'Thank you to each and every one of you for your support and encouragement throughout 2016'

Welcome to Stadium MK for our second home fixture of the festive period and the visit of Swindon Town. Our opponents from Wiltshire have made the relatively short journey in good numbers and we hope that this match - one which has traditionally provided such compelling entertainment in previous seasons - will, this evening, prove to be yet another exciting spectacle.

The fixtures come thick and fast at this time of year. After tonight, we travel to Chesterfield on Monday for the first fixture of 2017 with the aim to avenge the disappointing home defeat at the hands of the Spireites in November.

The busy period will be further underlined by the opening of the transfer window on Sunday and with it, the first opportunity for the new management team to formally begin the process of recruiting players to add to and improve the squad.

The January transfer window is usually characterised by an early flurry of activity as deals that were agreed towards

the end of the calendar year are activated, yet the vast amount of business is usually conducted towards the end of the window as many long and drawn out negotiations that have taken place over the month are finally concluded. This is, of course, the first January window taking place within the new landscape where emergency loans no longer exist. The general consensus is that this will make standard loans, especially from Championship clubs, more difficult to achieve. Clubs will think carefully before weakening themselves by freeing up squad players for the entirety of the season, compared to previous years when players might return to their parent clubs after as little as 28 days to help with a crisis.

I suspect this is going to make the nature of many deals conducted across this January window more creative and imaginative. For our part, we are determined to support Robbie as best we can with investment in the players he would like to bring to the Club, both in the short term to help us climb the table and also with one eye ahead

to next season. A great deal of work has already been done to identify a number of players although we accept that in the new loan environment, patience may be required to get some of these across the line.

While 2016 has generally been a disappointing year for the Club and our supporters, I do firmly believe we can go into a New Year with much to look forward to under the new management team. The whole Club has been re-energised by the processes and philosophy Robbie and Stevie have brought with them from Scotland and there is certainly a real belief that 2017 can be a very exciting year for MK Dons and, indeed, for Milton Keynes as the city celebrates its 50th birthday.

We are looking forward to playing our own part in the 50th birthday celebrations and on Thursday 12th January we will be unveiling a very exciting initiative, which we believe will strengthen the bond between the Club, our supporters and the community.

WELCOME

From Executive Director **Andrew Cullen**

Before that, we travel to Brighton & Hove Albion for the Third Round of this season's Emirates FA Cup and, of course, the opportunity to create some more history. The response to tickets from our supporters has been really positive - with them priced at just £12 for adults and £6 for under-18s, we hope for a positive backing at the Amex Stadium on what is always one of the special days in the football calendar.

On behalf of everyone at MK Dons, may I take this opportunity to thank each and every one of you for your support and encouragement throughout 2016 and to wish you a successful and healthy 2017. With our home game against Oldham Athletic originally scheduled for Saturday 7th January – now moved to Tuesday 7th February due to Emirates FA Cup involvement - we hope to see you back here on Saturday

21st January for the local derby with Northampton Town.

Happy New Year!

Robbie Neilson

The **Manager**

'I'm confident that the next 12 months can be much more positive'

Good evening everyone.

I'd like to welcome Swindon Town head coach Luke Williams to Stadium MK, along with his staff and players. The Robins sit one place below us in the Sky Bet League One table but they have a number of impressive wins to their name this season, namely against top-eight sides Rochdale and Bradford City. They are a team who like to change things up in terms of formation so we've been busy this week making sure we are prepared for the challenge - one thing we know for sure is that it will be a tough test.

That said, we'll be looking to come out on top this evening and bounce back from the frustrating defeat to Charlton Athletic on Boxing Day. It was a disappointing result because for the first 35 minutes we were the better side. We were creating chances but, in any game, when you have a sustained period like that it is vital that you score.

After that spell we lost Dean Bowditch and had to shift things around. The game then became scrappy and one bit of good play from Charlton and a good finish from Ademola Lookman saw them take the lead. They then tried to kill the game but it's up to us to get it going again. We had small spells of pressure but it just wasn't to be.

We are a work in progress but the squad are putting the effort in and taking on board what we are asking of them. One thing I thought was highlighted on Boxing Day was the lack of depth and variety in the squad. We had to move players into positions

they aren't as comfortable in because of the shortage of options. It's important, therefore, that we look to recruit well and early once the transfer window opens on Sunday.

We have quality in this side and the players we have here are improving every day, but it's important we add more quality to the group through signings. We have been working hard since day one to identify areas to strengthen and specific targets and now we'll be doing our best to bring in those right players. We have three key targets and we'll aim to bring them in but if we don't, we'll move down the list. There's no point, though, in just diving in on Sunday to sign the first person who comes along. We'll try and get players in early but they have to be the right players.

I'll end by wishing everyone a Happy New Year, with this our final game before we move into 2017. I know this has been a difficult year for the Football Club but I'm confident that, with your continued strong backing of the team, the next 12 months can be much more positive - it is our aim to ensure that happens through hard work, desire and commitment.

Enjoy the game.

HOSPITAL VISIT

MK Dons spread some Christmas cheer on their annual visit to the children's ward at Milton Keynes General Hospital.

Paul Downing, David Martin, Nicky Maynard and Darren Potter personally delivered Dons goodie bags including a 2017 calendar and a Donny and Mooie keyring, as well as signed photos.

Toys R Us gift vouchers were also handed out to the children, which had been paid for by the first-team squad.

Martin told mkdons.com: "Christmas is a special time of year but it's also a difficult one for people, including families who are affected by their loved ones being in hospital.

"It's one of the toughest of our community visits in the year but it's also one of the most important – hopefully we managed to put some smiles on faces."

WIN A FREE SEASON TICKET

One lucky supporter won back the price of their Season Ticket earlier this month.

Thanks to the Club's Academy Supporters' Draw scheme, Nick Bellett – as well as watching the Dons claim a memorable 1-0 win over AFC Wimbledon – also won back the price of his East Wing Season Ticket after being randomly selected in a half-time draw.

You too can win back the cash sum of your Season Ticket/Half-Season Ticket by signing up for the Academy Supporters' Draw in time for next month's draw, which will take place next month.

The Academy Supporters Draw is a scheme open to all Season Ticket holders, which raises money that can be ploughed into resources to help the identification, development and coaching of the best home-grown talents.

2017 CALENDAR

MK Dons' official 2017 calendar is now on sale – and it has a special Milton Keynes theme!

The Club has paid tribute to Milton Keynes – which celebrates its 50th birthday in 2017 – by taking first-team players across the city for photo shoots against iconic and historical backdrops.

The MK Dons official 2017 calendar is priced at £8. You can grab your copy by visiting the Club Superstore before or after today's game, while you can also shop at the centre:mk kiosk or online by visiting www.mkdons.com.

OLDHAM NEW DATE

MK Dons' home Sky Bet League One clash with Oldham Athletic has been rescheduled.

The match with the Latics, originally set for the first full weekend in January, was rescheduled due to the Dons' involvement in the Emirates FA Cup Third Round. Robbie Neilson's side will now entertain the Greater Manchester club on Tuesday 7th February 2017 – kick-off 7.45pm.

Full ticket details for this fixture will be confirmed nearer the date.

SKIPPER'S SHOUT

Dean Lewington

'We'll be looking to end 2016 on a positive note this evening.'

It's been a difficult year for the Football Club. There have been a lot of changes and we've learnt a number of things. I'm confident, though, that things are moving in the right direction under the new management. We've got the right people in charge at the moment and I'm confident they'll drive us forward in the New Year.

We obviously go into this match on the back of a frustrating defeat to Charlton Athletic on Boxing Day. We were really pleased for the first half an hour because a lot of stuff that we'd been working on in training was coming off and we were finding areas that we wanted to. We created a number of chances and had we have taken one of them it would have been a different story.

It was disappointing to lose but there was a different feeling after the defeat because, apart from the one moment for the goal, we looked solid. We limited them to just two shots all game and that's something what we've been working on. We looked quite good going forward too but once you concede it always makes it more difficult. Over the coming weeks and months we'll be looking to turn that half an hour into a full 90 minutes.

Finally, I can't go without saying a massive thank you for the support you've given us over the past 12 months. This has been one of the first real tough periods we've had as a Football Club in a good six or seven years but you've stuck with us and I can't express how much we appreciate that as a group of players.

My message heading into the New Year would be to continue the support, buy into the new

manager and what he is trying to create. Hopefully we can all enjoy a much better 2017!

Come on you Dons!

TONIGHT'S OPPONENTS

SWINDON TOWN

Town looking for more winning consistency in the second half of the season

Struggling to put any sort of a consistent winning run together so far this term, Swindon come into tonight's game on the back of a disappointing 2-0 Boxing Day loss at Millwall, a result that had an unhappy head coach Luke Williams saying afterwards: "We were too easy to score against again and players in the box were not marked and dealt with.

"It is concerning and it is not just the defenders because I think it is extremely unfair to put the blame

on those particular players, but it is allowing the ball to get into those areas too frequently, it is allowing balls to come into the box too frequently and it is switching off too frequently.

"There are too many things from the entire team.

"I don't think it's that the players aren't good enough, I think the players collectively at the moment are not quite good enough because they need more time."

Consistently fielding one of the youngest starting elevens in the division, and having to cope with a series of niggling injuries to his smallish squad throughout the campaign so far, Williams now has the benefit of having the very experienced Tim Sherwood in the Town camp.

Together they will be looking to match the lofty aims of club chairman Lee Power by firstly steering Swindon up the table in the second half of the campaign.

HEAD COACH

Luke Williams

Born in London on 1st May 1981, Luke was a schoolboy player at Norwich before joining Bristol Rovers as an apprentice, leaving the Gas without making an appearance and subsequently playing non-league football for Ashford Town.

Seriously injured at the age of 20, he spent three years out before retiring to concentrate on coaching – first with a role in West Ham's Kickz scheme, then as an FA Skills coach, where he worked on a programme designed to fight childhood obesity.

In 2008 he joined Leyton Orient's youth coaching team under Dean Smith while simultaneously managing the academy at Non-League Witham Town before a call from good friend Bobby Zamora alerted him that Gus Poyet at Brighton was seeking an innovative young development coach.

Beating off nine other candidates to become head of the Seagulls' newly-formed development squad

in 2009, he saw a string of youngsters graduate to the first-team, among them Rohan Ince and England Under-21 midfielder and former Dons loanee Jake Forster-Caskey.

Then joining Swindon in 2013, being Mark Cooper's assistant as the club reached the 2015 Play-Off final, he was retained when Cooper was replaced by Martin Ling, taking over as caretaker manager midway through last season before then being appointed manager until the end of the season, guiding Town to an eventual 16th-placed finish before then being appointed Head Coach on a five-year deal this past summer.

THE PLAYERS

Lawrence Vigouroux

GOALKEEPER

BORN: LONDON 19.11.93

Former Brentford and Tottenham youngster and Chilean Under-20 international who had a non-league loan with Hyde before leaving Spurs in 2014, joining Liverpool after a trial and then spending most of last season on loan with Swindon before rejoining Town this past summer on a three-year deal for an undisclosed fee, continuing to regularly start since then.

SWINDON TOWN

Football historian LEIGH EDWARDS profiles six big-name players not usually associated with the Town

◀ Ossia Ardiles

Former Argentina international midfielder Ossia Ardiles made two League appearances for Swindon Town in 1989-90. Together with Ricky Villa, the World Cup winner made headlines with his transfer from Huracan to Spurs in July 1978. He helped win the FA Cup in 1981 and UEFA Cup in 1984, moving to QPR in May 1988. Appointed Swindon's player-boss in July 1989, he plotted their 1989-90 Second Division play-off final success but they were denied promotion due to an illegal payments scandal. He took charge of Newcastle United in March 1991, then managed West Brom and Spurs before coaching overseas.

Glenn Hoddle

Ex-England international midfielder Glenn Hoddle was player-manager as Swindon Town reached the Premiership in 1992-93. Signing professional for Tottenham Hotspur in April 1975, he starred as they won promotion in 1977-78, then won the FA Cup in two consecutive seasons and the UEFA Cup in 1984. He moved to Monaco in July 1987 and helped win the French title in 1987-88, becoming Swindon's player-boss in August 1991. Scoring once in 64 League games for the Robins, he left to take charge of Chelsea after the 1992-93 play-off final triumph and later managed England, Southampton, Spurs and Wolves.

Terry Fenwick

Versatile defender Terry Fenwick was capped 20 times by England before joining Swindon Town. Signing professional for Crystal Palace in December 1976, he featured in their 1978-79 Second Division title triumph and followed Terry Venables to QPR in December 1980. He scored in the 1982 FA Cup final, then skippered Rangers to the Second Division title in 1982-83 and 1986 League Cup final. Reunited with Venables at Tottenham Hotspur in December 1987, he joined Swindon in September 1993 and made 28 League appearances while at the County Ground. He later managed Portsmouth and Northampton Town.

Neil Webb

Midfielder Neil Webb was capped 26 times by England before joining Swindon Town. The son of former Reading favourite Dougie Webb, he turned professional with the Royals in November 1980 and moved to Portsmouth in July 1982. He helped win the Third Division title in 1982-83, then moved to Nottingham Forest in June 1985 and scored in their 1989 League Cup final triumph. Sold to Manchester United for £1,500,000 in June 1989, he was an FA Cup winner in 1990 and rejoined Forest in November 1992. He was loaned to Swindon in October 1994, making six League appearances, then played for Grimsby Town.

Neil Ruddock

Ex-England international central defender Neil Ruddock played for Swindon Town during the 2001-02 campaign. A former Millwall apprentice, 'Razor' turned professional in March 1986, moving to Spurs a month later. He returned to Millwall in June 1988 and joined Southampton in February 1989. Appearing in the 1992 ZDS Cup final, he rejoined Spurs in July 1992 and joined Liverpool for £2,500,000 in July 1993. He starred in their 1995 League Cup final triumph, then played for West Ham and Crystal Palace before joining Swindon in August 2001. Scoring once in 15 League games, he has since worked in the media.

Paul Ince

Midfielder Paul Ince gained 53 England caps before playing for Swindon Town. Initially with West Ham, he moved to Manchester United for £1,000,000 in September 1989 and was England's first black captain. He amassed numerous honours, including the 'double' in 1993-94, joining Inter Milan for £8,000,000 in July 1995. Later with Liverpool, Middlesbrough and Wolves, he joined Swindon in August 2006 and made three League appearances while at the County Ground. He became Macclesfield Town's player-boss in January 2007 and has since managed MK Dons, Blackburn, MK Dons again, Notts County and Blackpool.

Casual and technical materials blend in the 2016-2017 MK Dons new kit

A casual inspiration characterizes the style of the new Milton Keynes Dons uniforms that succeeds in perfectly combining, in an original and exclusive mix, the technical qualities of the fabric and a vocation for casual. Realized with an innovative material woven with a particular honeycomb pattern to create small pockets of air, the new combination of yarns succeeds in providing a remarkable breathing effect and extreme lightness. A smaller amount of fabric in contact with the skin thanks to the presence of the tiny air pockets enables extraordinary regulation of body temperature and a feeling of intense comfort. The yarn is double and composed of fibres with different tones to obtain the characteristic "mélange" colour, a chiaroscuro effect obtained with double dyeing typical of casual style. With a soft, comfortable feel, the fabric follows each movement of the body with extraordinary naturalness. Other stylistic details typical of plush items, like the neck cut, the decorative, crossed stitching on the front, the raw edges and lapels transform a football jersey into a finished garment as cared for as a glamour casual product. The first kit is in the traditional white with a semi-adherent fit and contrast stitching. The away kit is all red, while the third set features an aggressive "total black".

THE INTERVIEW

“It’s been an incredible journey”

The Interview

George, you've been playing regularly of late and you've also helped the team pick up some important results at home – how are you finding things?

I'm enjoying it. Things have changed, obviously, with the new manager coming in and the staff but it's going well. We got good results against AFC Wimbledon and in the FA Cup. We didn't get the right results against Gillingham and on Boxing Day – I felt we deserved at least something in both games. On a personal note, I'm happy with the way I'm playing. I'm just enjoying playing and helping the team get three points.

There appears to have been an improvement in recent weeks, especially defensively – would you agree?

If you look at the last few games, we haven't really looked like conceding. That comes from the goalkeeper to the back four, right the way through the midfield to the forwards. As a team we're looking more and more solid. We're doing a lot of work on the training ground based around our defensive shape and I think that's showing on the pitch. We're looking a lot more solid.

“The team spirit is really good and that helps on the pitch when you've got that togetherness”

How have you found the last few weeks under the new manager, Robbie Neilson?

I'm enjoying it. There have been a few changes -

How have you found the last few weeks under the new manager, Robbie Neilson?

I'm enjoying it. There have been a few changes - training has changed in its own way and the schedule is different too. I'm enjoying it, though, and I know all the lads are too.

Despite all that has happened so far this season, the team spirit has never seemed to waver – why is that?

The team spirit is really good and that helps on the pitch when you've got that togetherness. We've got a really good group of lads – a good mix of young and old and I think that helps.

This is obviously your second spell here at MK Dons – what is it like being back at Stadium MK?

It's good. When I first joined, like when you join any new team, it takes a little while to settle in but I really feel settled now – it feels like I never left. Playing a few games has helped me feel even more part of the team. It's really good to be back.

Your first spell here was as a youngster progressing through the Academy ranks. Unfortunately that

journey didn't end in a professional deal and you were released at the age of 18 – how do you look back on that now, given all that's gone on since?

It's probably the best thing to happen to me. I've seen so many things. I've been to University and got a degree. I had the opportunity to go to the University Championships in Russia with Great Britain Universities. It's been an incredible journey.

Talk us through the story of being released as a scholar to working your way up through the leagues and being back in the first team at Stadium MK – it's a remarkable one...

It's a different route into the professional game. As soon as I left here my mind was made up to go to Uni. I went to Loughborough University where I studied sports science with management. I had a really good time there and I also got back to enjoying my football. From there I knew that I wanted to get back into the game and being at Loughborough gave me a good platform to build off. I got picked up by Worcester City and played in the Conference North for a season and a half with them. That was another good platform for me as we had a good FA Cup run which put us in the

spotlight a little bit. From there, Barnsley picked me up. At Barnsley I had a bit of an up-and-down season. I went from not playing whatsoever and being on loan at Barrow thinking that my future lied elsewhere, to getting a place in the Barnsley team due to a couple of injuries. I managed to secure a first-team place and we had a very successful season. We won the (EFL Trophy) and we got promoted via the play-offs. It was an incredible season for me, from being with Barrow to having two trips to Wembley.

Your route into the professional game is a unique one – do you feel it's a path more young lads could take if they find themselves in a similar situation at 18?

Definitely. There are not enough lads taking that route. I feel it's a route that should be pushed by the PFA (Professional Footballers Association) because it ensures that players get the right education behind them so that if they don't get a professional contract or fall out of the game, they can do something else. There are other players that I know have done a similar route to me. It's definitely something young lads should look at doing. *Continued...*

The **Interview** continued

You mentioned that rollercoaster season with Barnsley – how do you look back on it now?

First game of that season, I came off the bench for five minutes. I was out of the team after that, not even on the bench. I was told I could leave so I managed to get a loan move to Barrow, who I'd played against when I was in the Conference North. It gave me an opportunity to get some games under my belt - I played about 15-odd games there. When I came back to Barnsley I didn't think I'd play, it was just because my loan was up. Then a couple of injuries cropped up and I got thrown in the team. Next thing I know I'm at Wembley twice. It's a good story, I suppose!

Your contract expired with Barnsley that summer – what was that process like, going through offers as a free agent?

Because we got to the play-off final, the season ended at the end of May. I went straight on holiday with a friend and got to celebrate a little bit. It then dawned on me that I was unemployed and I needed another job. That summer, having that season behind me, gave me an opportunity to look at a couple of offers which came in. As soon as I heard of the interest here, my mind was made up.

“I'm just enjoying playing and helping the team get three points”

Did you always want to be a footballer? If so, where did the love of football come from?

I always enjoyed football. When I was younger I played in the local Sunday League in Milton Keynes. I used to support Manchester United but everyone did at that point! My brother and my Dad have a season ticket at Arsenal so I used to go and watch them. From about nine until I was 11, I had trials at places but I didn't really like it. I just enjoyed playing with my mates on a Sunday. I loved playing football but I didn't enjoy the pressure of being with an Academy. During school, I played a lot of rugby and I'd say I preferred that more. When I got to 16 I had to choose what I wanted to do and I was probably better at football so went with that.

Back to this evening's game – how eager are the team to get back to winning ways at Stadium MK after appearing to turn the corner earlier this month?

Not winning at home was a little bit of a monkey on the back. We couldn't have picked a better game to get the first win - against AFC Wimbledon - which was a huge game for the fans and us. It was good to get that first win and we were able to carry that on against Charlton in the FA Cup. It's a shame we couldn't get a win on Boxing Day. We really need to make Stadium MK a fortress and I think we're showing signs towards that. I played here for Barnsley and I remember it being a real tough place to come. Hopefully we're striving towards making it like that again.

THE EX FILES

This evening's review of past MK Dons features two midfielders who both went on to wear the colours of tonight's visitors

JON-PAUL MCGOVERN

Winger who joined the Dons in the summer of 2006 from Sheffield Wednesday after having previously been with Celtic as a trainee, then Sheffield United and Livingston.

Netting three goals in 42 League starts and five substitute appearances, he mainly featured on the right side of midfield before being transferred to Swindon in August 2007, returning to MK1 to score a spectacular goal in Town's 4-1 Carling Cup win over the Dons in August 2009 and all told netting eight goals from 133 League starts and 19 substitute appearances for the County Ground outfit before being released in 2011 and signing a two-year deal with Carlisle.

Then regularly starting in two seasons at Brunton Park, he left at the end of his deal and then had spells with non-league Celtic Nation, Derry City, Ayr United and Stirling Albion before linking up with Clyde in September 2015, regularly starting last term until picking up an injury late on in the campaign that has sidelined him since.

RYAN HARLEY

Midfielder who started out with Bristol City in August 2004, making three senior appearances for the Robins, one of them against the Dons in a Football League Trophy tie, before a spell with Weston-super-Mare led to him linking up with Exeter City in January 2008.

Helping the Grecians back into the League later that year, he then joined Swansea in early 2011, but never featured at first-team level for the Swans before moving on to Brighton later that year.

Then struggling to make an impact with the Seagulls, he played eight League games for the Dons on loan in early 2013, scoring in a memorable 4-2 FA Cup win at QPR, before then joining Swindon that summer, netting one goal from 16 League starts and five substitute appearances for Town before returning to St James Park in January 2015 after a previous loan, regularly starting from then until missing a couple of recent months with a hip injury.

THE ACADEMY REVIEW: Mike Dove

How would you sum up 2016 from an Academy perspective?

The Barcelona game sticks out for me. It was a tremendous experience for the players to face their Under-15s side. The crowd turned out too and the players earned a terrific result. What we're here for, though, is progressing players and we've had Callum Brittain, Connor Furlong, Oran Jackson and Brandon Thomas-Asante all turning pro. A lot of them boys have also played in the EFL Trophy and the EFL Cup. We've had a few debuts and goals because of that. We've also established an Under-21s group who have played six games. Then, while we've lost a couple of staff to Premier League clubs over the year, we've given staff within the chance to progress. The schoolboy programme is positive too. I'm excited moving forward.

You mentioned the Under-21s group – talk about the importance of having a side aimed to help bridge the gap between youth and first-team football?

We've really discovered the importance of the 18-21s group. I think with George Baldock really coming to the fore at 23, it made people realise how important that Under-21s group can be. Speaking to the players, they say they've enjoyed the work and the extra games. We now need to make decisions on our development group moving forward into the second half of the season and whether the players are going to go out on loan. We're not planning on games at the moment – the hope is we move most of the boys out on loan and give them first-team match experience.

Looking ahead, what do you hope to achieve as an Academy in 2017?

In all honesty, we're very desperate to get back into the higher category of the EPPP and that's our task in 2017. We can't wait until we get a new training ground for that to happen. We're looking at everything we do, including the games programme, to then work out what steps we need to take to get to at least Category 2. I feel we need that variety in the games programme and I'm not sure we've been getting that – we need to get back into that games programme. I watched our Under-16s play Arsenal last weekend and they drew 2-2. I really enjoyed watching that game. They presented a much different challenge to what we face in Category 3 – no disrespect to the teams we face but the technical ability, the tactical awareness and their athleticism was different. We've got some great young kids coming through but we've got to give them the right programmes to help them progress. We're an ambitious, progressive club and I'm keen that we work hard to get up to the next category at least.

In the New Year you'll have to make decisions on the current second-year apprentices – is that a process that you've started?

There is still plenty of time for them to impress, especially with a new first-team manager. We're really asking the boys to think about their options, in case they aren't to be given a professional deal. If they are to get a professional deal, they need to think about how they want to progress and what they need to work on. That's for the second-year apprentices but it's also a time for the first-year apprentices to start thinking as it's only a year away from them and that will go quickly.

clubRed

clubRed provides a warm environment to gather before kick-off, at half-time and at the final whistle to discuss all MK Dons matters over a drink or light snack.

Included in the cost of your Half-Season Ticket is seats on the halfway line behind the dugouts, a complimentary teamsheet at every match, plus a tea or coffee at half-time. You'll also be treated to exclusive interviews with first-team players before the match and witness the Man-of-the-Match presentation!

clubGold and clubPlatinum

Set in a modern and stylish pitch-facing lounge, clubGold is a setting that provides an exclusive area with seats on the Directors' Balcony. With a pay-as-you-go food option available, it's a flexible package that suits individuals and small groups.

clubPlatinum is situated in the luxurious pitchside restaurant with seats adjacent to the Directors' Balcony. Enjoy a three-course meal at every match, plus the perks of half-time tea / coffee and biscuits, a car parking space (one per four memberships) and a complimentary teamsheet and matchday programme.

FAMILY CONNECTION

My connection with MK Dons goes back to 1912 when Thomas' great granddad - Thomas Baker Senior saw Wimbledon play at Plough Lane. His son, Thomas Junior, my dad, saw them play in 1931 and on 17th October 1959, he took me to see Wimbledon play Tooting & Mitcham at Plough Lane when I was six.

I went on to become the Founding Chairman of the MK Dons Supporters Association in October 2003 and assisted in the Club's relocation to Milton Keynes before acting as matchday mascot host for seven seasons until 2010 11.

Thomas, as my grandson, completes the circle by being a mascot today we hope he carries on the tradition supporting MK Dons.

YOUNG DONS REPORTER

Thomas Glenn, 13

Hello and welcome to Stadium MK for this evening's match against Swindon Town. Today is our final match of 2016 so it would be great to end the year with a win, before venturing into 2017.

We last played Swindon in April 2015 and it was a big game because both teams were battling for promotion. Thankfully, we won 3-0 and obviously went on to gain automatic promotion! We are unbeaten against Swindon since 2012 - hopefully we can keep the fine run going!

As it is very nearly the end of the year, I have decided to look back at the best games and key moments of 2016. One of the earliest important games we had in 2016 was our Emirates FA Cup match against Chelsea in January. Despite not winning the game, it was really good to see the stadium full and watch us battle against one of the best teams in Europe.

Another memorable game this year was the match against QPR in the Sky Bet Championship back in March. A great game which resulted in a 2-0 win for the Dons! It's a particularly significant game because it was when we saw our Goal of Season - a fine strike after a skilful dribble by our left-back and Club captain Dean Lewington. Another good game in the first half of the year was a thrilling 1-1 draw with promotion favourites

Middlesbrough. Despite conceding a late goal, we looked like a really strong side against a team who are currently doing well in the Premier League.

During the summer, we managed to sign Kieran Agard, our record signing! It's a key point in 2016 because it is always exciting for fans to see a new player being brought into the Club, especially when he comes with a record price tag! More recently, we had a huge game against AFC Wimbledon, which I'm sure is most fans' best point of 2016 - a game we won 1-0. It was in that week where we also found out Brighton & Hove Albion would be our Emirates FA Cup Third Round opponents after a victory over Charlton Athletic in extra-time.

Back to today, let's hope we can get another 3 points at Stadium MK. Enjoy the game and come on you Dons!

Joe Walsh is confident MK Dons can bounce back from their Boxing Day defeat when they take on Swindon Town this evening.

Walsh & Co face the Robins in their final fixture of 2016, where they'll be looking to return to winning ways at Stadium MK following their 1-0 loss to Charlton Athletic.

"Especially after a loss, it's good to have a game so soon so we can bounce back straight away," Walsh told MK Dons PlayerHD.

"We've looked better at home since we got the first win and hopefully we can get another victory against Swindon.

"The work ethic since the new manager has come in has been different level. It started in training and now it's coming off in the games so I'm sure on Friday we're going to come out all guns blazing and going for the win."

The Boxing Day loss to the Addicks was a frustrating one for the Dons, who dominated the clash and had chances to open the scoring before Ademola Lookman's 38th-minute winning finish.

Walsh said: "It was disappointing. We started well, especially in the first half an hour, and we had a few chances where we should have probably scored. They then scored but I think they only had two shots all game.

"It was one of those games where we needed to score first. As soon as they scored they put everyone behind the ball which was frustrating for us."

He added: "We've just got to forget about this game and move on. We've just got to crack on and do better on Friday."

Monday's match was a first game back for Walsh, who had missed the previous two outings with an ankle injury – the Welsh defender says he's feeling good.

"I trained for the two days leading up to the game and I felt good. I feel alright, I just need to get my sharpness back now."

MK DONS Ladies

Laura O'Leary

MK LADIES Review

After a successful 2016, James Honeyman reflected on a year for the MK Dons Ladies that has left them in prime position to compete for promotion from the league and perhaps even add another trophy to their cabinet.

Honeyman said: "We've won a big chunk of our games. I'm looking forward to the FA Cup game, I'm hoping to retain the County Cup and I really think we can push for promotion – our last game against Stevenage puts us two points off top and into a situation where we're in a dogfight to go up."

The Dons ended their 2016 with a 2-0 win against Stevenage at Willen Road, a win that not only helped them in the league but kept the side's recent unbeaten run intact.

In the last seven games of the year the Dons went unbeaten and, more impressively, managed to win six of them.

Honeyman's side saw off Lowestoft Town, Ipswich Town and Denham United with brilliant performances during this period – the only game they failed to win in this dominant run was away to Actonians, who they achieved a well-earned 1-1 draw against.

This spell of seven games also saw the Dons go further than ever before in the SSE Women's FA Cup, defeating Hemel Hempstead to qualify for the second round of the tournament.

The Dons' first game of 2017 is their second round tie away to Coventry United on 8th January, where they hope to go even further in the contest.

Their recent unbeaten run still applies even if you exclude cup games out of the team's fixture list, having gone seven games unbeaten in the league as well.

The Dons last tasted league defeat in September to local rivals Luton Town at Kenilworth Road, before getting revenge and beating them an impressive 5-1 only a week later.

Honeyman sees the loss to Luton Town as the turning point in the side's fortunes in 2016, as well as the 5-1 thrashing being the side's highlight of the year.

He said: "I think beating Luton 5-1 at Willen Road was a highlight, we knew we let ourselves down the week before.

"The 5-1 game at Willen Road was a big moment for us – it allowed us to bury some demons and we were really impressive then."

The 5-1 win was not the only massive victory for the Dons in 2016, as the team found their goal scoring form this year. In the 18 games, across cup and league, the Dons have scored 64 goals while only conceding 24.

Heather McDonnell ended 2016 as the leading scorer having bagged 14 goals in 16 games, with last season's top goal scorer Leah Cudone just behind her with 12 goals in 17 games.

'I've undergone some physical and aesthetic changes'

Well here we are at the end of another year. I'm not sure too many are going to look back on 2016 very fondly, but now isn't the time to dwell, but in fact look forward. And you know what that means - New Year's Resolutions!

I'm not normally one to make life-altering changes for the sake of opening a new calendar with a new number on the end of it, but last year, I actually tried it. I was challenged to keep a diary, penning my thoughts, witticisms and sideways look at the world. It went well, initially, then I realised all I was doing was writing about how miserable I was with... pretty much the entire world to be frank. And because the thought of writing about my own miserable time wasn't much of a draw, I jacked it in in February. After that, I just caught up on some serious Xbox.

There are little things I could change as we head into the New Year though, and I think they'd improve a lot of elements of my life.

I'm going to try to be more positive in my outlook, especially after one guy came over to me a few weeks ago and called me the 'Harbinger of Doom.' Well, he didn't so much come to me as he mentioned it to someone else while knowing I was in earshot then scuttled off when I asked for examples. So happy New Year to you, chap, hope it's a wonderful one for you. I might also tone down the sarcasm in 2017, who knows.

I've undergone some physical and aesthetic changes in the last two years, but with it has brought about becoming the butt of the jokes in my friendship circle. The usual butt of the jokes has melted out - guys you know what's coming... he got a girlfriend and fell off the face of the planet. So the responsibility of being the one everyone mocks has fallen to me. Yes, I have sausage fingers, yes I'm balding at 31, yes I spend too much time in the gym but still have scrawny legs, yes I sold the car I pine after - but rather than fix those problems, I'm just going

to embrace them. Have you ever done a leg day in the gym?! Why on earth would I want to increase that just so my mates don't mock my pathetically small ankles?! No, I'm happy to look like a sparrow, thanks.

I'm already looking forward to what 2017 has to offer. There's a lot to be excited about, a lot of things look set to change and some things we can rely on are looking like they're set to stay - David Moyes, social media and iPhones being criminally over-rated, for example.

And who knows, my diary next year may even make it to March before I get a new Xbox game.
