back Joe Widdowson is penalised for handling Moses Odubajo's cross.

*79 min –*

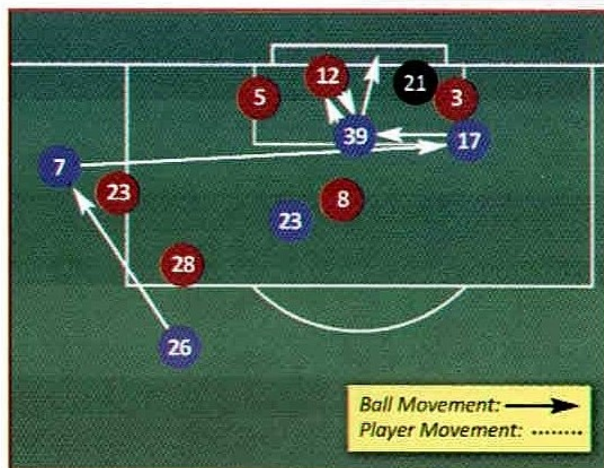

Northampton sub and former O's man Adebayo Akinfenwa forces an acrobatic save from Jones with a back stick header, but there's no way back for the Cobblers as the O's march on to the semi-finals.

**KEYMOMENT**

**1**

Orient make the first of their first real opportunity when David Mooney rams home from close range after his initial effort is blocked on the line by a home defender.

**57 min**

**KEYMOMENT**

**2**

The O's continue to be more ruthless in front of goal and double their advantage thanks to Mooney's second, as he heads home at the far post after Lloyd James delivers from the right.

### **BEN CHORLEY** says he feels 'blessed' to have met the residents of Vi and John Rubens in Ilford.

Chorley, who visited the Jewish Care Home along with teammate Michael Symes as part of the recent Mitzvah Day celebrations, was returning for the third consecutive year.

The pair sat and chatted with several members and bought a customary scarf before joining those suffering with Dementia for a singing session.

**"These people have been through things in their lives where the decisions have been taken out of their hands and have come through it with flying colours."**

"I always come away from here feeling very, very blessed," said Chorley.

"It's a pleasure to come back here and see the same people that you've seen every year.

"Millie Gee, the 105-year-old, is just unbelievable. They never feel down,

they're always upbeat and it makes you feel humble.

"Some of them have lived through two World Wars and seen some awful things, but their zest for life is just as strong as ours and I'm less than half their age.

"I look forward to it each year. At the start of every season when I come back into training I make sure that I'm booked in to come here.

"These people have been through things in their lives where the decisions

have been taken out of their hands and have come through it with flying colours."

Neil Taylor, Director of Care and Community Services at Jewish Care added: "Once again the visit of the two Leyton Orient players was really appreciated by the residents, staff and volunteers in the Home.

"The fact that Ben has now visited three years running and started to build a warm relationship with several of the residents is a credit to him and the club's community outreach programme.

"Older people can still enjoy football and since they can't get to a match at least the players come to them."

## CUSTOMER SERVICE

Should you have any issues, concerns or queries please contact your nearest steward who will assist you. Every steward has a number on their jacket to assist with feedback. A team of dedicated customer service stewards are also now available to deal with any queries.

*Zoe Young, Stadium Manager*

## TEXTING SERVICE

**07776 228 298**

Foul, abusive and racist language will not be tolerated in this stadium. You do not have to put up with mindless behaviour or let it spoil your day. You can approach the nearest steward to report an incident, or text directly to the control room and let us deal with it from there. It is better for us to monitor the situation as it is happening rather than after the event.

## GROUND REGULATIONS

Please be aware that these are posted around the stadium. Ground Regulations exist for the well being and safety of all supporters attending Brisbane Road on a match day.

## PERSISTENT STANDING

Whilst the club appreciates there will be times when fans will stand up periodically through the match, this issue relates to fans who persistently stand during games. We ask that you consider the fans behind you, the elderly and the young and those who cannot stand for prolonged periods of time. The club is monitored on a regular basis by the Local Authority. This is an all seater stadium and persistent standing is not permitted.

## EMERGENCY EVACUATION

In the event of an emergency within the stadium spectators should remain in their positions and listen carefully to the loud speaker announcements that will be made. The announcements may direct spectators to exit gates or emergency exits onto the pitch. In all cases the stewards will direct spectators to the relevant points. If spectators are requested to vacate they are asked to do so calmly and quickly to assist with safe evacuation.

## NO SMOKING - FOR YOUR SAFETY

It is against the law to smoke at this venue. Spectators are requested not to smoke at any time and safety stewards are authorised to ask any person found smoking to leave the stadium.

The background of the advertisement is a dark blue, textured night sky. Two large stadium light towers are positioned on the left and right sides, each with a grid of bright white lights. The overall scene is dimly lit, with the primary light source being the stadium lights.

## Christmas Party

**IT WAS** great to see so many Theo's Gang members at my Christmas Party a couple of Sundays ago.

I know the players really enjoyed meeting you all and I hope you got the autographs you were after. One lucky fan won a mascot package for completing my tough quiz, and our photographer Simon O'Connor was there to take these great pictures of the day!  
*Keep looking out for other events through the rest of the season.*

### THEO'S TRIVIA

Swindon spent one season in the Premier League after they were promoted from the play-offs in 1993. However, it was a year to forget as they found the going tough in the top flight, conceding a record 100 goals as they were relegated back after just a year.

### WHO AM I?

- 1) I was on loan with the O's before I signed here permanently.
- 2) I set up a goal against the O's last season when I was on loan at Charlton.
- 3) I have scored three times in 2012/13

## it's news at Swindon

**Happy Christmas to you all!**

I hope you had a great day yesterday and Santa brought you all the presents you were hoping for. Of course, there is one more present to go for and that's three points today. How good would that be if we could make it a perfect Christmas?!

Swindon are our visitors today and it was against Paolo Di Canio's men that we gained our first win of the season back in September.

That was a tough game which Lee Cook settled in the second half and I'm sure it'll be another hard one today.

But if we can get back to the form we've been in recently, I'm sure we can get the result so make as much noise as you can and cheer the boys on!

Come on you O's!

# FOR THE RECORD

## COMING SOON

Following this afternoon's game against Swindon Town we return here on Saturday when Dean Smith's Walsall are the visitors to the Matchroom Stadium.

Russell Slade's side will be looking to complete a double over the Saddlers following a 2-1 win at the Banks's Stadium at the start of October in a game that will be remembered for a Dean Cox wonder goal, when the midfielder man scored from inside his own half.

Cox's super strike put the O's 2-0 up in an outstanding first half in which the visitors moved into a commanding position thanks to Lee Cook's opener and then his fellow winger's moment of magic.

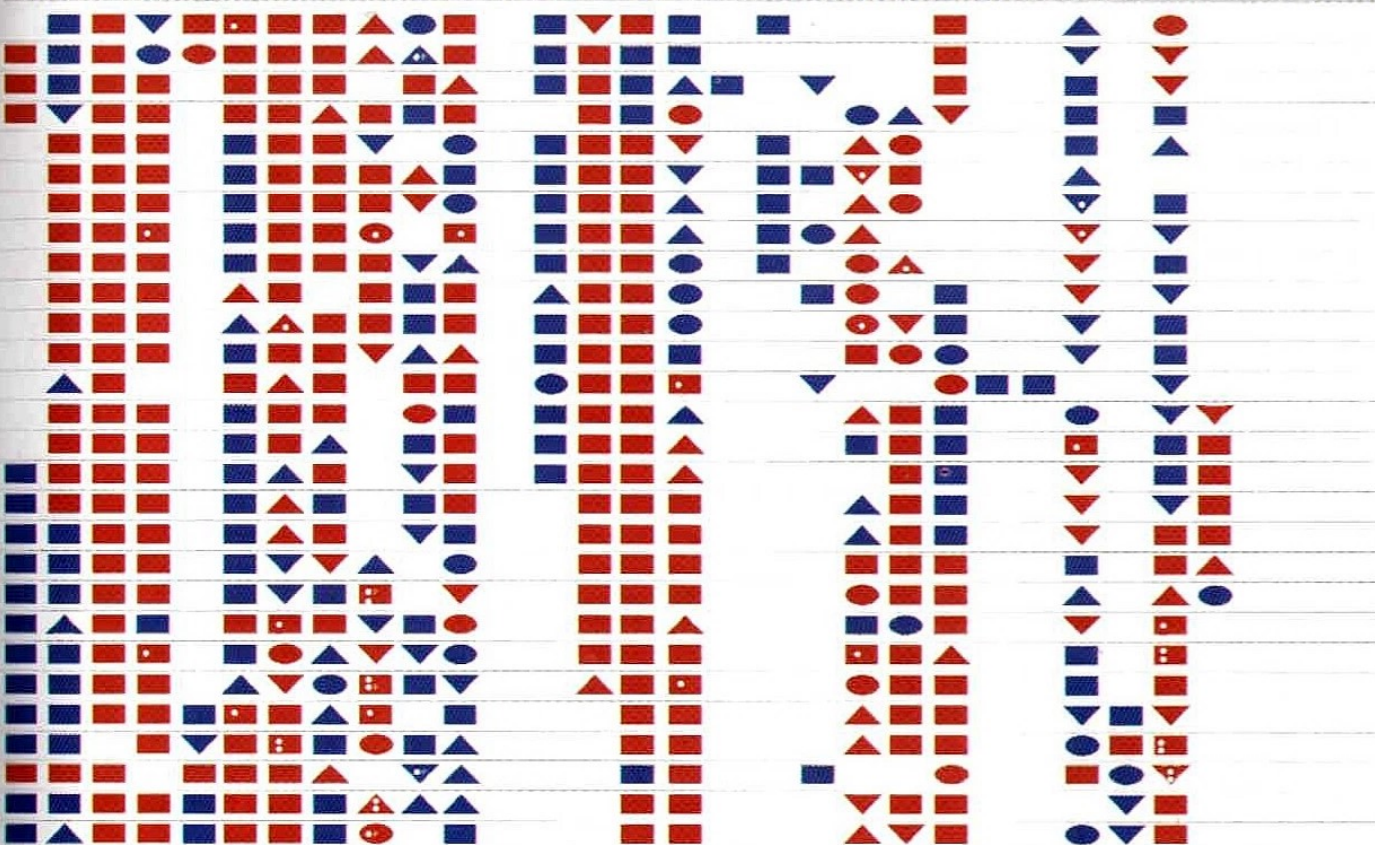

Walsall hit back in the second half and cut the deficit thanks to Will Grigg's penalty, leaving the O's with a nervy last 30 minutes to negotiate.
