LUKE WILLIAMS

Good Evening and welcome back to the The County Ground for tonight's Sky Bet League One encounter against in-form Rochdale.

I was impressed with our performance and the way we dug-in to secure a point in our 0-0 draw away at AFC Wimbledon on Saturday.

We were deserving of a point because of our work rate and the discipline of the players, they certainly deserved to take something out of the game. I don't think there are many teams in the division that can play as well with the ball as we do, and if we can show that we can be difficult to beat then we've got a chance to still have a very good season.

Saturday was also pleasing because it gave certain players the opportunity to step up to the mark and be counted, which they took with both hands. It was very encouraging and we need everyone in the squad to be on top form, so when they are required to step in or play out of position they give a good account of themselves.

It was disappointing to see a soft penalty decision go against us at the weekend but we're fortunate to have Lawrence Vigouroux in the form he is in at

the moment. It gives us a chance to stay in the game and his save to keep out Lyle Taylor's spot-kick was superb. Lawrence really is playing at the top of his game at the present moment and long may it continue.

On to tonight's game and Rochdale are a very good team who are obviously in extremely good form having won seven on the trot heading into this evening's encounter. They've got a very good manager so we know this is going to be one of our toughest tests.

We want to try and control the game as much as we can, especially being at home, but we need to build on the performance at the weekend and be difficult to score against as well. If we can combine those two things, then we will stand a good chance of getting the three points tonight.

Keep up your superb backing this evening and enjoy the game.

STEVE ANDERSON

Good Evening everyone and welcome back to The County Ground for another game under the lights. I would like to extend a warm welcome to our fans and the directors, management, players and fans of Rochdale who have made the long trip down south.

Rochdale will arrive at SN1 this evening in a rich vein of form having clocked up seven straight victories in all competitions, including a win against their close rivals Bury at the weekend. That remarkable run of form sees them riding high in the Sky Bet League One and they will be full of confidence.

Tonight's game will be yet another tough test at The County Ground, however, following Saturday's 0-0 draw away at AFC Wimbledon, Luke and the boys showed plenty of grit and determination to secure a credible point after what was a real blood and thunder encounter. I'm sure the circa 800 Swindon fans who made the trip will agree with me that a point was a good return from that particular fixture.

Given the amount of injuries that have piled up in recent weeks, the team changed formation on Saturday and all the players, as us and Luke would expect from them, adapted brilliantly and there were many positives to take from the game.

On to matters off the pitch now and there are many exciting ticket initiatives currently coming into play. Only recently we announced that we had renewed our partnership with Heart FM, which will put an emphasis on promoting Pro Red and attracting new younger fans for the future together with their families. We want to see these new fans wearing Swindon colours rather than the colours of some of the big Premier League teams.

We will be running our Ticket For Troops initiative for Saturday's game at home to Walsall. Wiltshire has got a huge military presence and we are extremely passionate about rewarding our armed forces and helping to give them a day out to remember. Let's hope we see a bigger following on Saturday.

Finally, our trip to Bristol Rovers in the New Year has now been put back to a 12:30pm kick-off following discussions held with Bristol Rovers, Swindon Town and Avon and Somerset Police Force.

Enjoy the game and here's to three points.

TOWN AND HEART FM JOIN FORCES FOR SECOND SUCCESSIVE YEAR

Swindon Town Football Club are delighted to announce that we have renewed our partnership with Heart FM for a second year.

The club joined forces with the local radio station last year to raise £19,000 for the Make Some Noise Charity, which will be one of two chosen charities this year.

Swindon Down's Syndrome Group will be the other charity which will be supported by both Town and Heart FM.

As part of the partnership between the two parties, the club's Pro

Red initiative, which aims to make football affordable for families and to attract the next generation of supporters through the turnstiles at SN1, will be promoted by Heart FM throughout the year.

And the club will also be hosting another charity football game at The County Ground following its success last year, with further details to be announced in due course.

Speaking about the new deal, Marcus Langreiter, Managing Editor at Heart FM said: "Following

the success of our Celebrity Football Match in May, I'm really pleased that Heart and our charity, Make Some Noise will be partnering again with Swindon Town throughout the season.

"At Heart we are passionate about Wiltshire and the town, we can't wait to get involved with the club's family and community projects like Pro Red."

Town's Head of Commercial, Adam Wainwright, added: "We are over the moon to have extended our partnership with Heart FM.

"Last year was hugely successful and it was great to see such a big turnout at the Celebrity Football Game, and even better to see how much money that event raised for charity.

"We look forward to staging another charity game next year and we are also delighted that Heart FM have agreed to get behind our Pro Red campaign, which is an initiative we really want to push this season."

NATHAN THOMPSON

Good Evening everyone and welcome back to The County Ground for our game against high-flying Rochdale.

We come into tonight's game having claimed a very good point away at AFC Wimbledon on Saturday. I was so, so proud of the boys for the way they dug-in and fought to the very end.

What makes the result even more impressive in my opinion is the fact that we were missing a number of key players and, as a result, had to change to a different formation in order to compensate for those losses. Our list of injuries so far this season has been ridiculous and any side would be affected by not having the likes of Jon Obika, Michael Doughty and Jamie Sendles-White available.

However, the boys that have come in have really stepped up to the plate and this was best demonstrated against AFC Wimbledon where everyone proved their commitment to our cause. Ellis landolo came in and looked very, very impressive on the left-side of an attacking three just behind lone striker Nathan Delfouneso, whilst Conor Thomas produced an accomplished display at the heart of

“

All the lads who featured on Saturday can hold their heads up high and I was proud of every single one of them.

the defence, despite not being a natural defender.

All the lads who featured on Saturday can hold their heads up high and I was proud of every single one of them. Credit must also go to Luke Williams and Ross Embleton too, who both handled themselves exceptionally well despite having to put up with some unacceptable and very personal comments from sections of the away support. It is a shame that a few individuals tainted what was otherwise a superb display of support from the 820 Town fans who made the trip to London.

And let's not forget that AFC Wimbledon were in top form and on a massive high prior to our visit given that they had overtaken fierce rivals MK Dons in the League One table for the first time in their history last week. So, overall, we were happy with a point at the weekend, which made it five points from our last three games on the road, and we are now determined to build on that.

Back on to tonight's game and we all know as a team and as a club that we have to improve on our home form, which hasn't been good enough in recent weeks. Losing four league games at home in a row isn't acceptable at any level and we will be doing everything in our power to put that right this evening.

However, we are under no illusions as to how tough a test Rochdale will be given that they recorded their seventh straight victory in all competitions over the weekend. Keith Hill's sides are always well organised and dangerous going forward, but if we show the same spirit we did on Saturday and add a more clinical edge going forward then I'm confident we can secure a long overdue win at The County Ground.

Make sure you get behind the boys tonight and enjoy the game.

It has been a season to remember for the Dale so far and they come into tonight's game having won seven on the bounce in all competitions.

• ROCHDALE •

The Dale have surprised many with their start to the 2016/17 campaign and will look to continue their rise up the Sky Bet League One table with victory at SN1 this evening.

Since Keith Hill's return to Spotland in 2013, Rochdale have enjoyed a bucket load of success after returning to the third tier of English football in 2014 and are now looking to push on after cementing their place in the division.

It has been a season to remember for the Dale so far and they come into tonight's game having won seven on the bounce in all competitions. Their current form is a far cry from the start of the term where they were without a victory in their opening seven league fixtures, drawing three and losing four.

However, a 2-1 victory at home to Fleetwood Town proved to be a catalyst with Rochdale yet to drop a point since that win on September 17th. That impressive run has included superb successes over Millwall, Charlton Athletic and local rivals Bolton Wanderers.

Dale were fairly quiet in the summer transfer window but were quick to add a mixture of experience and youth to their squad, recruiting the likes of Niall Canavan, Oliver Rathbone, Conrad Logan and Steve Davies.

There have been 30 goals shared between Rochdale and Town in seven meetings since 2010 and tonight's visitors will be hoping to continue their solid start to 2016/17 with yet another victory.

DANGERMAN

IAN HENDERSON

R&W TAKES A CLOSER LOOK AT ONE OF ROCHDALE'S DANGERMEN THIS EVENING...

The striker has been with Rochdale since 2013 after bringing his time with Colchester United to an end. Starting his career with Norwich City, the 31-year-old made almost 80 first-team appearances for the Canaries, scoring six goals, before joining forces with Northampton Town in July 2007 following a short stint with Rotherham United.

He then sealed a move to Luton Town before heading to Turkey to ply his trade for Ankaragucu, but it wasn't long before the attacker was back in England after re-joining Colchester.

Henderson bagged 11 goals for the U's during the 2010/11 campaign, including strikes home and away against the Dale, before being lured to Spotland in 2013. Became a pivotal figure in Rochdale's promotion to League One in 2013/14, scoring a string of stunning strikes.

He then enjoyed a vintage 2014/15 season after bagging 22 goals to help Rochdale secure their highest-ever league finish. Signed a new contract to keep him at the club until 2018 last term and has started the 2016/17 campaign in fine form, leading Dale in scoring with six goals.

MEET THE REST...

STEVE COLLIS

Joined Dale in January 2013 on non-contract terms before penning a new deal that saw him double-up as the club's goalkeeping coach. Has played for a host of clubs, including Barnet, Nottingham Forest, Yeovil Town and Southend United.

CONRAD LOGAN

The former Leicester City youngster arrived at the Crown Oil Arena in August after spending a successful loan spell with the club during the 2014/15 campaign. Spent 11 years at the King Power Stadium and helped Scottish side Hibernian reach the Scottish Cup Final.

HARRISON MCGAHEY

A summer signing for the Dale after leaving Sheffield United in June 2016, a club he had been with

since 2014. Has also represented Blackpool and Tranmere Rovers.

OLLIE RATHBONE

The young talent was released by Manchester United in the summer before putting pen to paper on a deal with Rochdale. Made his debut for the club in the Checkatrade Trophy against Notts County.

SCOTT TANSER

In his third season as a professional having progressed through the ranks at the Crown Oil Arena. The 21-year-old made his debut for Dale as a substitute against Plymouth Argyle on the final day of the 2012/13 campaign and has made just short of 50 appearances for the club.

JAMES HOOPER

Another product of the club's Academy, the striker penned his

first professional deal in June 2015 and made his senior debut from the bench in Rochdale's 2-0 defeat at Gillingham five months later. Currently out on loan at FC United.

ANDY CANNON

Highly-rated at the Crown Oil Arena, the 20-year-old midfielder has become an important figure for the first-team and scored his first Rochdale goal in the 3-2 defeat to Peterborough United on the opening day of the 2016/17 campaign, before notching his second goal just days later against Chesterfield.

SANMI ODELUSI

The young striker is on a season-long loan at the Crown Oil Arena from Championship outfit, Wigan Athletic. Joined the Latics from Bolton in July 2015 but endured a frustrating first season at the DW Stadium with injury hampering his progress.

JOSH LILLIS

After arriving at the Crown Oil Arena from Scunthorpe United in May 2012, the stopper has become an instrumental

figure for Dale. Made his 200th appearance for the club in September 2016 – a figure exceeded by only four other goalkeepers in Rochdale's history.

JOE RAFFERTY

Joined Rochdale on a free transfer from Premier League outfit Liverpool in July 2012 and has now racked up over a century of

games for the club. Once skippered Liverpool's U18s side and is comfortable playing either as a defender or as a midfielder.

JIM MCNUITY

The experienced defender was Dale's only ever-present last season and his consistency saw him rewarded with a new contract that will

keep him at the Crown Oil Arena until the summer of 2018. Did not start playing league football until 2006 but has a number of promotions under his belt.

NIALL CANAVAN

Penned a two-year deal with Rochdale in May 2016 following a successful loan spell with the club at the tail end of last season. Was

previously with Scunthorpe United for whom he made over 150 appearances for. Has featured in 16 games for Dale so far this term, more than any other player at the club.

PETER VINCENTI

An experienced campaigner at this level, the midfielder has become a vital figure for Dale and scored 16 goals in 2014/15 to help steer the

club to their best-ever league finish. Has also represented the likes of Millwall, Aldershot and Stevenage.

MATTY LUND

The midfielder joined forces with Rochdale in July 2013 after being released by Premier League club Stoke City. Scored nine

goals to help Dale win promotion during the 2013/14 campaign and has represented Northern Ireland at U21 level.

CALLUM CAMPS

Highly-rated by Dale, the young talent has risen through the ranks at the Crown Oil Arena and first featured for the first-team

during the 2012/13 season. Has represented Northern Ireland at U21 level and is contracted with Rochdale until 2017.

KEITH KEANE

The hugely experienced midfielder joined Dale on loan from Cambridge United in the summer transfer window until January. Able to

play in a variety of positions in defence as well as midfield, Keane racked up 277 games for Luton Town over nine years before joining Preston in 2013. Has also had spells with Crawley and Stevenage.

NATHANIEL MENDEZ-LAING

Been with Dale since the 2015/16 campaign and notched ten goals last season, exploits that saw his contract extended in May.

Started his career with Wolverhampton Wanderers and has featured for Peterborough United, Sheffield United, Portsmouth, Shrewsbury Town and Cambridge United. Scored a hat-trick against Town in the FA Cup last term.

CALVIN ANDREW

Signed a two-year contract at the Crown Oil Arena in July 2014, a deal which has since been extended by a further 12 months.

Andrew has become somewhat of a Football League journeyman and has amassed spells with the likes of Luton, Grimsby, Bristol City, Crystal Palace, Millwall and Swindon.

DONAL MCDERMOTT

A graduate of the Manchester City Academy, the attacker left Eastlands in 2011 having had spells on loan at MK Dons, Chesterfield,

Scunthorpe United and Bournemouth. After stints with a string of other clubs, McDermott joined Rochdale in May 2015 and has three assists to his name so far this term.

STEVEN DAVIES

A new signing at the Crown Oil Arena having penned a one-year deal with Dale in the summer following his departure from Bradford

City. Offering a physical presence wherever he has plied his trade, the striker has played for the likes of Tranmere Rovers, Derby County, Bristol City, Blackpool and Sheffield United.

MANAGER

KEITH HILL

In his second spell as manager at Crown Oil Arena, Hill has overseen plenty of memorable moments with the Dale in recent seasons.

Not only is he a hugely popular figure with Rochdale fans now but the 47-year-old was also a firm fans' favourite during his playing days at the club.

Beginning his career with Blackburn Rovers in the late 1980s, the defender made over 100 appearances at Ewood Park before sealing a move to Plymouth Argyle in September 1992. After spending four years down south, Hill moved back up north to sign for Rochdale under Graham Barrow.

Hill became a cult hero during his five season stay at the Crown Oil Arena thanks to his no-nonsense style of defending. After racking up just shy of 200 games for Dale, the defender spent spells with Cheltenham Town, Wrexham and Morecambe before bringing down the curtain on his playing days.

A return to Rochdale then beckoned with Hill being given the task of

working with the club's youth players, but it wasn't long before he was trusted with first-team matters after being asked to step into the breach in December 2006 on a temporary basis following the sacking of Steve Parkin.

However, Hill was soon handed the gig permanently and awarded a three-year contract after leading Dale from the relegation zone into the top half of League Two. He would then take Dale to two Play-Off Finals before succeeding at the third time of asking, securing the third and final automatic promotion spot at the end of the 2009/10 campaign.

Rochdale's success only continued as they enjoyed a memorable first season back in League One, equalling their best-ever league placing since regional football was abolished and recording a stunning

league double over League One powerhouses, Southampton.

Those achievements didn't go unnoticed and Hill was snapped up by Barnsley following the culmination of the 2010/11 season, but a return to Scotland soon followed after Hill was sacked by the Tykes in December 2012.

And that reunion has proved to be a successful one with Hill guiding Dale back to League One in 2014, before masterminding a superb run to the Fourth Round of the FA Cup during the 2013/14 campaign, beating Championship outfit Leeds United in the process.

Hill also took Rochdale to the Fourth Round of the FA Cup the following season in addition to just missing out on the Play-Offs in League One, setting a new club record by securing an impressive eighth placed finish.

SCOUT REPORT

How Rochdale could line up...

The Dale could well stick with their tried and trusted 4-3-3 formation for tonight's game at SNI.

Rochdale are flying high in League One and their fluid system certainly gives them plenty of attacking prowess, with the likes of Calvin Andrew, Ian Henderson, Nathaniel Mendez-Laing and Joe Bunney proving pace and firepower at the top end of the pitch.

Tonight's visitors are also well stocked in midfield and have a host of options to fill a midfield three, with the likes of Peter Vincenti, Matthew Lund, Callum Camps and Keith Keane all proven performers at this level.

Josh Lillis is a safe pair of hands in-between the sticks and will likely be protected by a back-four consisting of players in the ilk of Joe Rafferty, Scott Tanser, Jim McNulty and Niall Canavan.

COMMERCIAL COMMENT

Good Evening and welcome back to The County Ground for tonight's very difficult encounter with in-form Rochdale. Let's hope we can get our home form back on track with a win tonight.

IN THE HEART

Following on from the announcement that we have teamed up with Sam FM, we are delighted to have renewed our partnership with Heart FM for a second successive year. The partnership will see us working very closely together to promote Pro Red.

In addition to that, we will also stage another charity football game here

at SN1 following last year's hugely successful event, which raised £19,000 for Global's charity, Make Some Noise. The relationship will see us join forces to actively promote the football club's great work in the community. Both Heart FM and Swindon Town Football Club share the same ethos and we look forward to a great year together.

PRO RED

As you will have seen, heard or read, we are massively pushing our Pro Red initiative. We encourage all those with young families to sign up by visiting www.pro-red.co.uk and take advantage of heavily reduced tickets. Also, with this unique scheme, you can earn cashback for your child's school or football team that he or she plays for.

MATCHDAY SPONSORSHIPS

We have a number of sponsorship opportunities available to you for the remainder of the season. Don't forget you can book any game with us between now and Scunthorpe United, which is our final home league game of the 2016/17 campaign. We have recently launched packages where you can become a matchday sponsor

with a minimum of six guests with the facility to add additional guests to your party. Packages start from just £600 and when you consider this price against the many benefits on offer, it really is great value. Please contact the Commercial Team for more details and availability.

COMPLEMENTARY HOSPITALITY ON SIGN-UP

We currently have an offer whereby we will include hospitality for ten in your own side suite with any branding package that you sign up to. This is a fantastic offer and a great way in which to blend advertising with hospitality where you will see your brand come alive. Once again, to find out the details regarding this exceptional offer, please contact Kay or Adam. Their details can be found below.

ON TO TONIGHT...

We take great delight in welcoming Be Wiser Insurance to the Imagine Cruising Suite as the main match sponsors tonight. This is one of three sponsorships they have committed to this season and you would have seen their big billboard facing the main carpark. We hope they enjoy their evening us.

We would also like to extend a warm welcome to our matchball sponsors tonight, who are JDB Carpentry. They are new to a sponsorship and we hope many more will follow after their experience this evening.

Come On You Reds and I hope you enjoy the game.

JOHN GODDARD

THE ATTACKER HAS MADE THE STEP UP TO LEAGUE ONE FOOTBALL WITH EASE SINCE HIS SUMMER SWITCH FROM NON-LEAGUE OUTFIT WOKING, BUT BELIEVES HIS BRIGHT START AT SN1 IS ONLY THE BEGINNING...

“

My start has been positive but it is one to build on – I think I can do better.

John, we're in the middle of October now so how have you adapted to life in Swindon so far on and off the field?

Very well I think. I'm really enjoying it so far and the challenges that it brings and off the field it has been fine too. I'm living in Swindon now and I'm enjoying that and everyone that I have spoken to around the club and around the place has been very positive.

Everybody has been very welcoming so it has made it quite easy for me.

You arrived at SN1 from Woking in the summer following a few years in non-league, so how have you found that step up into professional football?

When I knew I had signed for Swindon I was very excited and I had a lot of belief in my own ability that I would be able to make the step up. My performances have been pretty good but there are things that I need to adapt to and get used to.

That's only natural and coming back into full-time football takes a while to get used to. Coming into a new club and playing with different and new players takes a bit of time to gel as well, but it has all been positive and there are no concerns from me.

FACT FILE

- ▶ Age: 23
- ▶ Place of Birth: Sandhurst
- ▶ Height: 5"10
- ▶ Position: Attacking Midfielder
- ▶ Squad Number: 10
- ▶ Previous Clubs: Reading, Hayes and Yeading United, Woking

What have been the biggest differences for you in regards to playing in non-league and now plying your trade in League One?

The standard is noticeably different and the professionalism of the teams – they are much more organised. You look at the Conference and there were some really good players that played in that league and some good sides, but as you get higher up the leagues teams are much more organised, they are much more well-drilled and a lot more work gets put into the finer details in matches, which you probably don't get in the Conference.

From a personal point of view, when I was a part-time player I tried to treat myself as a full-

time player anyway so I would have a routine and do my own work individually. I would go to the gym, train with my club and it is an unrelenting fixture list in the Conference like it is in League One, so you would be playing all the time.

But there has not been too much of a transition so I think that has helped me and I'm just enjoying it. I love the chance to come and play football every day and once you drop out of that and go into non-league you tend to appreciate it more.

The fans have really taken to you at The County Ground and you opened your account for the club earlier this month – how have you rated your start to life as a Town player?

My start has been positive but it is one to build on. I think I can do better, I know that, and I have gained belief in the fact that I can play at this level and do well.

There are areas of my game that I would like to work on and get better at. I scored but I would have liked to have had a couple more by now, I've had chances but I've not been able to put them away. I'm getting into good areas which is important and I think any player would tell you that it is great to have the fans' backing. I'll be trying to play football to entertain the fans and try to please them through hard work and the ability I have.

The club's style of play really seems to suit you down to the ground too...

I'm a footballer and I like to have the ball at my feet and show what I can do with it. The style of play was a massive factor in why I wanted to

play for Swindon because I think I fit into it well.

We're working on it at the moment because the results haven't been so positive but we're a realistic group and we know we need to tweak a few things and change a few things to change the results around.

But, like I said, I'm really enjoying playing at the minute and hopefully once the results turn round it will make the place a bit more positive.

We've got full confidence and the management have as well. We do

the right things and we work hard every day and we always try to go out there and get the three points.

You saw it with Leicester City winning the Premier League, it is an all-round package that you need to do on a gameday and there are a couple of areas that we need to do a little better in.

We know plenty of young footballers like to unwind and play video games like FIFA 17 during their down time, but you are very active with your own Football Academy, Core Football Coaching. How did you get involved in that side of football?

“

We need to get back to The County Ground being a bit of a fortress. Hopefully tonight can be the start of that.

It was just through the love of football really. When I went part-time I started coaching and started my own coaching business, which works with schools and kids in Surrey and Berkshire. We've got an Academy in Reading where we try to develop gifted players and then try and offer them a pathway into clubs. We're playing Swindon in a couple of weeks so maybe a couple of the kids could get spotted by Swindon, which would be great.

It keeps me busy, it is something I love, I've done my B license and I see it as something I enjoy.

I wanted to do something that involved football. Working with kids is great and when I'm not playing football I'll be watching football or talking about football, so I definitely see myself coaching at some point.

On to tonight's visitors and Rochdale are flying at the moment. Just how tough a test will this evening's game be?

It is going to be tough. We've already watched them a little bit and done some work on the opposition, like we always do. We know it is going to be a tough game, they play a bit like how Northampton played here a few weeks ago and we are going to have to be at our best to get a result.

There is no reason why we can't and we need to get back to The County Ground being a bit of a fortress. Hopefully tonight can be the start of that.

MARCUS CASSIDY

Town's Head Groundsman, Marcus Cassidy has had his work cut out in recent weeks to keep the pristine County Ground playing surface in perfect condition following a gruelling playing schedule...

After tonight's game and Saturday's game against Walsall we would have played eight home games in the space of five and a half weeks.

Now the weather is changing the grass growth slows down so it is pretty much about getting your preparation right, your timings right and getting your repair done straight after a game. What we do in-between games is make sure the fertiliser is on the pitch when it needs to be because that keeps it healthy and strong.

We have a massive aeration programme which is getting air into the soil and it helps the drainage, so luckily the club gave me a good budget for fertilising and aeration and that helps to keep the pitch nice and strong when we've got a busy period of games.

The pitch does stay in good condition. We do have the odd problem with it but I'm well aware that the pitch has to be good so there is pressure on me to produce. It keeps me on my toes and I'm not going to rest on my laurels. If the management or the Chairman feel the pitch hasn't performed, then they are the first to tell me.

I'm a big believer in not doing too much because you can actually overwork a pitch. If you go out there and keep rolling it then you are just compacting it, so the key is to get on there when the time is right.

There is no point in going out there if we haven't got a game in two weeks and just rolling the hell out of it because it is just going to have a negative effect, so it is all down to timings.

STFC LADIES

Town Ladies hosted Crystal Palace LFC last Sunday and were on the verge of a 0-0 draw and a well-earned point, until Palace stole the debatable winner deep into injury time.

The Palace player got on to the end of a last gasp cross which evaded the town defence and was bundled into the back of the net by Ellie Bailes. The goal was disputed by the town players who claimed the ball had been played with the hand.

After the game Town Boss Steve Robertson said:

"The girls responded well to the 4-0 defeat at the hands of Cardiff in midweek and the overall performance today was exactly what was needed. We now need to repeat this performance week in and week out, starting this Sunday when we travel away to QPR."

SUPPORTERS CLUB

Good evening and welcome to The County Ground to all Swindon Town supporters and those of our visitors who have made the long journey from Rochdale.

The Vale & West Oxon supporters club held another dinner at The Fox at Denchworth last week. The event organised by Mavis Knight was a great success. Players Conor Thomas and Luke Norris and Youth Team Coach Alan McLoughlin attended.

This is a great way to take Swindon Town out into the community. There are many areas such as Devizes, Marlborough, Chippenham, Stroud, Cirencester and others where there are Swindon Supporters who would like to meet up and have a social evening. It doesn't have to be a meal. If you would like to start a group in your area and would like some help please contact us.

Jay Collett from Great Western Reds group recently attended one of our committee meetings. Jay and his group aim to get behind the team and do a great job in trying to create a memorable match day atmosphere both home and away. The Supporters club has made a donation to help with the cost of display material.

The winner of the October members draw is member No.285 - which is Mr

George Vockins. The prize this month is a £25.00 club shop voucher.

Rachel Burt has resigned from the Committee with immediate effect due to work and personal commitments. Rachel has been a great asset with arranging functions and would still like to be involved and help when she can. We wish her well and thank her for her time given to the Supporters Club committee.

We apologise for not doing the 50/50 half-time draw against Northampton which was due to not having any sellers available. We are constantly trying to recruit sellers, so if you are able to help out occasionally or regularly please contact one of the committee or email: enquiries@swindontownsupportersclub.com or ring our mobile 07500788467

The winners of the 50/50 draw for Bolton were 1st ticket number 393 (£463 won by K Edwards from Devizes) and 2nd ticket number 980 (£50 won by D. Carrington from Tetbury)

ON THIS DAY:

18 OCTOBER

1902

Swindon progressed to the third qualifying round of the FA Cup with a comfortable 5-0 win over Chippenham Town. Despite the defeat, visiting keeper Fred 'Tich' Hemmings - he stood just 5'7" - gave such an impressive performance that he was signed by manager Sam Allen straight after the game.

1924

Town recorded a sixth successive home win and fourth clean sheet with a 4-0 victory against Bournemouth. Bertie Davies 2, Jack Johnson and Arthur Ruddlesdin were the successful marksmen.

1958

The top tier - the seated section - of the then new Shrivenham Road stand was opened for the first time. Previously at the Rushmoor Arena in Aldershot, the new structure added 1,421 to the seating capacity at the County Ground. The seats in the centre block could be purchased for six shillings (30p!)

1980

John Trollope made his 765th League appearance for Town, breaking the one-club record held by Jimmy Dickinson of Portsmouth. Carlisle were the visitors who forced a 1-1 draw at the County Ground.

1990

Argentine international Nestor Lorenzo, who had played in the 1990 World Cup final in Italy, was signed by his fellow countryman Ossie Ardiles on a loan deal from AS Bari. The move was completed just before Christmas.

2005

Then non-League Stevenage Borough arrived at the County Ground in the League Trophy. Just 1,771 turned up to see Rory Fallon give Town a fourth-minute lead. Watford loanee Hamer Bouazza added a second eight minutes into the second-half.

LOU MACARI'S RED AND WHITE ARMY

30 YEARS ON

**SWINDON TOWN 2
CHESTERFIELD 1
18 OCTOBER 1986**

Thirty years ago today, Swindon were looking to follow an excellent result at Craven Cottage with a third successive Third Division win.

There was one enforced change to the line-up, with Dave Hockaday returning to the side in place of the injured Peter Coyne. Having played at right-back, left-back and left midfield in his three previous appearances, Alan McLoughlin was switched to right midfield.

Town appeared to be well in control after netting two first-half goals but a penalty miss four minutes after the break seemed to unsettle them. And they suffered a jittery final half-hour after a diving header from Ernie Moss - due to celebrate his 37th birthday the next day - flew past Fraser Digby.

Dave Bamber put the hosts in front when he beat Chris Marples with an 11th-minute header, after his first attempt had come back off the bar.

The visitors were unable to muster an effort on goal until the 35th minute, when Bob Bloomer fired over after being put through by former Swindon loanee Dave Caldwell.

But Town's response to that was immediate when a 'route one' move initiated by Digby was finished when Leigh Barnard fired home from Bamber's knock down.

When Barnard was upended by the keeper soon after the interval, Bamber was handed the chance to net a third to virtually seal victory for his side. But his spot kick was too close to the diving Marples. Bamber had a second bite when the ball came back to him, but he struck the rebound against the bar and the Spireites were let off the hook.

A 6'3" striker, Dave came into professional football after graduating from Leicester University with a degree in economics. Arriving at the County Ground initially on loan, he failed to score in his first ten outings. But on his return he wasted little time in grabbing eight in just 13 appearances.

The 1986/87 campaign saw Dave net ten League goals plus another ten in Cup competitions as Town made another step up.

He hit a further 17 goals during his third and final season in Wiltshire, before joining the Hornets. The fee was decided by a tribunal and, although the £105,000 was much less than expected, it still worked out at almost seven times the amount paid to sign him!

SUPPORTERS TRUST

Welcome back to The County Ground for what will hopefully be an enthralling encounter against one of the form sides in League One in Rochdale.

At time of writing we're just coming out of a very bad run of results, and morale is very low within the fan base.

Of course we've seen these bad times come and go previously so it's important that supporters stick together and try and bring about a positive outcome in the coming crucial weeks.

Let's encourage a positive atmosphere in the stadium as we strive to get back to winning ways and into a more secure league position.

The Trust team continue to meet on a Monthly basis and have many projects on the go. Unfortunately, it's not possible to share all of those details at the moment but you will hear more in due course before the Christmas period.

Hopefully tonight sees us get three vital points.

Rochdale Supporters Trust was set up in 2004 in order to help give supporters the

chance to have a better say in the running of their club and to help spread ownership amongst its members.

During the past 10 years, they have embarked on many fundraising projects, which have benefitted the club and the community in which it is situated.

The Trust work closely with the Board of Rochdale AFC and hold regular meetings where supporters' views, questions and suggestions are discussed.

They work together with local charities and are proud to have raised many thousands of pounds for worthy causes including Factor 50, Cystic Fibrosis, Football in the Community and for 2014/15, Springhill Hospice.

TRUST HEROES

We're promoting our 'Trust Heroes' scheme to acknowledge the contribution of remarkable supporters to our small club. Whether this is a completion of 'the 92', a dedication to raising money for Football in the Community or anything else, we welcome your nominations via email: info@truststfc.com

Lawrence Vigouroux

The talented goalkeeper has certainly upped his game so far this season and looks set to clock up his 50th appearance for Town tonight.

With a full term of League One football under his belt, Vigouroux has gone from strength to strength in 2016/17 and is fast turning into the Robins' 'Mr Reliable.'

After producing a string of fine saves to almost keep Bolton Wanderers at bay earlier this month, the stopper made another telling contribution in his last outing, superbly saving a first-half penalty to secure his side a share of the spoils away at AFC Wimbledon on Saturday.

Vigouroux now wants to kick-on and keep improving and feels he has learnt a lot during his time at The County Ground.

"I've improved a lot. I had a lot of time to reflect last year when I got injured and I realised that there are no easy games in football," he said.

"I think I took that for granted last season when I had a poor run of form but I've come back this season as a man.

"I just want to keep playing as well as I can and keep helping the team as the team is the most important thing."

Reflecting on the 0-0 draw and his penalty save against AFC Wimbledon on Saturday, Vigouroux was most pleased with the efforts of his defence.

"We defended brilliantly and Conor Thomas was outstanding playing in an unfamiliar position and Nathan Thompson, as always, was absolutely brilliant," he stated.

"It makes it easier for me because I know I've got two good individuals in-front of me who help, and credit to James Brophy and Darnell as well - we worked really well as a unit.

"I've been unlucky this season because I've gone the right way for most penalties and I've got hands and fingers on them and they haven't been kept out, but I changed the way I stand in the goal on Saturday and it paid off."

Finally, Vigouroux is determined to help Town put right their home form, starting with tonight's game against in-form Rochdale.

"We've got to get three points at home very soon," he added.

"I'm very happy that we've got a home game tonight which will be tough again against an in-form side in Rochdale, so we've just got to keep doing what we're doing.

"We'll do the best that we can tonight and hopefully we can send the supporters home happy. They are a team in-form but runs have to end and hopefully we can do that this evening."

“

I've improved a lot and I want to keep playing as well as I can and keep helping the team.”

ACADEMY

WITH JEREMY NEWTON

It has been a very busy time at the Academy in recent weeks. The Day Release Programme has been going really well with our current U12s, U13s, U14s and U15s.

The U12s are on half day Day Release at the moment with informal education, with the U13s, U14s and U15s in all day with formal education provided for them. It is a chance for the boys to spend all day with us and they only do 60 minutes of core football, the rest is all broken down into education, analysis, life skills and strength and conditioning. It is more about the education side and providing the players with an overall platform of their football well-being.

Half-term is coming up so it is a busy period for us. We've got some fantastic games coming up too, the U13s are going up to Liverpool and the rest of the age groups are playing Cardiff so it is a busy period and we're looking forward to it.

On top of that the players have got their first six-week block reviews. That is where the players from the U13s upwards will come in for the start of their six-week reviews and they will set themselves their own objectives in order to try and

achieve them. That is obviously then monitored throughout the following six weeks along with their match days.

We've got a new online management system which is endorsed by the Premier League and the Football League. We've just completed some training with our part-time staff on that and in the next couple of weeks all the players will have access to it. It is more player ownership when it comes to using the system, uploading their diaries along with all their reviews and they can also access all the games that have been filmed.

It is a massive system that we are still currently trying to get our heads around and it is designed for every club to upload their data on there. From our point of view, we will only upload the information that we think is required to go up on there. We are a little bit secret in regards to what we do, how we do it and why we do it and that is the same for every club that is using the system.

live happy!

We underperformed and when the team underperform as a collective unit then it is very difficult to get a victory. Bristol Rovers were not better than us technically but they just worked harder, they grafted harder and they did all the nasty things that you have to do as a professional footballer.

Our boys weren't up to the task on the day and if you perform like we did then you deserve to get beat. There weren't too many positives to take from the game, we did pass the ball around at times but our hard work in the build-up to the game in regards to crosses and final balls into the box didn't bear fruit on the day.

We didn't get any good quality into the box and it is something we are going to have to keep working on and persisting with because it is an area that the boys are lacking in quality wise. I was disappointed more than anything with the fact we didn't get around second balls and do all the gritty things that you have to do whether you are at Swindon, playing in non-league or playing in the Premier League. They are the fine margins that can win you games, we didn't do that enough and we deserved to get beat.

Going from one extreme to another now, a lot of our Academy boys featured in the club's Central

League Development game against Peterborough United last Tuesday. Peterborough ran out 5-2 winners but there were plenty of positives to take from the game. Scott Twine played upfront, Will Christopher played at the back with Mason Hathaway, Louis Spalding was left-back, Jack Stanley came on, Callum Gunter came on and Tommy Ouldrige came on to the pitch.

There was some experience in there with Anton Rodgers playing, Brad Barry was excellent and he got about his business well. But for Will Christopher and Mason Hathaway, who played as the two centre-backs against experienced players, it was a real challenge for them. They coped well with it at times but they were surprised by the power, the pace and physicality of Peterborough.

Overall, and although we did get beat 5-2, I liked how we played within the system, I liked how we controlled the game at times and we created chances. Scott Twine with a bit of luck could have scored and we did cause them some problems. As an exercise and as a learning curve it was really good for the boys going forward.

Enjoy the game tonight.

GIRLS DEVELOPMENT

Good evening and welcome to tonight's game against Rochdale and hopefully we'll be celebrating three points come the end of the evening.

At the time of writing our C6 girls proudly sit top of the South West Category Two College League and remain unbeaten this season.

We are set to play Gloucester in the Second Round of the ESFA Cup and hopefully secure passage into the Third Round. This is a national competition and one that we're keen to go as far in as we possibly can.

Our Open Evening was a huge success with over 30 girls in attendance. We are now looking to host an Open Day for students to visit Commonweal Sixth Form to sample their education choices and join one of our football classes.

Please email Shane on shane@stfc-fitc.co.uk if you would like more information on how to apply for C6.

We are also running a girls' only holiday course at The County Ground on 25th-28th of October. These courses are for girls of all abilities from five to twelve and it enables the girls to meet other players from around the county and offers female players pathways into either Development Centres, Advanced Centres and the Girls Centre of Excellence.

You can book these courses by visiting www.officialsoccerschools.co.uk.

FOOTBALL IN THE COMMUNITY

Good evening and welcome to tonight's fixture against Rochdale and let's hope we pick up the three points.

▶ EVERY PLAYER COUNTS FUNDED PROGRAMME

Swindon Town Football in the Community Trust launches New Disability Football project

Disability football in Swindon has received a major boost following the announcement of more than £1m in grants to EFL club community trusts up and down the country including Swindon Town Football in the Community Trust.

The "Every Player Counts" programme is funded by the Wembley National Stadium Trust (WNST) and administered by the EFL Trust. STFITC Trust are one of 25 clubs that been selected to run the programme.

Mike Evans Director of Operations, at the EFL Trust, said: "The strength of this innovative partnership with WNST is that, rather than having some general national goals, it targets specific local needs. The unique positioning of EFL clubs and their community trusts at the heart of their communities, provide a strong understanding of what is needed to deliver a project that makes a difference to local people."

The WNST trustees have awarded 23 grants, totalling £1,070,450 over three years, benefitting 25 clubs around England (one grant covers the three clubs in Nottinghamshire). These clubs cover the length and breadth of the country, from Plymouth to Carlisle and Southend to Shrewsbury and are located in a mixture of built-up metropolitan boroughs and more rural locations – all aimed at giving the programme as wide a focus as possible.

The grants awarded reflects this diversity of need. A number of clubs will be involved in developing new impairment specific projects focusing on for example, autism, mental health, learning disabilities, amputees or powerchair football. Some will be expanding their pan-disability football offer in new locations or with new audiences. Others will be using their skills and experience to support local grassroots community clubs to develop their own in-house disability football capacity.

The over-riding aim of the scheme is to increase the amount of disabled people participating in football, breaking down the barriers that have prevented them from doing so. Since the London 2012 Paralympics, we have seen a major increase in the number of disabled people playing sport or wanting to do so. This programme builds on previous work at both WNST and EFL Trust and will continue the expansion of the opportunities available to disabled people to get involved.

It is not a 'talent pathway' programme – that is rightly the responsibility of the FA and the other governing bodies overseeing disability football. Of course, if one of the projects discovers a future international or Paralympian, that would be a great achievement, but it is not a required indicator of success. Nevertheless, it is a key consideration for each club, that anyone getting involved in playing through one of these funded projects has a clear exit route to continue their football experience if that is what they want – whether it is just for fun,

We are delighted through the funding here at Swindon Town to have started our STFC Football in the Community Trust Deaf

ANDREW HAWES

BBC WILTSHIRE

Do you remember the 4th of December 2014? It was a Thursday, and it was meant to be the start of everything becoming clear.

Journalists trooped to St. George's Park. For lo and behold, it was the England DNA. The Football Association's very core of how England teams were meant to play, and how English football was meant to develop, with a philosophy mainly based on possession football. One Gareth Southgate helped to launch it.

It was probably buried by Iceland in the headless chicken night in Nice, before the appointment of Sam Allardyce appeared to be a rapid repudiation in response to something that coach Gary Neville suggested they simply could not see coming.

Once again, long-term planning in football found itself run over by the crazed wildebeest of events.

Now at this point, you might fear yet another one of the preachy nonsenses bandied around about the value of managerial stability. To which I say, I try not to live in

the 1970's, and neither should some members of the football media industry, who appear to be somewhat confused by or resistant to concepts of change and transition.

Managerial stability is quite capable of allowing things to deteriorate further, as anyone who watched the last two months of Steve McMahon's later seasons in charge will know. In short, why have Nigel Adkins when Mauricio Pochettino is available? Or, at the other end, when will this man you've based your entire existence on receive a higher calling? (I'm looking at you, AFC Bournemouth.)

If you've read the book "The Numbers Game", the authors came to the conclusion that the result of any one match is around 50 percent dictated by luck. When, on Match of the Day 2, it was asked (apparently with some degree of seriousness) whether or not Manchester City were in

"crisis" after failing to win their last three games, then you wonder how almost any plan can survive the level of fan expectations, the element of random, injuries, and the abrupt departure of key elements, you almost wonder why people bother with the business of plans at all.

Perhaps the Sunderland way really is what's keeping them in the Premier League after all.

The point is, football is a very odd business. Keeping to a plan is close to impossible and, even with skill and judgement, needs a massive amount of outside factors to go your way.

A quick word on Keith Hill, too. In a past life I would interview him for BBC Manchester after games and he'd always offer something interesting. He speaks his mind (always welcome) and has done excellent things for Rochdale in two spells. You'd have to be incredibly mean spirited not to wish them well (apart from their two league fixtures with Swindon of course), and tonight will be a challenge.

Enjoy it.

The following guidelines are designed to allow SAS Travel to ensure that they can take as many fans as want to travel with them to each away game.

- As a general rule, SAS Travel have to order coaches one week before the fixture date. Therefore if you leave booking until within this time, they cannot

always guarantee that there will still be spaces available.

- After this time, SAS Travel will always try (alongside their coach provider) to source further coaches and meet all the demand for spaces, although they cannot run a coach unless economically viable to do so.
- SAS Travel tend to open games for booking around three weeks before the fixture date and usually have three fixtures booking at any one time. This may increase to four due to fixture rearrangements.
- SAS Travel advise that the best policy is to book as early as you can to ensure that you get the spaces that you want.

TICKET OFFICE

Following on from previous season's success, Town would like to offer supporters another opportunity to select a six or eight-match ticket package that suits their personal requirements for the 2016/17 campaign.

These packages offer great savings on standard category matchday prices. Season Tickets offer the greatest value for money but they are not always suitable for all supporters which leads to many fans attending fewer matches.

From Season Ticket holders to matchday ticket purchasers, it is important that we listen to all Town fans and, where possible, implement new schemes which we hope will help to take our club forward.

This will allow us all to benefit from exciting and entertaining football and, ultimately, further the quest for success on the pitch.

For supporters wishing to take up the new ticket packs, simply visit

www.eticketing.co.uk/swindontown and, under the membership tab, choose the ticket package and stand required then proceed to checkout.

To add matches to your account in the future, all you have to do is simply login and add your chosen matches as soon as they go on sale. Your selected matches can be added to your match card, printed at home or collected from the pre-booked point at The County Ground on matchday.

Our 16/17 Match Packs are now on sale and, with Christmas just around the corner, these six and eight match packs would make ideal Christmas gifts for your Town supporting loved ones!

For any queries, please contact the STFC Store on 0871 876 1993 and select option 2.

PLEASE NOTE - TICKETS CAN ONLY BE ADDED ONTO YOUR CARD FROM THE 12TH DECEMBER ONWARDS.

► Pressing Matters

I'm jumping on the bandwagon but what a story AFC Wimbledon are currently writing!

Not content with the host of achievements under their belt already, the Dons have adapted well to life in the third tier of English football and climbed above arch-rivals MK Dons in the League One table for the first-ever time in their history last week.

I really enjoyed the trip to Kingsmeadow on Saturday and the ground there just screams proper football. The fact that the fans were so close to the pitch made for a terrific atmosphere and the AFC Wimbledon staff were so helpful and accommodating – I'm going to be following their remarkable story with interest and I really hope they continue to go from strength to strength.

In terms of the game itself I thought Town were more than deserving of a point and they proved that they are more than capable of rolling their sleeves up and doing the 'ugly side of the game.' Given AFC Wimbledon's impressive form heading into the game, a draw was a good result and there were yet more heroics from Lawrence

Vigouroux who has really upped his game so far this season.

Away from the field and the media team are currently working hard to revamp STFC Player, which has been pretty quiet in recent weeks. We want to make this service more worthwhile for you all and we are in the process of coming up with ideas to achieve that goal. Watch this space...

Back on to tonight and Town have the task of trying to get the better of another in-form team in Rochdale, who have now won an incredible seven games on the bounce. It won't be easy by any stretch but all runs have to come to an end at some point and tonight would be the perfect time for the Reds to put things right at home. Add to the fact that there have been 30 goals in seven games between the two sides since 2010, then we should be in for an entertaining encounter tonight!

Enjoy the game and here's to three points.

Press Officer
