LUKE WILLIAMS

Welcome to The County Ground as we return to League One action with Bury FC our visitors today.

We returned to winning ways in the week courtesy of a 2-1 victory over a Chelsea Development Side in the Checktrade Trophy.

I thought we were very good with the ball in the first-half and we created chances. We then showed in the second-half that we can defend well, their goal was outstanding so we can't be too disappointed to have conceded.

It was pleasing to see Raphael Rossi-Branco score on what was his first start of the season. Rapha showed his leadership qualities with a young group, took the game by the scruff of the neck and put us in front in the game, which showed his mental state.

Nathan Delfouneso also scored, opening his account for the club in the process which was great to see.

He came on at half-time and had to do a lot of defending but he did that, helped to get us up the pitch and was unlucky not to have scored a couple more.

We handed Sean Murray his home debut and he put in a solid performance, finishing the game with two assists.

It was also important to get 90 minutes into his legs because he's a little bit behind everyone else in terms of fitness, but it was encouraging to see his talent and I know there's a lot more to come from him.

Today sees us take on a very good Bury side and we will have to be at our very best to create chances and also to contain them.

It is another tough game but I am looking for a response from the players. Hopefully they have learnt a few things from the weekend and are ready to put right a few things.

Enjoy The Game.

• GENERAL MANAGER •

STEVE ANDERSON

Good Afternoon and welcome to The County Ground for today's Sky Bet League One game.

I would like to start by extending a warm welcome to everyone at SN1 this afternoon, including our Match Sponsors, Simon Day and Co.

I would also like to welcome the Directors, players, staff and supporters of Bury to Wiltshire - I hope you enjoy your stay with us.

A lot has happened since my last set of notes. Firstly, our game against Bristol Rovers didn't go as anyone expected due to a freak torrential downpour, which forced play to be abandoned after 60 minutes.

This was the referee's decision with both managers and the club wanting to continue with the game. However, as you can appreciate, player safety has to be our paramount concern and that was the biggest factor behind the referee putting a stop to proceedings.

It was a real shame because the game would have been playable twenty minutes later, which is testament to the sterling work Head Groundsman Marcus Cassidy does on the immaculate playing surface here day in and day out.

However, as we saw earlier this week, even the richest clubs in the world can have games abandoned due to adverse weather, with Manchester City's Champions League tie against Borussia Monchengladbach having been washed out on Tuesday evening.

Since our last home fixture here we played out a 2-2 draw away at Peterborough United in front of the Sky Sports cameras. We were unlucky not to take all three points after what was a hugely encouraging

performance by Luke and the boys on the road.

It was disappointing therefore that we could not put an end to our recent bad run against Oxford United last weekend, but we look forward to hopefully reversing that result in a few weeks' time when they come to The County Ground.

Fast forward to this week when we hosted Chelsea (U23s) at SN1 for the first group game in the Checktrade Trophy. It was a shame that more fans didn't see what was a pulsating contest between two very talented teams.

Today's opponents Bury arrive here off the back of some very impressive results, having carved out three victories and one draw from their last four outings. It proves that our visitors will be no pushovers this afternoon but hopefully Luke and the boys can rise to the occasion and get the three points.

Today's game is Kids for a Quid and I would like to welcome everybody who has made the trip here for the very first time - I hope you enjoy the game and we look forward to seeing you again soon.

The football club through various initiatives are trying to attract the next generation of fans through the gates and we will be putting on several more of these events throughout the course of the season.

Finally, we were saddened to hear that Club Chaplain, Simon Stevenette, had been taken ill earlier this month - we wish him all the very best on his road to recovery.

Enjoy the game and let's hope we are all celebrating three points once the final whistle blows.

TOWN WISH CLUB CHAPLAIN A SPEEDY RECOVERY:

Swindon Town Football Club were saddened to hear that Reverend Simon Stevenette was taken ill earlier this month.

Reverend Stevenette, who is Club Chaplain and a lifelong fan of the Robins, is currently recovering after

being admitted to hospital with a serious infection on Monday 5th September.

Town Head Coach Luke Williams and First-Team Coach Ross Embleton paid a visit to the Reverend last week and were

delighted to see him in good spirits.

Reverend Stevenette is expected to make a full recovery and has asked the club to release the following statement on his behalf.

"I was admitted to hospital with a serious infection on Monday 5th September. I am wearing the Swindon Town shirt given to me as part of the Football Fans In Training course.

"This inspires me although I'm going through a very traumatic time, and not being able to run or play tennis for a while."

On behalf of everyone at Swindon Town Football Club, we would like to wish Reverend Simon Stevenette a speedy recovery and we hope to see you at The County Ground soon."

NATHAN THOMPSON

Good afternoon and welcome to The County Ground for this afternoon's fixture against Bury.

“

Here's to returning to winning ways in the league and keeping our unbeaten home record intact.

Today's opposition come into the game on the back of two league victories and currently find themselves one position outside the play-offs. On previous encounters, David Flitcroft has had his team well organised and with nine goals scored in the past three games, we will have to be at our very best to ensure we return to winning ways this afternoon.

With only a small attendance expected at the midweek fixture against Chelsea Under-23s, I thought it was important to save any reflection on last weekend's performance for this afternoon's notes.

Going into the game we were well briefed on how intense Oxford would press and if we were able to beat this initial pressure, we would create numerous chances. However, we lacked composure to find the pockets of space behind Oxford's midfield and were unable to take the chances that did arise, which ultimately cost us the game.

On the flip side, there were many pleasing signs from the midweek performance. Firstly,

it was great to see Rapha return from his injury. Having been in a similar position to him last season, I know how difficult it is to see your team win/lose/draw and there is nothing you can do about it.

However, it is a credit to his positive attitude and professionalism to see him return so quickly and put in such a commanding performance. In addition to that, we also have Jon Obika back. His quality adds so much to the team (as he would for any team in this league), and we look forward to seeing him back at his best.

So much was spoken about the new reforms of the Checkatrade Trophy. I have been open in my criticism of the increased amount of games. However, Tuesday I saw a team of promising youngsters, who for the first time in their careers got an opportunity to play a competitive fixture against a first-team.

If I grew up at Chelsea Academy where the opportunities to graduate to the first-team are as slim as they are currently, I would have been desperate for a chance like Tuesday night. It may not be everyone's cup of tea, but it certainly changed my opinion of the competition.

Anyway, here's to returning to winning ways in the league and keeping our unbeaten home record intact.

Enjoy the game,

Nathan THOMPSON, Captain

FACTS

- ▶ Founded in 1885
- ▶ Bury have called Gigg Lane home since 1885
- ▶ Their 6-0 win over Derby County in 1903 remains the highest ever victory in an FA Cup Final

DID YOU KNOW:

Bury FC have never moved off the Gigg Lane site, originally a farm called 'Mr Barlow's Bottom Field'

“

But things could look different this season with Bury having made a solid start following an impressive summer in the transfer window.

• BURY FC •

The Shakers have made a decent start to the 2016/17 campaign as they look to reach the Championship for the first time in nearly two decades...

After gaining automatic promotion from the Football League's basement division two seasons ago, Bury were solid if unspectacular as they finished 16th during their first campaign back in League One last term. However, there were a few highlights on the way including an impressive 3-1 victory away at Sheffield United in September 2015.

In-fact, the Shakers were sitting pretty in the higher reaches of League One by the start of October after carving out an incredible five-game winning run. But, as winter arrived the wheels fell off as Bury won only twice in eleven games between November and February.

However, despite an indifferent finish to the season, the club did enjoy a run to the Fourth Round of the FA Cup, eventually falling to a 3-1 defeat to Hull City.

But things could look different this season with Bury having made a solid start following an impressive summer in the transfer window. A

combination of seasoned pros and exciting young talent was brought into the club with players in the ilk of James Vaughan, Zeli Ismail, Chris Brown, Niall Maher and former Norwich City defender Leon Barnett all putting pen to paper on deals at Gigg Lane.

And the new-look squad seems to have gelled nicely with the Shakers currently riding high in seventh place in League One, following two victories and a draw in their last three league outings. James Vaughan, who can count the likes of Everton and Derby County among his former clubs, has hit three goals for his new team already while Leon Barnett and Anthony Kay form a formidable partnership at the back.

And Bury have reason to be confident ahead of the game this afternoon having not suffered defeat at The County Ground since November 2006.

DANGERMEN

JAMES VAUGHAN

R&WTAKES A CLOSER LOOK AT ONE OF BURY'S DANGERMEN THIS AFTERNOON...

Having signed for Everton at the age of nine, the powerhouse forward signed his first professional contract in the summer of 2005 and he went on to make history later that year, notching against Crystal Palace to overtake James Milner as the Premier League's youngest scorer at 16 years and 271 days, in addition to taking the crown of the Toffee's youngest top flight goalscorer away from Wayne Rooney. However, Vaughan could not settle at Everton and went on to have loan spells with Derby County, Leicester City and Crystal Palace,

before sealing a permanent move to Norwich City. A stint with Huddersfield Town would follow before the 28-year-old achieved a lifelong ambition by signing for his boyhood club Birmingham City. However, Vaughan – who has represented England at U17, U19 and U21 level and has racked up over £3.5 million in transfer fees – dropped down the pecking order at St Andrews and joined Bury in late August 2016 after being released, where he has scored three goals so far.

With his brute strength and ability to find the back of the net, Vaughan will no doubt be one to watch at SN1 this afternoon.

MEET THE REST...

PAUL RACHUBKA

The veteran keeper can count the likes of Manchester United, Charlton Athletic, Leeds United and Huddersfield Town among his former clubs – has been with Bury since the summer.

KEAN BRYAN

A box-to-box midfielder, Bryan has been with Manchester City since the age of eleven and joined Bury on Deadline Day on a season-long loan deal.

SCOTT BURGESS

A product of the Shakers Youth Academy, Burgess is a dynamic attacking midfielder with an eye for

goal. Spent the latter part of last season on loan at Norwegian side Bergsoy.

ANTHONY DUDLEY

Having risen through the Academy ranks at Gigg Lane, the striker finished with over 20 goals as Bury's youth team won the Youth Alliance North West Championship last season.

NIALL MAHER

A summer signing at Gigg Lane having been released by Bolton Wanderers at the end of the 2015/16 campaign. The full-back put pen to paper on a one-year deal with the Shakers.

GEORGE MILLER

An exciting prospect with an eye for goal, George is the nephew of former Premiership referee Mark Halsey. Miller is another product of Bury's thriving youth system.

TOM WALKER

Another player who joined the Shakers on Transfer Deadline Day. The midfielder is on loan from Bolton and made his first-team debut for Wanderers against Leeds United in January 2015.

JOHN RUDDY

The tall Scot – also known as "Jock" – is highly-rated at Bury and has already attracted plenty of interest from clubs at the top of the footballing pyramid.

BEN WILLIAMS

The 33-year-old goalkeeper joined Bury over the summer after rejecting a new deal at Bradford City and brings a wealth of experience to Gigg Lane. Williams featured in the Scottish FA Cup Final and the UEFA Europa League during his time with Hibernian and he's made over 480 appearances so far in his career.

LEON BARNETT

Perhaps the most impressive signing made by Bury in the close season, the vastly experienced centre-back will add plenty of steel to the Shakers' back-line. Signing for West Bromwich Albion for an initial fee of £2.5 million in July 2007, Barnett has gone on to win promotion to the Premier League three times in his career.

NATHAN CAMERON

A strong, powerful defender, Birmingham-born Cameron started his career with Coventry City and made 52 appearances for the Sky Blues. Despite a difficult start to life with Bury, Cameron was named club captain in 2014 and he was crowned the club's 2014-15 Player of the Season.

ANTHONY KAY

Kay penned a two-year deal at Gigg Lane in the summer after bringing his lengthy association with MK Dons to an end. The ball-playing defender started his career with boyhood club Barnsley and went on to achieve promotion with Huddersfield Town during the 2011-12 campaign. Has amassed over 573 games during his career.

GREG LEIGH

The former England U19 international joined the Manchester City Academy in 2004 before enjoying a hugely successful loan spell with Crewe during the 2014/15 season. Leigh sealed a move to Bradford City after being released by Man City, before signing a two-year deal with Bury in the summer.

JACOB MELLIS

After signing a two-year deal with the Shakers following his release by Blackpool at the end of the 2014/15 campaign, the midfielder endured a frustrating first season at Gigg Lane which was ravaged by injury. Was a member of the Chelsea team that reached the final of the FA Youth Cup under former Real Madrid Assistant Boss Paul Clement in 2008.

TOM SOARES

Beginning his career with Crystal Palace in 2003, the reliable midfielder scored ten goals in 163 appearances at Selhurst Park before sealing a £1.25m move to Stoke City. However, he managed just 12 games for the Potters and was shipped out on loan to Charlton Athletic, Sheffield Wednesday and Hibernian before finding a permanent home at Bury in 2012, where he has been a regular fixture in the Starting XI ever since.

NEIL DANNS

A seasoned pro who has been a constant fixture in the Football League since first turning professional, Danns signed a two-year deal with the Shakers in July after impressing whilst on trial. The midfielder was a pivotal figure in Colchester United's promotion to the Championship in 2006, exploits that led to a £500,000 move to Birmingham City. Danns has also secured big moves to Crystal Palace and Leicester City.

KELVIN ETUHU

Another product of the Manchester City Academy, the energetic midfielder made his first-team debut for the Sky Blues against Bolton Wanderers in 2008 and scored his first Premier League goal against Bolton Wanderers in a 4-2 win. Etuhu was snapped up by Bury prior to the start of the 2014/15 campaign, where he played a key role in their promotion from League Two.

HALLAM HOPE

Enjoyed a successful stint at Gigg Lane at the tail end of 2013/14 after arriving on loan from Everton, becoming the first Bury player to score a league hat-trick since August 1999 with three goals in the final game of the season against Portsmouth. Following a brief loan spell at Sheffield Wednesday, Hope returned to the Shakers on a permanent deal in January 2015.

ZELI ISMAIL

Regarded as an exciting talent, the young winger signed for Bury in June after being let go by Wolverhampton Wanderers. Born in Albania, Zeli has represented England at U16 and U17 level and rose through the ranks at Wolves' Academy System. Ismail has scored one goal for Bury so far this season.

TOM POPE

A player who knows where the goal is at this level, the striker joined Bury on a three-year contract after leaving Port Vale at the end of the 2014/15 season. Scoring goals wherever he has gone, Pope plundered 31 goals for Port Vale to help the Valiants gain promotion from League Two during the 2012/13 campaign, stunning form that landed the forward several accolades. Leads Bury in scoring this season with four goals to his name so far.

MANAGER

DAVID FLITCROFT

Asked to fill the hot-seat at Gigg Lane in December 2013, Flitcroft has proved to be a positive influence on the Shakers.

Flitcroft began his footballing days with Preston North End, where he spent four years before sealing a move to Chester City.

That move proved to be a successful one for the midfielder who racked up over 200 first-team appearances for City, before securing a transfer to Rochdale in 1999 where he helped the Dale reach the Division Three Play-Offs in 2002.

Further spells at Macclesfield Town and Bury followed before Flitcroft hung up his boots, amassing over 500 outings in the Football League. He was then named as Keith Hill's assistant

manager at Rochdale midway through the 2006/07 season, helping to guide the club out of League Two via the Play-Offs.

More success followed as Dale rose to ninth in League One during the 2009/10 campaign – their highest-ever position in forty years. Flitcroft's work at Dale did not go unnoticed and he was handed his first managerial gig by Barnsley in 2013 following a short spell as caretaker manager.

The Tykes secured their Championship status for the 2013/14 season under Flitcroft, but things soon turned sour at

Oakwell and he was relieved of his duties in November 2013.

But Flitcroft soon rediscovered the winning feeling after taking charge of Bury, leading the club to League One in his first-full season in charge after beating Tranmere Rovers 1-0 to secure automatic promotion.

Flitcroft then led the Shakers to a 16th placed finish in their first season back in League One last term, while they have made a good start to the new campaign and currently sit in 7th place following two wins and a draw in their last three league outings.

How Bury could line up...

Bury are expected to line-up in 4-4-2 formation against Town this afternoon - a system that is tried and trusted by David Flitcroft.

With the reliable pairing of Leon Barnett and Anthony Kay at the back, the Shakers are built on strong foundations and will look to the midfield pairing of Tom Soares and Jacob Mellis to put the shackles on Swindon's attacking players. Exciting winger Zeli Ismail will be expected to provide plenty of service to the dangerous front-pairing of James Vaughan and Tom Pope - who have seven goals between them already this season.

AFTER OPENING HIS TOWN ACCOUNT IN MIDWEEK, THE STRIKER IS EYING MORE SUCCESS IN FRONT OF GOAL AGAINST HIS FORMER EMPLOYERS THIS AFTERNOON...

“

I was very happy to get off the mark and hopefully I can go and get many more.

Nathan, let's start with Tuesday's 2-1 Checkatrade Trophy win over a Chelsea Development side. How special was it for you to get off the mark for Town?

I was very happy to get off the mark because the first goal is always key for strikers, whether it's for a new club or it is the first goal of the season, in this case it is both. I was really happy to score and hopefully I can build on it and go and get many more.

It is a bit of a cliché but as a striker, is there any better feeling than scoring a goal especially when it is the first one for a new club?

There isn't but it is what you are there to do and it's what you want to do. Strikers are there to go and produce and score goals, so when you do get one and help the team get a result, whether it's a win or a draw, it makes it even better. So it was great for me as an individual but the most important thing was

for us to get the win on Tuesday night and I'm happy with that.

You have been here for just under a month now, how are you settling in both on and off the pitch?

I have settled in quite nicely and it has helped with the people I've got around me – my family back home are very supportive and they've been really helpful for my partner and my little one. The players have been great, it is a young squad but the spirit here is brilliant and the gaffer has been great with me. He's been very impressive and everyone at the club have been very friendly and very helpful – all I can say is I'm very thankful to everyone who has made me feel welcome and hopefully we can have a successful season together.

Luke Williams has come in for a lot of praise during his time with Town – just what is it like working with him day in and day out?

I think how it is here is refreshing and it is different to what I've been used to in the past, but he's very hands on and he's right involved in everything, even going as far as getting involved in training sessions himself! He gives it his all and I've seen him blowing towards the end of sessions, but you can see how hands on and how involved he is with the players in training and I think it is really good. I've got nothing but positive things to say about him.

Now you have got your first goal for the club, are you going to set any personal targets for yourself or would you prefer to take it game-by-game?

I need to do that and I need to take each game as it comes and that's what I'll be looking to go and do. The most important thing is to look towards the next game and look at how I can impact the game. Hopefully I can be a positive influence on the team by scoring goals, assisting and putting in a good performance – that's what I need to do. It's game-by-game for me and hopefully numbers and everything else will fall into place. As long as I concentrate on each game and put in as good a performance as I can then everything else will take care of itself.

After a tough defeat to our local rivals Oxford United on Saturday, how important was it to bounce back and return to winning ways on Tuesday?

It was a good thing that we had a game so quickly after the Oxford loss because it hurt us as a team and I know it would have hurt the fans, so it was important that we bounced back on Tuesday. It is

part and parcel of football really, it is not something you can just forget about, you feel it and you need to go and try and improve and make sure it doesn't happen again. Thankfully we got the win in the cup and hopefully we can go and get the three points today as well.

How vital is it that you get back on track in the league today, given that you are playing at home?

The home fans have been great and it is crucial that we get back on track in the league. We've got

a game in hand as well and I know it is still early days in the season, but it is still important to go and get as many points as possible. We want to be right up there and if we want to achieve something this season then we need to be looking at winning every game and we will take that mindset into every game. Today will be no different and we are all looking forward to it, we are all ready for it and hopefully we can come out of it with a positive result.

Today's visitors are a team you know well of course, having spent

“

It hurt us as a team and it would have hurt the fans, so it was important we bounced back on Tuesday.

a short stint on loan with Bury last season...

It will be nice to see some old faces and some good people. I got on with a lot of people there so it will be nice to see them, but for the 90 minutes it is me against them and my new team against them. It will be a tough game, they've got some good players and they've recruited quite a bit this season as well, so it will be tough like every game in this league is. We've got to be on top form to make sure we get a result and hopefully we can do that so I can gloat about it afterwards! But the most important thing is we go out there and get the three points.

You mentioned Bury's recruitment there and they have a serious amount of quality and experience amongst their ranks – they could be dark horses this season for promotion, couldn't they?

They could be and they are a very good side. I know they are ambitious and I've got nothing but good things to say about the club and there is a very, ambitious positive feel to it. They will be looking to go and have a really successful season. The manager there is very passionate and he pushes for the best and that's something you've got to admire. I'm sure he will get them doing well, just hopefully not against us! But they are a good team and we will have to be on top form to make sure we get the result.

PAUL GODFREY

Town Physiotherapist Paul Godfrey sat down with R&W to give an update on injuries, in addition to explaining how the squad recovers in-between games during a gruelling run of fixtures.

On Jordan Stewart:

Jordan Stewart sustained a cartilage tear just before he went on international duty, but that wasn't diagnosed until he was out there and he subsequently didn't play. He came back for rehabilitation and the cartilage issue was confirmed with a scan.

He's had an orthopaedic opinion, the surgeon wants to see if the cartilage issue will settle without an operation and, at the moment, his symptoms seem to be clearing so the hope is that the cartilage tear may settle and may not need intervention.

We will just have to see but I expect he will be another couple of weeks before we can fully assess whether he's going to be able to come straight back into training or whether he will indeed need the surgery.

But at the moment we are just trying to keep him fit and strong in the eventuality that the knee does settle and he can come back and join the squad as quickly as possible.

On Jordan Young:

Jordan Young initially had a very low grade hamstring strain and he's had some associated sciatic nerve issues with that.

The hamstring is now fine and is fully healed, we're now just trying to get on top of the inflamed sciatic issue.

He's done very well in the gym with me over the last week, he's been

running and sprinting with no problems and the intention was to faze him back into training towards the end of last week.

I would expect him to be back in full training from next week onwards.

On Dealing With Fixture Congestion:

The lads have a recovery strategy that they follow on a Sunday post game, where we are trying to monitor their hydration levels to make sure that they have been fully rehydrated from the Saturday.

They attend a local gym and they will have a pool session and an active bike session just to really flush the legs out and it is about trying to give them the best opportunity to recover for the Tuesday game.

They will then have a light Monday session in preparation for the game and then we continue that recovery on the Wednesday. And ultimately, between games and in this period where it is so Saturday-Tuesday, it is all about recovery and making sure we are monitoring the players' level of recovery.

If there are any individuals that need additional days of recovery, then that is looked at just as a way of prevention rather than a cure.

That is something Mike Cooper (Sports Scientist) takes care of more than I do, but it is something we're as hot on as we can be with the staff we have and the facilities we have.

STFC LADIES

Town Ladies finally got their home campaign up and running last Sunday with a game against Portsmouth LFC. This was to be the first time the teams had met in a league fixture and was a chance for the ladies to put behind them the disappointing cup defeat they had suffered away to Denham LFC the previous week.

The match started brightly for Town with Abby Picton opening the scoring in the 4th minute after placing a beautifully lofted ball over the Portsmouth keeper. However, it only took Portsmouth a short while to find the equaliser.

Chyna Collings started and finished off a fabulous team move to put the Town 2-1 up at the break and she then got her second goal two minutes after the restart. All 3 points certainly looked to be heading Town's way, but Portsmouth again managed to get a foothold in the game and two goals in six minutes saw the scores levelled.

Both sides battled it out for the winner but when it looked like

neither side would find the back of the net, up stepped Alison Witts to grab the winner for Town in the 96th minute, after coolly converting Georgia Walters corner kick.

After the game Town Ladies Boss, Steve Robertson said:

"It was definitely a team effort all over the pitch. That was probably the hardest they have all worked. They all came off saying they were absolutely shattered and the minimum that is required is that they all put a shift in.

"I suppose scoring a 93rd minute winner is the one thing that stands out but the second goal was a very good passing move from back to

ON THIS DAY:

17 SEPTEMBER

1898

Town's first ever League game on 17th September was back in the days when they wore green and white shirts! Local rivals Reading found themselves five goals down at half-time at the County Ground - eventually succumbing 6-1...

1949

...and that score was replicated 51 years later. Still in the days of five men in the forward line, all five struck for Town in a home win over Northampton. It would be sweet revenge for a 0-6 drubbing by the Cobblers on this date in 1932.

1965

Ernie Hunt signed for Wolves after making 237 senior appearances for Swindon. He had made his League debut at 16 before netting 88 goals for the club. Just before his departure, while the first team were up at Workington, Ernie scored twice for the reserves in a 6-2 win over Chelsea.

1985

Goalkeeper Ken Allen, then 37, made his debut at Crewe after Jake Findlay had had his contract terminated. Ken went on to make maximum appearances in the Fourth Division title winning campaign - except in the League Cup for which he was cup-tied. Almost 16 years earlier, he had been on trial at the County Ground but was not retained after making four appearances for the reserves.

1991

It is 25 years since Swindon last staged a home League game on this date - and the single goal victory against Bristol Rovers was the only win in the last eight played on 17th September!

1993

Former Arsenal apprentice Ty Gooden was signed from Wycombe - then in the Conference - following a one-month trial. The wide midfielder was to make over 160 appearances during a near seven-year stay at the County Ground. Hard-up Town had to sell him and Iffy Onuora to Gillingham in January 2000 in a bid to avoid going into administration.

30 YEARS ON

**SWINDON TOWN 2
BLACKPOOL 6**
16 SEPTEMBER 1986

After conceding a goal in just 48 seconds, any hopes of Town getting something out of the game were blown away when the Seaside hit three more in the space of eight minutes to go in 4-0 up at the interval.

A second-half brace from Leigh Barnard (his only one during his seven-year stay at the County Ground) brought a modicum of respectability to the scoreline.

But Swindon old boy Alan Mayes and Paul Stewart added another two in the final 15 minutes, culminating in a 95-minute 'post-mortem' behind the home dressing room door.

Barnard in a tussle with Blackpool keeper Barry Siddall.

Some fans had still to take their seats when Mark Taylor put his side ahead, Chris Ramsey playing him on side from a long hopeful ball out of defence which he chipped over the oncoming Ken Allen.

A deflected Taylor shot led to Blackpool's second, Alex Dyer tucking it home and, just two minutes later Dyer struck again when both David Cole and Colin Calderwood failed to clear. Cole then slipped in attempting to make another clearance, allowing Mayes to tee up Taylor for the fourth.

Jimmy Gilligan replaced Martin Ling eight minutes into the second period and on the hour Barnard pulled a goal back with a glancing header from a Chris Kamara cross.

But the visitors restored their four-goal advantage on 74 minutes when a shot from substitute Brian Butler was diverted into Mayes' path.

Barnard quickly added his second with another header - this time from a Kamara free-kick - but Swindon's defensive frailties were highlighted once again when, just a minute later, Stewart headed home from a Mike Davies centre.

It was 22 years since Town had conceded six at home - and it would be another thirteen before it happened again.

The Blackpool result proved to be pivotal, Lou Macari wasting no time in making changes to his squad. Only ten goals were conceded in the remaining twenty home League games - including eight successive victories, all with clean sheets.

In the first, he scored the goal at Mansfield which clinched the Fourth Division title. After quitting full-time football, Leigh was appointed Swindon's first ever Football in the Community officer.

SUPPORTERS TRUST

Let's put the misery of last weekend behind us and focus on the visit of Bury this afternoon.

The Trust are delighted to welcome members of the Shakers' own fan organisation, Forever Bury, to the game. Forever Bury has been in existence since 2002, formed when the football club was in administration, and has very similar aims and ambitions as Trust STFC - a critical friend of the owners of the club, there to provide safeguards and safety nets when the time is right.

Forever Bury have enjoyed a seat on the club's board in recent years, though not at present, while directors of the Shakers regularly meet with the fan association to discuss the issues of the day.

This is the transparency we are keen to see at clubs up and down the land.

They have around 700 members and 486,000 shares in their football club; they fundraise, cheerlead and hold their team

to account. With football as it is today, and particularly in the lower leagues, they play an important role in protecting the future of our sport as we know it.

In other news, the Trust sends its best wishes to Jordan Stewart, who faces a long road to recovery after suffering knee ligament damage.

Jordan had made a promising start to the season after a difficult first year in Wiltshire, scoring a memorable goal at QPR and doing plenty to suggest he could cause League One defences a lot of trouble this term.

Furthermore, as the Trust's sponsored player for 2016-17, he has already shown a desire to support our work and help promote the club to the wider community of Swindon - a key part of what we are trying to achieve. Rest up for now Jordan, and good luck with your rehab.

Moving onto ticket pricing, many

people still haven't caught on to the fact that individual adult tickets for any Swindon Town home match are available for just £15 through the 'Pro Red' scheme, a saving of £10 on normal prices.

If you have a young family member in your household, please visit the Pro Red website - www.pro-red.co.uk - and sign up to this fantastic scheme that encourages a larger fanbase for our future.

Finally, we're helping to promote a Charity World record attempt on Saturday 1st October. If you've ever wanted to be a 'Record Breaker' - well now you can be, and help several great causes along the way. Read more and sign up via www.ballsbounceback.co.uk

Raphael Rossi-Branco

After a frustrating four months on the sidelines, Raphael Rossi-Branco was thrilled to bounce back with a bang last week.

Handed his first start of the season in the Robins' Checktrade Trophy Southern Group C opener against a Chelsea Development side on Tuesday, the towering defender rose highest to head home from Sean Murray's corner to set his side on the way to a 2-1 victory.

It was a moment to savour for Branco who had not kicked a ball in competitive anger since the tail end of the 2015/16 campaign.

And the 26-year-old reflected on his comeback and his long battle back from injury with R&W...

"I was very pleased with what happened against Chelsea after my last official game was four months ago," he recalled.

"I started the game, I got on the scoresheet and it was very, very important for me to get the confidence back.

"But the most important thing was the three points and winning the game. Chelsea were a good, young side and they came here with a game-plan.

"The boys did brilliant and I'm really, really happy to be back and to have

scored my first goal of the season on my first start of the season.

"It meant a lot because it has been a hard time for me. I sacrificed my summer in order to work hard and come back, but then I picked up another groin injury and it wasn't an easy time.

"But that's the past now and I need to move forward. It was mixed emotions after I scored and I just wanted to thank God for everything."

Branco is now fully focused on this afternoon's encounter with Bury, and the centre-back knows Town will have to be at their best if they are to finish the day with three points.

"It is a massive game today and we need the three points," he added.

"We need three points after the performance against Oxford United last weekend, but Bury have got a good side with some good players, so it is not going to be easy.

"We know that but we will be ready for the occasion and we know what we have to do. The players that play will give everything and hopefully we can give the three points to the fans."

“

It meant a lot because it has been a hard time for me – I'm really, really happy to be back.

ACADEMY

WITH JEREMY NEWTON

The Academy have had a busy last couple of weeks, especially with the U15's age group.

This has seen the U15's recently play against Arsenal, Liverpool, Southampton and Swansea. The U15's squad was split into two with lots of trialists coming into the age group. This has given the squad the opportunity to have two games per weekend with one having an Elite Games Programme, whilst the other squad continued to play in the Category 3 Programme.

The reasons for this are we want to try and test ourselves and challenge ourselves against Category 1 clubs, but more importantly it is a physiological challenge for the players to try and compete, implement and to evaluate their understanding of their knowledge against these clubs.

The squads in these games tend to change from week-to-week with performances from players securing their place in the squad, which will enable them to compete against these clubs.

This will continue throughout the season not only with the U15's, but with all other age groups within the Academy.

Recently, the 10's and 11's played Tottenham

Hotspur and the 14's are due to play Southampton with our U8's playing against QPR today. All age groups have been back in for a while now and it won't be long before they are all in for their first six-weekly reviews to set their individual objectives for the following six weeks.

It is important that these six-weekly objectives are achievable so new ones can be set within the six-week structure, so that effective learning is taking place to enhance their knowledge of their personal development.

Within the Academy the 13's-18's will play a different formation every six weeks and will cover seven different systems over the 42-week cycle that their Academy season runs.

It is important that the players and coaches are challenged by these different systems, which will create different challenges and scenarios in and out of possession. The idea is that effective learning of all systems are learnt by all players so they have a more general understanding of the game and what might be entailed for them going forward.

V AFC BOURNEMOUTH U-18S

HOME FIXTURES THIS SEASON
WILL BE PLAYED AT STANLEY
PARK, CHIPPENHAM - KO 11am
(Sat Nav : SN15 3RW)

The players are technically as gifted as the Oxford players but Oxford have sometimes had that more physical edge over our players, but in this game that wasn't the case.

It was a very open game and I think a draw was a fair result in a bit of a ding-dong of a derby in terms of technically, tactically and also physically, so I was delighted that our players matched Oxford stride-for-stride physically.

We went 1-0 down in that game and came back to draw the game and it was a very open contest, so I was delighted with their response from their loss at Exeter the week before.

Overall, it was a positive game with lots of solid performances and a team performance, which is what we were looking for.

Our next game after that was against Newport at home in the league where we ran out 3-2 winners.

It was the first game where we conceded from a set-piece, which was a little bit disappointing because it is something we have worked really hard on since the start of pre-season.

We went in at the break 2-1 down and I told the players at half-time that they could win the game as long as they applied themselves exactly as they had done in the first-half and just focused a little bit more on defending set-pieces.

But, overall, we controlled the game and deservedly came back for Scott Twine to score the winner - James Georgaklis got our second and it was Seb Martinez who scored our third so three good goals on the day.

We ran out comfortable winners, again it was a very physical and

tough game, but I thought the boys coped with the physical presence of the Newport players and also played some attractive football on the day.

We're three points behind the leaders now with most of the season still to go, so we've put ourselves in a good position and we've also conceded the least amount of goals in the league, so that's very pleasing in terms of how we set our stall out this season.

We still want to play attractive football but we wanted to tighten up at the back and that's exactly what we've done.

Some of our scholars were given the chance to play with some of the first-team players in a 3-0 friendly win over Royal Wootton Bassett Town FC last week.

Christian Frimpong started, Will Christopher came on and played as did Jordan Simpson, James Georgaklis played, Louis Spalding had some exposure in there and Jack Stanley and Scott Twine played as well.

It was pleasing for them that they got some game time in a competitive game, particularly when the manager is there taking the game with Ross Embleton, who led the game.

It was nice that they were put on the pitch, whether it be 15 minutes, half an hour or most of the game, it is important for their development that they do mix in and around the first-team environment where they can and when they can.

I was pleased for them that they played in-front of a reasonable crowd and it was good for them and their experience.

GIRLS DEVELOPMENT

Good Afternoon and welcome to today's game against Bury. We're looking forward to seeing the Boys in Red secure the three points.

Last week our CFFE girls started their campaign with winning performances against Yeovil Town Ladies.

The U15s won convincingly 9-2 and we also enjoyed victories over Yeovil in the U14s and the U12s section.

The success was continued on Sunday afternoon when our U12s won the Wantage Cup, beating Oxford City 2-0 in the final.

It is always pleasing to start the season in good form which bodes well for the up and coming Elite Girls League Programme.

This week our Female Football Education Programme will kick-off

against our friends from down the M4, Bristol City.

This will prove to be a tough challenge for our girls as they look forward to a successful season in the English Colleges League.

We are preparing for our up and coming Female Education Open Evening, which will take place on Wednesday 5th October at Commonweal Sixth Form.

This will take place from 7.15pm to 8.15pm. If you are interested in an excellent post 16 education programme, then please email shane@stfc-fitc.co.uk.

Enjoy today's game.

FOOTBALL IN THE COMMUNITY

Today we extend a warm Footballing In The Community welcome to Steve Mytton and his young players from Highworth Juniors.

The players and their parents have enjoyed a comprehensive look behind the scenes and a ground tour as part of the Saturday Team Club Package, before engaging in their football coaching session and matches over at St. Joseph's Catholic College.

Before taking their seats for today's game, they have enjoyed

a tasty lunch of Dominos Pizzas which will give them the energy to put on a display at half-time in front of today's crowd for your own entertainment.

Please give the lads plenty of encouragement and we hope they have enjoyed their time with us today.

For any of you attached to football clubs who would like to come and enjoy the day with us here at STFC, please do not hesitate in contacting Dan Martin who leads on this programme.

He can be reached on **01793 421303**.

► COMMONWEAL C6:

In the last programme notes we mentioned that our new U16 C6 students were to have a friendly fixture against our advanced U16 boys.

It was a very productive fixture with some good signs for the forthcoming season, but the U16s fought hard to offer a good competition in preparation for the new campaign for the C6 students.

C6 ran out 5-1 winners but credit where credit is due, the U16s gave

them a real test in the evening which was enjoyed by lots of the players' parents and families.

We again would like to extend our sincere thanks and gratitude to the ground staff at Commonweal, who prepared the pitch in fine fashion ready for the fixture.

This week, the C6 boys are playing Birmingham City with the girls travelling to Bristol City and we will give full details of these fixtures in the next programme.

► DEVELOPMENT CENTRES AND AFTER SCHOOL CLUBS:

All our weekly sessions are back in full flow with them kicking-off this week. Numbers are climbing steadily at all of the activities.

● SUPER SAMMY SAYS

It wasn't the result everyone wanted last Saturday but hopefully by the time you're reading this, the players have put on a better midweek showing against Chelsea's development side in the EFL Trophy.

I've watched all the highlights from The Kassam again on TV. I don't think there's any doubt that the referee got a couple of decisions badly wrong.

Even at real time I thought Nathan Thompson's trip on Liam Sercombe was outside the box, time stood still for a few moments and I was actually anticipating the referee penalising the Oxford midfielder for a dive.

The other major incident that I felt the referee dealt with poorly was the one that led to the red card for Lawrence Vigouroux. I rarely get overly emotional when watching a game from the stands, however on Saturday the tackle from the Oxford substitute Alex MacDonald really got my blood boiling.

I could maybe understand why he went in like that if it was early on in the game or if Oxford were trailing but the game was well and truly over.

It's a blatant red card and I was amazed that the referee only chose to book the player. It was clearly a case of a player getting carried away by the emotion of a Derby and wanting to influence the crowd.

Players are only human and in circumstances like that it's very difficult not to react. For that I have sympathy with Lawrence and I'm sure ten years ago his punishment for raising his hands would have only been a booking.

I think the referee was fortunate that the scenes after the challenge didn't get completely out of control given how reckless the challenge was.

If you look at the nature of the 2nd goal and also the chances that Swindon missed in the 2nd half, the big moments all went in favour of the home side.

That's football and ultimately I don't think we can have too many complaints that the better side on the day won. It's been a long time since we've beaten our rivals.

It's time that someone took over from my mate Steve Robinson as the hero. Fortunately we'll face them at least twice more in competitive action this season so all is not lost on that front.

So, back to league 1 action this afternoon. It's been a while since we savoured 3 points on a Saturday afternoon and it'll be a tough challenge against a Bury side who took 4 points off us last season.

I'm off for a mini mid-season break after today so from a selfish point it would be nice to sign off with a few goals!

I have no doubt that with the strength in the squad now, the players have a great chance of making this season a memorable one.

Come on you Reds

AWAY DAY

PREVIEW

Town are on their travels next weekend when they make the long trip north to take on Oldham Athletic at Boundary Park, with kick-off at 3:00pm.

And Town didn't fare any better at Boundary Park earlier this year after strikes from Liam Kelly and Curtis Main handed Athletic the spoils.

- As a general rule, SAS Travel have to order coaches one week before the fixture date. Therefore if you leave booking until within this time, they cannot

always guarantee that there will still be spaces available.

- After this time, SAS Travel will always try (alongside their coach provider) to source further coaches and meet all the demand for spaces, although they cannot run a coach unless economically viable to do so.
- SAS Travel tend to open games for booking around three weeks before the fixture date and usually have three fixtures booking at any one time. This may increase to four due to fixture rearrangements.
- SAS Travel advise that the best policy is to book as early as you can to ensure that you get the spaces that you want.

► Pressing Matters

To say that it has been a whirlwind start to my stint as Press Officer at Town would be a severe understatement!

However, before I expand on why, it is only right I open my first column by wishing my predecessor, Tom Otrebski all the very best at Aston Villa. Tom put in an incredible amount of hard work during his time at The County Ground and I am sure he will be a roaring success in his new role. He also really helped me to settle in here and I look forward to seeing him back at SN1 at some point this season.

It sounds corny but this really is my dream job and I'm very excited about the future here.

So, as I was saying, my first few weeks with Town have certainly been eventful with plenty going on – the fact that my first official day as Press Officer so happened to fall on

the same day as the Oxford United game just sums that up!

I was also tasked with helping to organise the official team photo earlier this week, which was certainly a new experience for me!

But all the players, the coaching team and the staff have been an absolute pleasure to work with and I've been made to feel really welcome – it sounds corny but this really is my dream job and I'm very excited about the future here.

In my first three weeks here I've been involved in an abandonment, a televised game, a fierce local derby and a first-ever game in the new Checkatrade Trophy – here's hoping the boys get the three points on my first home league game in charge!

Enjoy the match this afternoon.

Andrew STEELE-DAVIS,
Press Officer
